

Extra Rubber Flooring Tile For Sale

New Mega-Lock Flooring!

MEGA-LOCK is a solid black interlocking, heavy-duty mat that is great for fitness rooms, basements, or other hard floor surfaces. The Village ordered the rubber tiles for the skating rink warming house, but did not use all of the tiles.

Tile Dimensions: 2.5' x 2.5' (6.25 sq. ft each)

Tile Weights: 1/2" = 18.75 lbs. each

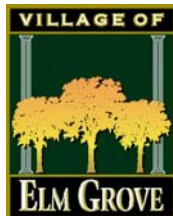

The gross square footage needed may be slightly more than your dimensions because of the interlocking edges

\$19 per tile plus tax

Preference will be given to those wishing to purchase all of the tiles and the best offer over \$19 per tile will be accepted.

There are 62 tiles (387.5 sq. ft.) available. The tiles may be purchased individually or in bulk during this one-time only sale.

**Note: There is a sample piece of the rubber matting at the front desk of the Village Hall.*

If you have questions or would like to purchase matting, please contact Amy Mitchell, Recreation Director at (262) 782-6700 or amitchell@elmgrovewi.org.
