11. Matters for Possible Closed Session

Upon conclusion of the closed session, a motion will be made to reconvene in open session, pursuant to Wis. Stats 19.85(2) for possible discussion and /or action on matters discussed in closed session and to consider the balance of the agenda.

A. Motion to convene in Closed Session pursuant to the following provisions:

- 1. Wis. Stats. 19.85(1)(e) to deliberate or negotiate the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session, more specifically to discuss:**

- a. 2026-2028 Contract Agreement between the Village of Elm Grove and the Elm Grove Professional Police Association.**

- b. Legal Representation Proposals**

2. Wis. Stats 19.85(1)(c) to consider employment, promotion, compensation, or performance evaluation data of any public employee over which the governmental body has jurisdiction or exercises responsibility, more specifically to discuss:

a. Represented and Non-Represented Wage Increases

b. Annual Performance Review of the Police Chief

B. Motion to reconvene into Open Session

C. Discussion and possible action regarding items discussed in Closed Session

1. 2026-2028 Contract Agreement between the Village of Elm Grove and the Elm Grove Professional Police Association.

2. Legal Representation Proposals

3. Represented and Non-Represented Wage Increases

4. Annual Performance Review of the Police Chief

12. Other Business

No discussion or action on items not on the agenda.

13. Adjourn

Any person who has a qualifying disability as defined by the Americans with Disabilities Act who requires that the meeting or materials for the meeting has to be in an accessible location or format must contact the Village Clerk at 262-782-6700 or 13600 Juneau Boulevard by 3:00 PM Friday prior to the meeting so that any necessary arrangements can be made to accommodate your request.

NOTICE: It is possible that members of, and possibly a quorum of, other governmental bodies of the Village may be in attendance at the above stated meeting to gather information. No action will be taken by any governmental body at the above stated meeting other than the governmental body specifically referred to in the above notice.

**BOARD OF TRUSTEES DRAFT MINUTES
December 16, 2025 * 7:00 PM * Court Room**

13600 Juneau Boulevard, Elm Grove, WI 53122

12/16/2025 - Minutes

1. Roll Call

President Koleski called the meeting to order at 7.02PM

Present: President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

Also Present: Village Manager Harrigan, Asst Village Manager Sowl, Village Clerk Turner, IT Manager Hans, and Attorney de la Mora

2. Announcement of Closed Session

- A. Pursuant to Wis Stats. 19.85(1)(e) to deliberate or negotiate the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session, more specifically, to discuss the Request For Proposal (RFP) for Legal Services submissions and an update on the Fire Truck purchase.**

- B. Pursuant to Wis. Stats. 19.85(1)(g) to confer with legal counsel for the governmental body who is rendering oral or written advice concerning strategy to be adopted by the body with respect to litigation(s) in which it is or is likely to become involved, more specifically, to discuss Wilber vs. Village of Elm Grove,, Soo Line vs. Village of Elm Grove litigation, and to discuss the legal process and considerations in the enforceability of the Third Amendment to the Caroline Heights Developers Agreement.**

- C. Pursuant to Wis. Stats. 19.85(1)(e) to consider employment, promotion, compensation, or performance evaluation data of any public employee over which the governmental body has jurisdiction or exercises responsibility, more specifically regarding the performance review and compensation of the Village Manager.**

3. Pledge of Allegiance

4. Public Hearing

5. Public comments on any subject without any action, except possible referral to a governmental body or staff member

6. Approval of Agenda

Motion by Trustee Stuckert, seconded by Trustee Hillmann, to approve the agenda as presented.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

7. Approval of Minutes

A. Review and act on the November 25, 2025 Board of Trustee Draft Minutes.

Motion by Trustee Sayas, seconded by Trustee Castile, to approve the November 25, 2025 Board of Trustee minutes as amended.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

B. Review and act on the December 8, 2025, Board of Trustee Special Meeting Draft Minutes.

Motion by Trustee Schindler, seconded by Trustee Hillmann, to approve the December 8, 2025 Board of Trustee Special Meeting minutes as presented.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

8. Report of the Village President - James Koleski

A. Review and act on the Proclamation in Celebration of Arbor Day on April 25th, 2026.

Motion by Trustee Sayas, seconded by Trustee Castile, to adopt the Proclamation in Celebration of Arbor Day on April 25th, 2026.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

B. Discussion on Village financial update including borrowing.

President Koleski reviewed the summary of the 2026 expected debt issuance that will go forward in mid quarter two of 2026. The refinancing is not new debt but part of the bond offering. The net new debt will be in the region of \$13.8m that will go on the books in 2026.

Trustee Schindler noted the debt issuance is all for capital projects not general operations.

9. Report of Village Officers

A. Report of Fire Chief - Brian Naylor

1. Fire Chief's Report.

Trustee Schindler asked for clarification on the report of good intent of smoke. Chief Naylor stated the intention was good when a neighbor thought they could smell smoke.

President Koleski asked for an update on the structure fire on Pilgrim. Chief Naylor stated the police department put out a press release but do not have an official cause of fire.

B. Report of Police Chief - Jason Hennen

1. Review and act on Resolution 20251216A, Tribute to Detective Craig A. Mayer.

Motion by Trustee Sayas, seconded by Trustee Schindler, to adopt Resolution 20251216A, Tribute to Detective Craig A. Mayer.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

2. Chief of Police Reports

President Koleski stated the Police and Fire Commission are intervening for a detective position and asked for clarification on the spike in "open door window businesses" noted on the Police Chiefs report.

C. Report of EMS Director - Curt Waddell

1. EMS Reports

D. Report of Village Clerk - Crystal Turner**1. Review and act on the 2026-2027 Poll Worker and Special Voting Deputy Appointments.**

Motion by Trustee Hillmann, seconded by Trustee Sayas, to approve the 2026-2027 Poll Worker and Special Voting Deputy Appointments as presented.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

2. 2026 Board of Trustee Meeting Dates.

President Koleski asked how the zoom process is going for recording the meeting.

IT Manager Hans stated the village previously paid \$5800 for live streaming via Civic Plus and now found a cost savings to live stream through YouTube. The log into zoom will remain the same.

Trustee Schindler asked do recordings go to the YouTube page.

President Koleski stated there are several meetings the Board has requested the recordings to be retained for perpetuity.

Village Manager Harrigan stated staff will be working on reviewing the village requests, policies and retention schedule as the process is updated.

President Koleski asked if there will still be access on the website for viewing past recorded meetings. Village Manager Harrigan confirmed this will still be available.

E. Report of Village Manager - Thomas Harrigan**1. Review and act on rescinding the Proclamation for the August 9-10, 2025, Historic Flooding Event and Emergency.**

Motion by Trustee Stuckert, seconded by Trustee Sayas, to rescind the Proclamation for the August 9-10, 2025 Historic Flooding Event and Emergency.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

2. Review and act on the Waukesha County Department of Emergency Preparedness Joint Powers Agreement.

Motion by Trustee Hillmann, seconded by Trustee Schindler, to approve the Waukesha County Department of Emergency Preparedness Joint Powers Agreement.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

3. Review and act on the amendment to section 13.2 of the Village of Elm Grove Employee Personnel Policy Manual.

Village Manager Harrigan summarized the actions taken during the 2026 budget meetings to introduce the update to the employee personnel manual.

Motion by Trustee Olson, seconded by Trustee Hillmann, to approve the amendments to section 13.2 of the Village of Elm Grove Personnel Manual.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

F. Report of Village Attorney - Hector de la Mora

10. Report of Standing Committees

A. Plan Commission - President Koleski

1. 2025-12-01 Plan Commission DRAFT Minutes

President Koleski updated the board regarding the December 1, 2025, Plan Commission meeting. Reviewed plan of operation for two businesses at 890 Elm Grove.

The Plan Commission completed a detailed review of the integrated downtown master plan proposals. Received five submissions that met the requirements. Bringing back three for final interviews. Interviews will be Monday January 5th at 5pm Inviting Trustees to participate.

The storm water management plan was substantially completed, occupancy was granted, and payment will be made to Caroline Heights on January 6th 2026.

B. Library Board - Trustee Castile

1. 2025-11-17 Library Board DRAFT Minutes

Trustee Castile updated the Board that the Library Director, Sarah Muench's retirement will be Friday evening. The Library is starting a search to fill the children's program position.

2. Review and act on Resolution 20251216B, Honoring the Retirement of Library Director, Sarah Muench.

Motion by Trustee Stuckert, seconded by Trustee Sayas, to adopt the Resolution 20251216B, Honoring the Retirement of Library Director, Sarah Muench.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

C. Public Works - Trustee Schindler

1. 2025-12-08 Public Works Committee DRAFT Minutes

Trustee Schindler recapped the following:

The PWUC met on December 8. The committee was given an update on the rebidding of the contract for construction of the redesigned Underwood Creek Daylighting project. We are still on track to release the bid on January 6, with the return of bids and opening on January 27th.

The committee reviewed the materials for the December 10 Public Information Meeting on the Highland Drive pathway construction and found them well done and ready. The meeting has since occurred, was well attended, and included productive discussions among residents, Village staff, and KL's engineering team.

The committee then held a lengthy discussion on the Highland Drive pedestrian pathway, including matching the path grade to existing concrete driveways and abutting the path to driveway edges to reduce costs and preserve homeowners' driveways. The prospect of allowing native plantings in the right of way for environmental and stormwater benefits was also discussed. Both ideas require further study and will be revisited.

2. Review and possible action on Master Services Agreement with Ruekert-Mielke for professional engineering services.

Trustee Schindler recapped the following:

Next, since the committee had earlier determined that the Village was operating without a contract with Ruekert and Mielke for services that fall under the title of Village Engineer, a Master Services Agreement was drafted to clarify expectations and reimbursable rates for services. The initial draft was brought forward at our November meeting, and after thorough discussion the committee requested staff rework the document and incorporate comments and concerns raised by committee members. The final draft was brought back to our December meeting after being reviewed and approved by both Village staff and our Village Attorney. After discussion the committee voted unanimously to recommend to the Board of Trustees approval of the agreement. The agreement is in your packets. At this time, I'll open the floor for discussion and possible action on the Master Services Agreement between the Village of Elm Grove and Ruekert and Mielke for Professional Engineering Services.

President Koleski asked Andy Peterson to report on how invoices that fell through the cracks are to be addressed and the mediation process.

Petersen stated 406B was added to handle invoices that have been misplaced. Ruekert Mielke felt there was not a need to add further details on the mediation process.

Attorney de la Mora opined not having mediation and arbitration provisions do not stop the village from resorting to this process to resolve disputes. Does not feel it is essential but the board may desire to incorporate.

President Koleski asked is mediation a universally understood term. **Attorney de la Mora** confirmed in his realm it is.

Motion by Trustee Sayas, seconded by Trustee Olson, to approve the Master Services Agreement with Ruekert-Mielke for professional engineering services.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

3. Review and possible action on Task Order #1 with Ruekert-Mielke for professional engineering services.

Trustee Schindler recapped the following:

The committee then took up Task order No. 2025-01 identifying Mr. Andy Peterson as the Village engineer. Also in your packets are documents showing the suggested form of task orders, and the current hourly rates and reimbursable expenses schedules. The committee voted unanimously to approve the task order. At this time, I'll open the floor to discussion and possible action on task order #2025-01.

Motion by Trustee Stuckert, seconded by Trustee Hillmann, to approve the Task Order #1 with Ruekert-Mielke for professional engineering services.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

Lastly, two Ruekert and Mielke engineers, Richard Paul Jr., and I met with residents during a site visit on December 9th at the Verdant Drive neighborhood regarding complaints of stormwater flooding. R&M will research potential solutions and report back in the near future.

D. Public Safety - Trustee Sayas

E. Legislative - Trustee Stuckert

F. Park and Recreation - Trustee Hillmann

Trustee Hillmann said the Recreation Committee attempted to meet but did not have a quorum. Committee members that did attend had the opportunity to meet the new Recreation Manager.

Trustee Sayas stated she is currently working with Town Bank to look at potentially sponsoring Oktoberfest and 4th of July.

President Koleski stated the Finance and Licensing Committee had a discussion on reviewing the 2025 Recreation budget performance. Suggested to invite Finance Director Lahey to the next Recreation meeting to set up 2026 and Recreation Manager Naughton for success in 2026.

G. Administrative and Personnel - Trustee Stuckert

1. 2025-12-04 Admin and Personnel Committee DRAFT Minutes

Trustee Stuckert stated the Admin and Personnel Committee met on December 4th. No action was taken from the closed session.

H. Finance and Licensing - President Koleski

1. 2025-11-25 Finance and Licensing Committee DRAFT Minutes

President Koleski reviewed financial projections through end of the year in the meeting held before the Board of Trustees. Went line item by line item to review each end of year budget.

EMS accounts receivable increased by \$7500. Committee has been monitoring this and do not want to lose the momentum in relationship to the collections.

Reviewed project summary. On January 12th, the Public Works Committee will close out the pathway costs for 2025.

2. 2025 Project Summary and November 2025 Financial Report.

11. Approval of Vouchers

A. Review and act on December 2025 Vouchers.

Motion by Trustee Castile, seconded by Trustee Sayas, to approve the December 2025 Vouchers as presented.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

President Koleski noted the Finance and Licensing Committee discussed Series A borrowing. Asked for further clarity of some line items on the property tax insert relating to the capital projects and administration. Review that the roads and pathways break out number is correct.

Trustee Sayas asked what put recreation at \$40,000 over? President Koleski stated the pool wages came in higher.

Trustee Castile said Finance Director Lahey mentioned changes in revenue impacted the budget.

Village Manager Harrigan stated the annual payment from the beer garden has just been received.

Board discussed how to incorporate a review of recreation expenditures and revenue during Rec meetings.

12. Matters for Possible Closed Session

A. Motion to convene in Closed Session pursuant to the following provisions:

1. **Wis. Stats. 19.85(1)(e) to deliberate or negotiate the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session, more specifically to discuss:**
 - a. **Request For Proposal (RFP) for Legal Services submissions.**
 - b. **Update on the purchase of the 2014 Pierce Fire Engine from the Village of Butler.**
2. **Wis. Stats. 19.85(1)(g) to confer with legal counsel for the governmental body who is rendering oral or written advice concerning strategy to be adopted by the body with respect to litigation(s) in which it is or is likely to become involved, more specifically to discuss:**
 - a. **Wilber vs. Village of Elm Grove**
 - b. **Soo Line vs. Village of Elm Grove**
 - c. **The Third Amendment to Caroline Heights Developers Agreement, more specifically, to discuss the legal process and considerations in the enforceability of the Third Amendment to the Caroline Heights Developers Agreement.**
3. **Wis. Stats 19.85(1)(c) to consider employment, promotion, compensation, or performance evaluation data of any public employee over which the governmental body has jurisdiction or exercises responsibility, more specifically to discuss:**
 - a. **Performance review and compensation of the Village Manager.**

Motion by Trustee Hillmann, seconded by Trustee Olson, to go into closed session to discuss the following:

1. **Request For Proposal (RFP) for Legal Services submissions.**
2. **Update on the purchase of the 2014 Pierce Fire Engine from the Village of Butler.**
3. **Wilber vs. Village of Elm Grove**
4. **Soo Line vs. Village of Elm Grove**
5. **The Third Amendment to Caroline Heights Developers Agreement, more specifically, to discuss the legal process and considerations in the enforceability of the Third Amendment to the Caroline Heights Developers Agreement.**
6. **Performance review and compensation of the Village Manager.**

Roll call vote:

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

Nay: 0

B. Motion to reconvene into Open Session

Motion by Trustee Olson, seconded by Trustee Schindler, to reconvene into open session.

Roll call vote:

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

Nay: 0

C. Discussion and possible action regarding items discussed in Closed Session**1. Discussion and possible action regarding the Request For Proposals for Legal Services.**

No action taken.

2. Discussion and possible action on the update to the purchase of the 2014 Pierce Fire Engine from the Village of Butler.

No action taken.

3. Discussion and possible action on the pending litigation of Wilber vs. Village of Elm Grove

Motion by Trustee Hillmann, seconded by Trustee Castile, to authorize legal action as recommended by legal counsel in state circuit court.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

4. Discussion and possible action on the pending litigation of Soo Line vs. Village of Elm Grove

No action taken.

5. Discussion and possible action on The Third Amendment to Caroline Heights Developers Agreement, more specifically, the legal process and considerations in the enforceability of the Third Amendment to the Caroline Heights Developers Agreement.

No action taken.

6. Discussion and possible action on the performance review and compensation of the Village Manager

Motion by Trustee Stuckert, seconded by Trustee Olson to approve annual bonuses for certain village employees as presented in closed session to the total amount of \$23,850.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

Motion by Trustee Stuckert, seconded by Trustee Hillmann, to approve the Village Manager's wage increase to \$148,500 effective as of January 1st 2025.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

13. Other Business

14. Adjourn

Motion by Trustee Olson, seconded by Trustee Hillmann, to adjourn at 10.26PM.

Aye: (7) President Koleski, Trustee Olson, Trustee Schindler, Trustee Stuckert, Trustee Sayas, Trustee Castile, and Trustee Hillmann

Minutes respectfully submitted by: Crystal Turner, Village Clerk

Minutes approved on:

**COMMITTEE OF THE WHOLE DRAFT MINUTES
January 21, 2026 * Park View**

Immediately following the Admin & Personnel Committee (approx. 3:30pm)

13600 Juneau Boulevard, Elm Grove, WI 53122

1. Roll Call

President Koleski called the meeting to order at 3.40 PM

Present: President Koleski (zoom), Trustee Stuckert (zoom), Trustee Schindler (zoom), Trustee Hillmann (zoom), Trustee Castile, Trustee Olson (zoom)

Excused: Trustee Sayas

Also Present: Village Manager Harrigan, Asst. Village Manager Sowl, Village Clerk Turner, Finance Director Lahey, Attorney de la Mora, and Attorney Kolberg

2. Approval of Agenda

Motion by Trustee Castile, seconded by Trustee Hillmann, to approve the agenda as presented.

Aye (5): President Koleski, Trustee Schindler, Trustee Hillmann, Trustee Castile, and Trustee Olson

3. Review and discussion of the Water Main Extension Policy.

Village Manager Harrigan recapped the Water Main Extension Policy item that was first taken up in June 2025. The Committee is to continue the discussion and give direction to staff. Asst Village Manager Sowl drafted the policy with some voids that need additional clarification. Goal of today's Committee of the Whole is:

1. Review draft policy
2. Update on staff discussions with Wauwatosa water
3. Discuss special assessments for connection to the water system.

Introduced Mount Pleasant as a similar community with water supplied by Racine. Once finalized, it is recommended that the policy go to Public Works Committee for review.

Village Manager Harrigan recapped the minutes from December 16, 2025 Wauwatosa water utility meeting. TID #3 is paying for the expansion of the water main engineering design for phase 2 from Caroline Heights to the tracks. The development agreement for Caroline Heights contemplates that the village will not expend any more than \$1,000,000 for the expansion of this water main. Need to study what it will take in order for the water main to be directionally bored underneath the rail tracks. Some preliminary information was provided to the water utility so that they could run a feasibility analysis. The

conclusion was, at this time, it wouldn't be appropriate to design the extension underneath the tracks because of existing spatial limitations on the west side of the tracks, meaning permanent easements would need to be acquired. There are some restrictions related to the bore pit dimensions that would need to be set up on both sides of the track. Plan to incorporate the limitations into the phase 2 engineering plan for future expansion.

Existing water service agreement with Wauwatosa only contemplates service up to Caroline Heights and needs to be amended to the new service area. The Public Service Commission will need to review and approve this expansion.

The village did state to Wauwatosa the desire to expand water throughout the village. A service level feasibility analysis study will need to be completed by Wauwatosa to understand water pressure throughout and their financial obligations.

Phase 2 was able to be completed as the feasibility study was completed when Caroline Heights was developed.

The current water expansion draft policy states 70% of the residents within a specific service area would just have to petition the village in order to initiate the feasibility study take place in order to begin the process of expanding the water main.

President Koleski stated the need to understand what project costs are passed to residents that want the water as special assessments.

Trustee Schindler clarified was the design phase 2 recommending completion up to or underneath the railroad tracks. **Village Manager Harrigan** stated TIF #3 project plan identifies that the water will be expended underneath the tracks, but the Village is limited by the amount of funding that the TIF will be able to allocate towards the expansion.

The Committee discussed the technicalities and potential restrictions of boring under the railway tracks and if the whole downtown can be completed in the same phase. Consensus was that the engineering design will need to address issues and determine cost.

Trustee Castile asked what is the rough cost. **Village Manager Harrigan** expected this to exceed the \$1,000,000 cap and the village would have to cover the additional funding.

President Koleski asked if this could be recovered from the TID in the future after Caroline Heights is paid off.

Village Manager Harrigan stated there would need to be an amended project plan to extend the funds. Merit to keeping the TID open for the downtown expansion project. **Trustee Castile** asked can only use TID revenue be used in the TID district.

Village Manager Harrigan confirmed revenue can be used within ½ mile of the district but has to apply to or impact to the said district. The village would fund the project then pay itself back from TID 2 after the obligations are paid.

President Koleski noted the next step is to get the engineering design process for the \$1,000,000 commitment through Wauwatosa.

Village Manager Harrigan recapped the Committee of the Whole minutes from June 2025 with the 5 questions posed to the Board.

1. Are property owners required to connect to municipal water at such time it becomes available, such as a mandatory connection?
2. Will connection be paid by a special charge or by a special assessment?
3. Instalment plans for payment or payment in full upon start of construction.
4. What is the threshold percentage of interested residents which would trigger investigative or conceptual review for future expansion.
5. What is the methodology for assessment or charge? There are principally 2 methods of assessment either by unit or front linear footage assessment.

Special assessment affords the water connection to be added to the tax bill at 10% per year or due in full at sale of property. Also including a 1% administration fee. Special assessment you have more than one year to pay off.

Attorney de la Mora noted there is a difference in special assessment and special charge. Special assessment does not have to be paid off in the same year. The feasibility study cost may not be a special assessment or charge to pass through as it would not derive a benefit to the resident if the study is not supportive of proceeding. Potentially able to pass through the cost after the fact when you have the ability to move forward.

President Koleski stated the 1% administration fee may need to be updated to reflect the study costs.

Discussion continued regarding ability for residents to fund the study portion and design and engineering phases. **President Koleski** noted that the village is not the first municipality to engage in this process

and need to look at examples to formulate an effective strategy.

Trustee Castile asked if a rough estimate can be shared with owners to assist them with making the decision to get to the 70% threshold to approve the water expansion study.

President Koleski stated until there is a bid the village is not in a position to provide that information. After the first phase, then can provide an idea of per a square foot but each segment may be different. **Trustee Castile** suggested a fee to home owners who petition for the preliminary study that would be refundable within the construction phase as an option to cover investigative costs.

Village Manager Harrigan noted item #3 is contemplation of installment plans. Intention is for home owners to pay over time.

Village Manager Harrigan noted the threshold of residents to trigger the area for expansion was 70% in a defined area. What is the minimum area to drive the initiation of expansion studies?

President Koleski stated the 70% threshold is to move the project forward but assuming that if it moves forward everyone will be special assessed as they all will receive water.

Village Manager Harrigan and **Attorney de la Mora** noted the if preliminary fees are unable to be captured by the 30% that did not sign off if that is the fee mechanism employed to cover preliminary costs.

President Koleski said the village will have to front the cost and then add to the final special assessment fees for all properties in the defined area.

Trustee Schindler stated discussion was based on resident-initiated water main. If the village decided to loop back to Wauwatosa then it would not need to go through the 70% threshold.

Village Manager Harrigan noted the policy needs to carve out the expectations from the village-initiated procedure and how costs of preliminary studies will be built into the special assessment.

Village Manager Harrigan reviewed methodology of assessment. Unit or front footage was discussed. Draft policy has the calculation of front footage. **Trustee Schindler** suggested a base amount plus front linear footage.

President Koleski asked if there is a minimum and maximum cost.

Trustee Schindler said a more equitable plan is to have a base cost of 30% and 70% by front footage.

President Koleski preferred the acknowledgement that there are fixed costs that need to be shared.

Attorney de la Mora suggested consulting with the engineers to come up with the charges as they will ultimately have to defend the charge.

Trustee Castile noted the draft policy stated the pipe would stay at an 8" set charge. How does the village cover the additional size pipe charges?

President Koleski there is not equitability out there currently and will continue to have inconsistencies with costs. Build in overhead or special charges to recover the incremental costs.

Village Manager Harrigan noted the draft policy largely replicates Brookfield's policy.

Trustee Hillmann agreed with base charge in addition to footage to avoid large inequities.

President Koleski confirmed 30% for base charge and 70% on linear footage charge is the revised consensus from the board.

Village Manager Harrigan noted double frontage or corner lots may create an inequity.

Trustee Castile would be interested in any legal challenges with any communities on their water main connection policies in the last 5 years. **President Koleski** asked if this is something the League would have an opinion on.

Trustee Schindler asked where the minimum and maximum numbers came up from.

Asst Village Manager Sowl stated the minimum frontage is from residential zoning district minimum. Maximum number was a question to the board.

President Koleski stated the maximum seems a little arbitrary and needs data to support.

Trustee Hillmann asked is it possible a smaller lot would be over charged on the 30/70 calculation and then would be subsidizing the larger lots.

Village Manager Harrigan said the policy can define with an either/or option for the anomalies.

President Koleski asked for the policy to illustrate with numbers to find the issues.

Trustee Schindler asked if the water main is not accessible on one side does the village subsidize the other half of the cost.

President Koleski stated an option would be if within ½ mile of the TID is it then subsidized.

Village Manager Harrigan said it would have to meet the rationale of how does it benefit the TID.

Trustee Hillmann asked how are other governmental buildings accounted for. **Attorney de la Mora** stated governmental entities do not get an exemption of special assessments.

Mike Gayle, Marion Heights was present to speak.

Noted the policy does not address the installment payments. Read the policy as paying within 3 months

of the construction starting and need to address the revision of the 70% threshold. There are 111 homes in the Marion Heights system that are currently assessed to support their water system. Ideally the conversion to Wauwatosa water would be for the whole system so Marion Heights home owners are not sharing the full cost of both systems during a transition.

President Koleski noted this is an important design criteria that needs to be captured with Marion Heights to convert all in a short period of time for economic reasons.

Village Manager Harrigan stated the policy may need to reflect community well systems in a similar manner.

Trustee Schindler requested consideration for Public Works staff constraints and asked what if the costs exceed \$2,500,000.

4. Other Business

No discussion or action on items not on the agenda.

Trustee Schindler asked if the questions posed to the attorney's will be reviewed beforehand so Trustees do not duplicate questions.

5. Adjourn

Motion by Trustee Castile, seconded by Trustee Olson, to adjourn at 4.57PM

Aye (5): President Koleski, Trustee Schindler, Trustee Hillmann, Trustee Castile, and Trustee Olson

Minutes Respectfully submitted by: Crystal Turner, Village Clerk

Minutes approved on:

**BOARD OF TRUSTEES DRAFT MINUTES
January 22, 2026 * 3:00 PM * Park View**

13600 Juneau Boulevard, Elm Grove, WI 53122

1/22/2026 - Minutes

1. Roll Call

President Koleski called the meeting to order at 3.00pm

Present: President Koleski (zoom), Trustee Castile, Trustee Sayas, Trustee Stuckert, Trustee Schindler (zoom), and Trustee Hillmann (zoom)

Excused: Trustee Olson

Also Present: Village Manager Harrigan, Asst Village Manager Sowl, and Village Clerk Turner

Attorneys present in closed session: Attorney de la Mora, Attorney Hummel, and Attorney Kolberg - Von Briesen & Roper and Attorney Bitar, Municipal Law & Litigation Group

2. Approval of Agenda

Motion by Trustee Stuckert, seconded by Trustee Castile, to approve the agenda as presented.

Aye (6): President Koleski, Trustee Castile, Trustee Sayas, Trustee Stuckert, Trustee Schindler, and Trustee Hillmann

3. Matters for Possible Closed Session

- A. **Motion to convene into Closed Session pursuant Wis. Stats. 19.85(1)(e) to deliberate or negotiate the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session, more specifically to review proposals for legal services for the Village of Elm Grove..**

1. **Von Briesen & Roper**

2. **Municipal Law & Litigation Group**

Motion by Trustee Sayas, seconded by Trustee Hillmann, to convene into Closed Session.

Roll Call Vote

Aye (6): President Koleski, Trustee Castile, Trustee Sayas, Trustee Stuckert, Trustee Schindler, and Trustee Hillmann

Nay (0)

Excused (1): Trustee Olson

- B. **Motion to reconvene into Open Session**

Motion by Trustee Castile, seconded by Trustee Schindler, to reconvene into Open Session.

Roll Call Vote

Aye (5): President Koleski, Trustee Castile, Trustee Stuckert, Trustee Schindler, and Trustee Hillmann

Nay (0)

Excused (12): Trustee Olson and Trustee Sayas

- C. **Discuss and possible action on Village legal representation.**

Motion by Trustee Castile, seconded by Trustee Hillmann, to appoint Trustee Stuckert as Chair pro tem.

Aye (6): Trustee Castile, Trustee Stuckert, Trustee Schindler, and Trustee Hillmann

Motion by Trustee Schindler, seconded by Trustee Hillmann, to table legal representation discussion until January 27, 2026 Board of Trustee Meeting.

Aye (6): Trustee Castile, Trustee Stuckert, Trustee Schindler, and Trustee Hillmann

Re: Elm Grove Fire Department Fire Chief Narrative Board of Trustee Report

Training for December, 2025

For the month of December, the fire department has concentrated training on, firefighting equipment and location on apparatus, Vent Enter abs Search procedures and hose deployment.

December 15 had calls for service

6-fire alarms. Faulty alarm head-3, cooking smoke, unintentional activation, detector maintenance
4-mutual aid. Brookfield-2, Tess Corners, New Berlin
2-CO calls. Car idling in garage, furnace issue/gas leak
1-smoke alarm-smell of smoke
2-natural gas. No locate good intent, fireplace

Brian Naylor
Fire Chief

To: Village Board Trustees
From: Jason Hennen, Chief of Police
Date: January 20, 2026
Re: December 2025 Summary

Attached is the monthly report for December, 2025. As the Police Department continued to progress toward full staffing in Patrol, Officer Billstrom completed field training and transitioned to solo patrol duties. This achievement briefly brought the department to full staffing in Patrol; however, that status was short-lived. During the same period, the department received notice of retirement from Detective Mayer, effective January 2, 2026. While his retirement had been anticipated later in 2026, a promotional process for the Detective position was already underway. Officer recruitment efforts remain ongoing. While operating down one officer presents operational challenges and is not ideal, this transition also reflects positively on the Village as an organization—demonstrating that Elm Grove is a place where employees build long-term careers. It is a privilege to recognize the retirement of an officer with 32 years of dedicated service who is able to conclude his career healthy, supported, and prepared for new challenges.

Additionally, after operating at full staffing levels in Dispatch for a brief period, the department received a resignation notice from Dispatcher Carlee Mayer. Dispatcher Mayer has accepted employment closer to her residence in another county and will remain on duty through January 21. As a result, the Dispatch Center will again be operating down one position. This staffing change has necessitated temporary shift assignment adjustments as the department works through the recruitment process to restore full staffing in Dispatch.

The Detective Bureau is currently managing 16 active investigations, which include 2 burglary, 3 thefts, 9 frauds, 1 disorderly conduct complaint, and 1 elder/at-risk investigation. The attached CM Inquiry List report provides further details on current active cases and recently closed cases.

Community engagement activities traditionally slow during the month of December due to winter weather, school breaks, and a reduction in scheduled social and community events. Despite this seasonal slowdown, officers remained engaged where opportunities allowed. School Resource Officer Weber focused on planning and preparing spring outreach materials related to school safety, bicycle safety, and e-scooter safety, positioning the department for increased engagement in the coming months. He also participated in several engagement opportunities at Tonawanda Elementary School. Planning for the D.A.R.E. program and the Citizens Police Academy is well underway, with D.A.R.E. scheduled to begin at St. Mary's School in late January and the Citizens Police Academy scheduled to begin in March.

The Police Department training room and associated equipment remain significantly impacted by the recent flood, and restoration efforts are ongoing. Furniture, floors, and walls in the affected areas were sanitized last week, with

drywall repairs beginning this week. Repairs to the gazebo electrical system have been completed, and the Police Department basement training room floor has been restored. Carpenters are currently being scheduled to replace interior and exterior rear doors, with work anticipated to occur in February. Restoration work in the Police Department basement and the library will continue into 2026 before being fully completed

As we close out 2025, I am proud to present the accompanying Annual Report, prepared with the assistance of Assistant Chief Unger. Throughout the year, the department and its staff made significant strides in adapting to current challenges while continuing to grow alongside the evolving needs and dynamics of the Village and its residents. The professionalism, resilience, and commitment demonstrated by our personnel have positioned the department well for continued success. As we enter 2026, we look forward to positive changes both within the department and throughout the community, as we remain committed to providing a level of service that not only meets expectations, but consistently exceeds them.

Jason Hennen

Jason Hennen
Chief of Police

ELM GROVE POLICE DEPARTMENT

ANNUAL REPORT

2025

CHIEF JASON HENNEN

Citizens of Elm Grove
President James Koleski
Members of the Village Board
Elm Grove Police Commissioners
Mr. Tom P. Harrigan, Village Manager

Dear Ladies and Gentlemen:

It is with great pleasure that I present the 2025 Elm Grove Police Department Annual Report. I am very pleased with our staff's contributions this past year, as they trained new officers and dispatchers while continuing to remain proactive in their enforcement efforts. Much like 2024, these achievements were accomplished while overall staffing levels were often at minimum levels. Recruitment throughout the law enforcement profession continues to be challenging due to a limited number of qualified applicants for sworn officer positions. The department reached full staffing in September 2025; however, due to a retirement, the department ended the year one officer below authorized strength.

This past year showed a 10.87% increase in police activity, with a 3.62% increase in criminal activities investigated by the department. Part I offenses increased by 24.32%. As reflected in communities with lower overall crime volume, small numerical changes can result in larger percentage fluctuations. Traffic enforcement continues to be a high priority for the department, particularly speed enforcement, as maintaining safe roadways for both vehicular and pedestrian traffic remains a core focus. Officers remained persistent in their enforcement of traffic violations throughout the year.

All non-probationary Elm Grove police officers are trained Emergency Medical Technicians and are dispatched to all EMS-related calls for service. In 2025, officers responded to 353 EMS calls, representing a 6.3% increase from the previous year. The Elm Grove Police Department continues to play an integral role in supporting emergency medical services within the Village. Cooperative efforts with neighboring law enforcement agencies also remained consistent, with Elm Grove officers assisting in several critical incidents in nearby jurisdictions and serving on the Suburban Mutual Aid Response Team (SMART), Major Investigations Unit (MIU), and Suburban Critical Incident Team (SCIT). The department likewise utilized these teams for various incidents and planned events throughout the year within the village.

The 2025 calendar year marked the second full school year of placing an Elm Grove police officer as a School Resource Officer (SRO) at Pilgrim Park Middle School. This position is funded by the Elmbrook School District with minimal cost to the Village and has provided a valuable law enforcement resource for students, staff, and parents.

I wish to thank the citizens of Elm Grove for the opportunity to serve the Village in 2025 and the Elm Grove Village Board for their continued support. The Elm Grove Police Department is grateful to the Village Board, our residents, and community groups for their assistance in accomplishing our mission. Finally, I extend my sincere appreciation to the members of the Elm Grove Police Department for their dedication, professionalism, and service to the community throughout the past year.

Sincerely,

Jason R. Hennen

Jason R. Hennen
Chief of Police

POLICING AUTHORITY

Our policing authority and the standards by which our authority is exercised are regulated by provisions in the United States Constitution, the Constitution of the State of Wisconsin, relevant sections of the Wisconsin statutes, and Codified Village Ordinances.

How our police authority is exercised within the Department is governed by organizational written and verbal directives (e.g., rules, regulations, policies, procedures, general orders) and established customs and practices.

No member of this Department shall, while enforcing a law or while taking any action for or against another person, act contrary to the law and these granting authorities.

PROFESSIONAL CODE OF ETHICS

All sworn members are required to comply with the following Code of Ethics:

As a law enforcement officer, my fundamental obligation is to be a responsible public servant. My major duties are to safeguard lives and property, protect the innocent against violence and deception, and the weak against oppression and intimidation.

While I consider the way I choose to conduct my private affairs a personal freedom, I accept the responsibilities for my actions, as well as inactions, while on duty or off duty, when those actions bring disrepute on the public image of my employer, my fellow workers, and the law enforcement profession.

I vow to perform all my duties in a lawful, professional and competent manner. I consider the abilities to be courageous in the face of danger and to exercise restraint in the use of my powers and authorities to be the ultimate public trust. I accept that I must consistently strive to achieve excellence in learning the necessary knowledge and skills associated with my duties. I will keep myself physically fit and mentally alert so that I am capable of performing my duties according to the standards of quality expected of my position.

I vow to be fully truthful and honest in my dealings with others. I deplore lies and half-truths that mislead or do not fully inform those who must depend upon my honesty. I will obey the very laws that members of my Department are sworn to uphold. I will seek affirmative ways to comply with the standards of my Department and the lawful directions of my supervisors.

I vow to treat others with courtesy at all times. I consider it to be a professional weakness to allow another's behavior to dictate my response. I will not allow others' actions or failings to be my excuse for not performing my duties in a responsible, professional, and expected manner.

I vow to empathize with the problems of people with whom I come into daily contact. However, I cannot allow my personal feelings, prejudices, animosities, or friendships influence the discretionary authorities entrusted to my job. I will affirmatively seek ways to avoid conflicts and potential conflicts of interest that could compromise my official authority or public image.

I hold the authority inherent in my position to be an affirmation of the public's trust in me as a public servant. I do not take this trust lightly. As long as I remain in this position, I will dedicate myself to maintaining this trust and upholding all the ideals of my profession.

COMMENTARY

In the performance of duty to serve society, officers are often called upon to make difficult decisions. They must exercise discretion in situations where their rights and liabilities and those of the Department hinge upon their judgment and conduct. An officer's decisions are not easily made and occasionally they involve a choice which may cause hardship or discomfort. An officer must be faithful to the oath of office, the principles of professional police service as expressed in this Code of Ethics, the objectives of the Department, and in the discharge of their duties.

They must not allow personal motives to govern their decisions and conduct.

CORE VALUES

Our values are expressed in our directives and daily practices. Every member is required to serve with dedication, integrity, courage, respect and empathy for others. Specifically, all members will:

Not violate the law while enforcing the law.

While on duty, observe all constitutional and statutory laws, as well as all lawfully established directives (i.e., rules, policies, procedures and established practices), whether such directives are written or established verbally or through customs of the Department.

While off-duty, conduct themselves in a manner that does not result in a direct and negative effect on the professional image or reputation of this Department.

Act with respect and courtesy at all times and under all circumstances. Personnel will never have a justifiable excuse for discourteous or disrespectful conduct or behavior towards another human being.

Work productively and perform all job tasks, duties and responsibilities in a thorough, complete and competent manner.

Not illegally discriminate in the performance of any assigned or assumed job task, duty, or responsibility.

Not let personal associations, relationships or situations create a conflict of interest or the potential of a conflict of interest with the values or goals of this Department, or with assigned or assumed job tasks, duties and responsibilities.

Conduct themselves, behave and perform in a manner that does not cause serious damage or create the potential of seriously damaging the trust, faith, and confidence of those to whom they are legally or fiducially accountable.

ORGANIZATIONAL VALUES

VISION

Police operations will exemplify social concern for the protection of individual freedoms, the general welfare and the development of humanitarianism in the community.

Police operations will be based upon the equality of all members of the community in the eyes of the law.

Police operations will be characterized by the meticulous adherence to constitutional, ethical and performance standards.

Police operations must always be based upon the explicit and broadly held notions of police services by the community.

Police operations will always reflect receptivity to development and change in order to better respond to the appropriate requests and needs of the community.

MISSION

The mission for every member of this Department is to affirmatively promote, within available resources and engaging in lawful police functions, a feeling of security and safety for every member of our community.

This mission requires positive effort based on self-initiative.

The goal is for every member in every contact to seek ways to achieve this mission.

This mission is a commitment to quality performance from all members. It is critical that members understand, accept and be aligned with the responsibilities established by this mission. It provides the foundation upon which all decisions and organizational directives will be based. Directives include rules, regulations, operating policies, procedures, customs and practices.

This mission represents the commitment of this administration to the concepts of quality performance management. In other words, members are expected to work consistently in a quality manner in the daily performance of those duties, job responsibilities and work tasks associated with this mission. Quality manner means that performance outcomes comply with our standards.

Examples of performance standards include the oath of office, code of ethics, rules, policies, procedures, directives, general and supervisory written and verbal orders, and work productivity.

Members are required to accept the responsibility for the achievement of this mission and publicly register their commitment to it and to the concepts of quality service.

OBJECTIVES

The objectives of the Department are:

To protect constitutional guarantees for all persons;

To create and maintain a feeling of security in the community; to reduce the opportunities for the commission of crime;

To aid individuals who are in danger of physical harm and assist those individuals who cannot care for themselves;

To resolve conflict;

To identify criminal offenders and criminal activity and, where appropriate, apprehend offenders and participate in subsequent court proceedings;

To identify problems that are potentially serious law enforcement or governmental problems; to facilitate the movement of people and vehicles; and

To provide other police services to the community.

In order to achieve the above objectives, the Department stands committed to:

Provide a continual training program to insure professional competence and development of personal and organizational discipline in order to carry out Departmental goals and objectives;

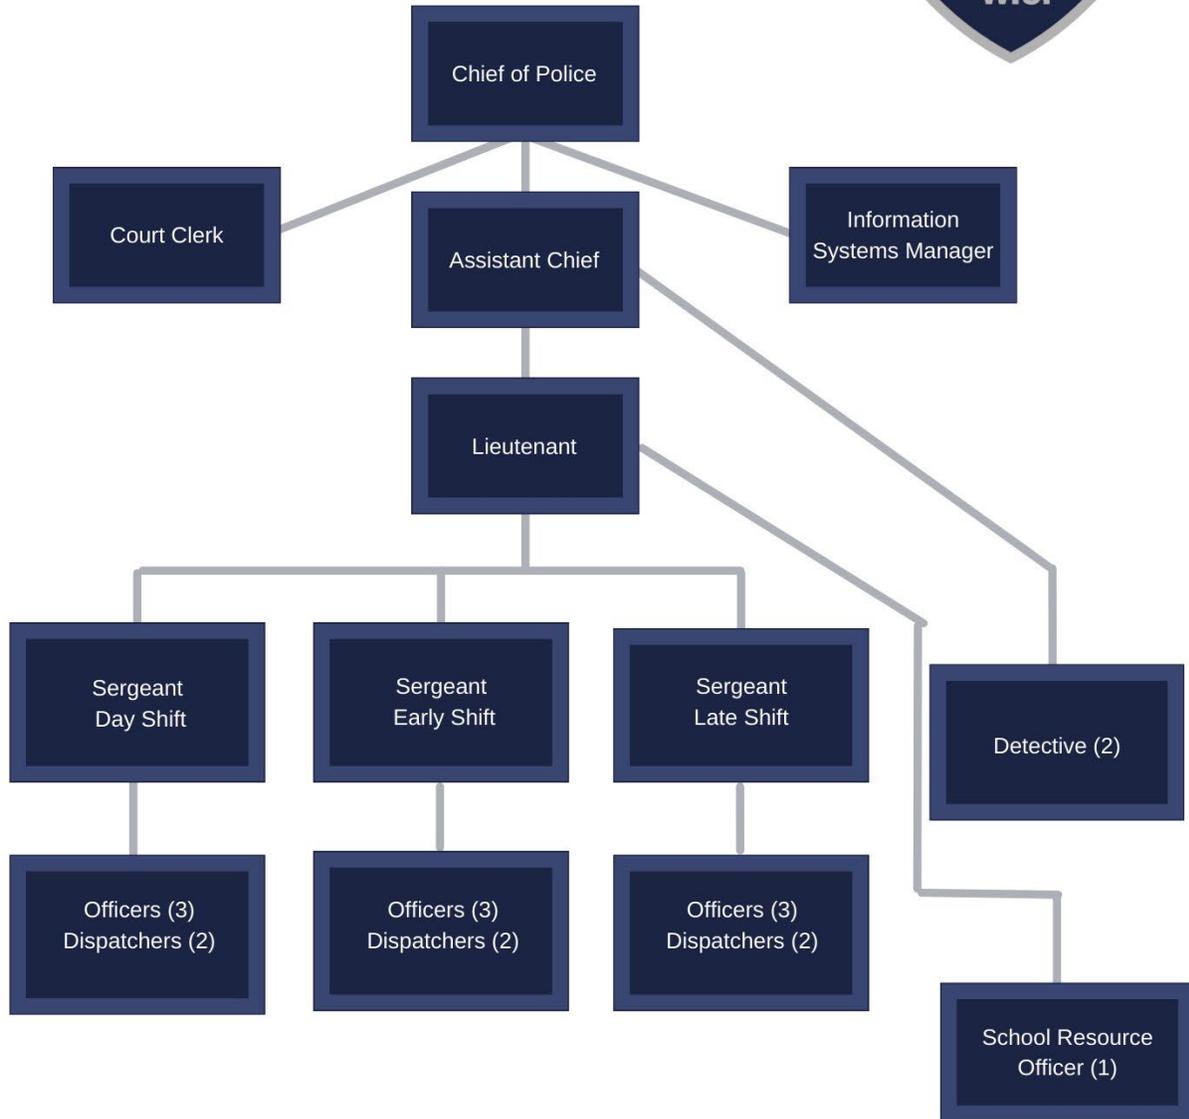

Recognize the importance of planning functions to develop programs which will address major goals and objectives of the Department;

Cooperate with related public and private agencies in pursuit of their major goals; and

Emphasize a continual willingness to study and initiate new and better police services for the community.

Elm Grove Police and Fire Commission

Members

Robert Haugh, President
Gus Moulas, Vice President
Tina Evens
David Beaumier
Eric J. Peter

Under Wisconsin State law, Elm Grove is required to have a Police Commission. The members of the Commission are appointed for five years by the Village President, with the confirmation of the Village Board, and serve on the Commission without compensation. The Police Commission has authority over all members of the police department who have arrest powers. The duties of the Police Commission, established under Wisconsin Statute, are:

- 1) Appoint, suspend or remove the Chief of Police.
- 2) Approve appointments and promotions of subordinates in the police department made by the Chief of Police.
- 3) Establish a selection process and eligibility list for entry level positions.
- 4) Establish a selection process and eligibility list for promotions within the police department.
- 5) Approve the examinations to be used to judge suitability for appointment.
- 6) Control examinations, designate and change examiners and establish compensation to be paid to the examiners.
- 7) Approve each list of individuals determined to be eligible for appointment to the police department.
- 8) Hear appeals from subordinates in the police department who have been suspended by the Chief of Police and who request a hearing.
- 9) Suspend the Chief of Police and subordinates pending the filing and hearing of charges.
- 10) Initiate charges against the Chief of Police or any subordinate.
- 11) Hear charges filed against the Chief of Police or a subordinate, make findings and determinations and impose penalties.
- 12) Adopt rules governing the administration of the disciplinary and appeal process.
- 13) Receive, investigate and resolve citizen complaints filed against sworn members of the police department.

The Commission met:

August 4, 2025 – The Commission interviewed police officer candidates and appointed Alexa Billstrom to the position of patrol officer.

December 15, 2025 – The Commission interviewed detective candidate and appointed Hannah Martin to the position of detective.

POLICE VOLUNTEERS

The Elm Grove Police Department maintains volunteer programs that will allow qualified citizens to assist and support the police department personnel with their mission of providing service, protection and safety to the citizens and visitors of the Village of Elm Grove.

PURPOSE

To provide structure and guidelines for citizens to better utilize their unique skills and to guide their enthusiasm in helping the department meet its mission.

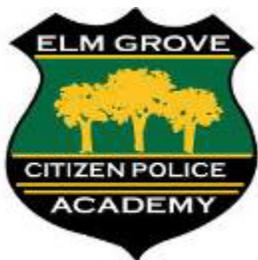

STRUCTURE

Citizens may assist the police department by gaining membership to one of two volunteer organizations:

Elm Grove Police Citizen's Police Academy Alumni – an adult organization consisting of graduates of the Elm Grove Police Department's Citizen's Police Academy. Alumni members are responsible for donating hundreds volunteer hours to the police department, along with generous monetary donations of hundreds of thousands of dollars of donated items; to include patrol rifles, TASERS, flashlights, thermal imaging, lidar/radar/speed trailer, office remodeling and even a gazebo and brick pathway for the village park. Many former CPA members have continued to serve in various areas of local government.

Both organizations are registered with the USA Freedom Corps, Volunteers in Policing program, sponsored by the U. S. Department of Justice and the International Association of Chiefs of Police. Each organization is governed by individual organizational by-laws and guidelines.

Members of both units help with Village Board packet deliveries, training exercises, alcohol and tobacco compliance checks and traffic and crowd control duties for Memorial Day, Fourth of July, and other special events.

ENFORCEMENT STATISTICS

Activity Totals

Below are the basic summary totals for complaints investigated vs. traffic stops. Complaints investigated are generally “called in” complaints by citizens, while traffic stops are self-initiated officer based complaints, that may involve anything from a minor traffic violation to the discovery of a more serious crime (i.e. stolen vehicle, drug violation, warrant arrests, etc.).

	2020	2021	2022	2023	2024	2025	2025 (-) 2024 Comparison	2025 vs Previous 5 Yr Average
TOTAL ACTIVITY	6362	6481	8093	8225	7664	8497	10.87%	15.37%

Crime Index - Part I Offenses

The Elm Grove Police Department participates in the Uniform Crime Reporting (UCR) system. The crime statistics for the Village of Elm Grove are submitted monthly to the Wisconsin Department of Justice, Office of Justice Assistance. The information is then forwarded to the Federal Bureau of Investigation, Uniform Crime Reporting Division. The FBI compiles nationwide crime statistics and publishes *The Uniform Crime Reports* in November of each year.

The Crime Index is the total amount of Part I offenses. Part I offenses are comprised of the following crimes: homicide, sexual assault, robbery, assault, burglary, theft, and motor vehicle thefts. In 2025 the Crime Index for Elm Grove was 46. This figure represents a 24.32% increase in crime, compared with 2024. The 2025 vs. the previous five-year average shows an overall 24.32% decrease. When dealing with small numbers, changes in those numbers represent large percentage changes.

PART I CRIMES:	2020	2021	2022	2023	2024	2025	2025 (-) 2024 Comparison	2025 vs Previous 5 Yr Average
1. Homicide	0	0	0	0	1	0	100.00%	100.00%
2. Sexual Assault	2	3	3	2	2	5	150.00%	108.33%

7. Auto Theft	1	7	1	3	2	0	-100.00%	-100.00%
PART I TOTALS	121	64	45	37	42	46	24.32%	-28.13%

Adult Arrests & Juvenile Apprehensions

The following table represents a two year comparison of adult arrests and juvenile apprehensions in the Village of Elm Grove. In 2025 there was a increase in adult apprehensions while juvenile apprehensions remained the same compared to 2024. This table only includes arrests for Elm Grove offenses and does not include warrant arrests for other agencies and miscellaneous traffic offenses (not OWI) for our agency. As of 2014, we no longer make custody arrests for some traffic offenses, resulting in slightly lower arrest numbers.

Adult Arrests and Juvenile Apprehensions

Traffic and Parking Enforcement Dispositions

The following table represents traffic and parking enforcement dispositions in the Village of Elm Grove. In 2025, there were 2482 citations issued for traffic related violations which was a 3.81% increase in citations from the previous year. 2384 warnings were issued for traffic related offenses which represents a 4.56%% decrease from the previous year. 101 parking citations were issued in Elm Grove which represents a 8.18% decrease in parking citations compared to the previous year.

TOTAL CITATIONS	2024	2025	2025 (-) 2024 Comparison
Traffic Citations	2391	2482	3.81%
Verbal Warnings	2498	2384	-4.56%
Parking Citations	156	101	-35.26%

The following table represents a two year comparison of various traffic citations issued by type of violation in the Village of Elm Grove.

CITATION TYPES	2024	2025	2025 (-) 2024 Comparison
Operate After Revocation/Suspension Registration	64	81	26.56%
Non-Registration of Vehicle	204	296	45.10%
Operate While Intoxicated	18	25	38.89%
Operate Without Valid License	98	77	-21.43%

Exceeding Speed Zones	898	1261	40.42%
Seat Belt Violation	5	1	-80.00%
Operate Motor Vehicle Without Insurance	61	46	-24.59%

SERVICES

Dispatch and Administrative Services

Core Dispatch and Administrative Support Functions

The core dispatch functions refer to those activities that relate directly to emergency 9-1-1 dispatching:

- Answer 9-1-1 telephone calls for police, fire and emergency medical services (EMS).
- Answer non-emergency telephone.
- Dispatch police, fire and EMS for calls for service; record time of call, time of arrival and time officer reports back in service.
- Query Department of Transportation records on registration and driver's file data as requested by officers.
- Record and maintain master index file on complaints, victims and other parties encountered by police.
- Query Crime Information Bureau (CIB) and National Crime Information Center (NCIC) on wanted subjects and stolen property information.
- Record and maintain daily activity calls of various police activities conducted each shift.
- Monitor radio traffic of surrounding jurisdictions for information of concern.
- Serve as a telephone communications link between officers on patrol and parties that must be contacted or notified, such as towing companies, hospitals, etc.
- Call in additional officers and support personnel as needed.

Essential Dispatch and Administrative Support Functions

Essential dispatch functions are those duties that require 24-hour monitoring or immediate response. These tasks include:

- Confirm wanted person warrants (locally generated) and stolen property hits as requested by other agencies within 10 minutes, as required by the Transaction Information for Management of Enforcement (TIME) system.
- Type all incident reports.
- Handle public walk-in service counter (citizen requests for information and report copies, dog licenses, bail and forfeiture payments, and complaints).
- Monitor officers in booking and cellblock area via video system, summoning assistance when appropriate.
- Monitor building security cameras and community cameras.
- Control building security access doors, consisting of general government and main police station (public access) door, all booking and cell block area doors and prisoner unloading garage doors.
- Monitor building alarm panel for fire, pool and general government alarms.
- Provide dispatch service to highway department crews (snow removal, downed trees etc.) after business hours.
- Record overnight parking permission information and disseminate to patrol officers.

Secondary Dispatch and Administrative Support Functions

The third category is Secondary Dispatch Functions. These tasks include:

- Enter information on wanted persons and stolen property into NCIC and CIB systems and maintain appropriate related files.
- Keep record of officers' on-and off-duty.
- Assign complaint and booking numbers.
- Assist municipal court clerk (validate municipal warrants, run Department of Transportation queries, file citations and summons).
- Record and maintain vacation home check file.
- Monitor, review and distribute all teletype information received by the department.
- Prepare daily log information and important teletypes for roll call.

In addition to understanding the core, essential and secondary dispatching functions of the Elm Grove dispatcher there are three other areas of the dispatching position that are important. These three areas are staffing, division of tasks, and the difference between dispatching police, fire, and EMS.

Staffing

Elm Grove dispatching staffing levels currently call for six full time dispatchers. The full time employees fill three around the clock shifts, filling a work schedule of four days on, two off.

Difference between Dispatching Police, Fire and Emergency Medical Services

One of the important nuances of dispatching is the difference in the way the Elm Grove dispatchers dispatch police as compared to how they dispatch fire and emergency medical services (EMS). For example, the police communicate frequently, several times an hour with the dispatchers. When the officers are out on patrol the dispatcher is the officer's primary link to the police station. The dispatcher serves as the police officer's tether or lifeline from the street to the station. Elm Grove officers rely heavily on the dispatcher for their safety. As such police officers take the relationship between themselves and their dispatcher very seriously.

This relationship between dispatcher and police officer is contrasted with the relationship between dispatcher and firefighter or dispatcher and emergency medical technician EMT (for brevity sake firefighters and EMS personnel will be jointly referred to as rescue personnel). Foremost the dispatcher communicates very infrequently with rescue personnel. This is primarily due to the nature of the jobs. Rescue personnel do not patrol the streets of Elm Grove like police officers do. Therefore there is no need to keep in periodic communication with the rescue personnel. Communication between the dispatcher and rescue personnel occurs almost exclusively when there is an emergency. For Elm Grove, such an emergency occurs 34 times a month or approximately once a day. This means that on average the dispatchers communicate with rescue personnel only once every 24 hours.

While communication between dispatchers and police officers is sometimes intense during an emergency situation, it is most often characterized as normal interaction. This is not the case with communication between dispatchers and rescue personnel. Those infrequent communiqués are almost always filled with the tension of an emergency situation.

Calls for Service

The following table reflects the types of calls for service that Elm Grove Police Officers responded to in 2025. The actual type of call could change or be deemed “unfounded” upon further investigation.

CALLS FOR SERVICE BY CATEGORY

CASE Classifications

All cases start as a call and become a case when a call results in additional investigation, a criminal action, or arrest/custody action. For example, a “theft” call may end as a “fraud” case. This is why there are 79 theft offense **calls** reported above, but only 32 theft **cases** reported below. Presumably, 47 theft **calls** did not match the criteria for a theft crime and a **case** was not generated, or the **call** was reclassified as a fraud or some other **case** classification.

CASE ACTIVITY BY CALL FOR SERVICE CLASS

Emergency Medical Services

The Elm Grove Police Department’s commitment to the community goes beyond traditional policing services to include training in emergency medical services. All police officers are trained as Emergency Medical Technicians in emergency medical care and licensed by the State of Wisconsin. The initial training consists of over 180 hours of classroom instruction with practical hands on care and 40 hours of refresher training every three years. The department’s medical program has oversight from an Emergency Room Physician to ensure appropriate current topics in medicine are being presented to officers. Officers responding to calls for medical services, at minimum, provide an initial patient assessment and basic life support, until an ambulance arrives. Elm Grove Police Officers are one of many medical providers a patient will encounter when suffering from a medical condition. This early intervention is provided to correct or slow any significant condition a patient is experiencing. In 2011, officers began carrying specialized equipment to address serious hemorrhage and penetrating trauma. The equipment supplied are to assist officers with devastating gunshot, stabbing injuries, or to assist victims of active shooters. To date, officers have used this specialized equipment to help a construction workers after a mishap with equipment, multiple citizens with a severe femoral artery bleeds, and a severe multi-injury suicide attempt. Two officers are currently trained in the Tactical Emergency Medical System advanced level (40 hour course), with all other officers having received basic TEMS at in-service training. In addition to these trauma care “saves”, our officers are regularly an integral part of “cardiac saves” in our community. Combined with our rapid, emergency medical trained dispatch staff Elm Grove remains one of the best communities in southeastern Wisconsin, at addressing your life threatening emergency.

During 2025, officers responded to 353 calls for emergency medical service, along with providing assistance to seniors who may have fallen but did not require ambulance transport.

	2024	2025
Ambulance Calls	332	353

Detective Bureau

The Detective Bureau is responsible for investigating all major crimes within the Village of Elm Grove and assisting patrol officers with investigations and at crime scenes. The Detective Bureau consist of two detectives, Detective Craig Mayer and Detective Sean Lenardic. The following represents the activity of the Detective Bureau in 2025:

Criminal Investigations: Patrol officers investigated approximately 550 calls for service involving case reports and approximately 39 were directly investigated by the Detective Bureau or forwarded to the Detective Bureau. This does not include continuing investigations from 2024.

Some major crimes from 2025 included:

- 1 Assist MIU investigation.
- 2 Burglary investigations
- 5 Fraud investigations.
- 7 Sex crime investigations, including sexual assault and possession of child pornography.
- 7 Theft investigations.
- 2 Forgery investigation.
- 4 Retail Theft investigations.
- 2 Credit card fraud investigation.
- 4 Identity theft investigations.
- 1 Fatal motor vehicle accident investigation.
- 2 Death investigation.
- 1 Reckless homicide investigation.
- 1 Weapons Offense

In addition to criminal investigations, the Detective Bureau is responsible to conduct background investigations for new police officer candidates and dispatchers.

Property Inventory: The Detectives maintain all evidentiary property and are responsible for the department's property room. In 2025, 255 pieces of property were entered into the computer as stolen, recovered, safe keeping, evidence for court, or evidence to be destroyed at the Wisconsin State Crime Laboratory. Numerous pieces of evidence were transported to the state crime lab for further processing and destruction. There was a total of 16 pieces of evidence returned to owners. The Detectives are responsible for ordering and maintaining evidence supplies according to the Detective Bureau budget.

In addition to some of the major investigations, search warrants and subpoenas were requested, issued by the court, and executed.

There were numerous cases transmitted to the district attorney's office in 2025. The Detectives work as liaisons between our department and the Waukesha County District Attorney's Office for signing criminal complaints, court scheduling, and officer subpoenas.

The Detective Bureau is also a member of the Major Investigation Unit (MIU) for Waukesha County. The MIU consist of membership from seven police jurisdictions in Waukesha County. The MIU responsibilities are to respond to major crimes in Waukesha County when called upon.

The Detective Bureau is also responsible for transporting electronic devices to and from the computer forensic labs, for forensic downloads of the data from the devices, during their investigations.

The Detective Bureau is also assigned as an evidence technician to process major crime scenes and to process all evidence recovered and brought to the police department as well as transporting evidence to the Wisconsin State Crime Laboratory.

In addition, the Detectives attend monthly meetings with the Wisconsin Area Fraud Investigators Group which discusses the trends of crimes committed in the Southeast Wisconsin area. The Detectives also attend monthly meetings with Southeast Wisconsin Retail Theft Investigators Group. Detective Mayer is also trained in the ERAD system for area wide jurisdictions. The Detectives are also members of the International Association of Financial Crimes Investigators (IAFCI).

The Detectives are also instructors for the Elm Grove Citizen's Police Academy.

The Detectives also attend the same firearms training, Wisconsin State in-service training, EMT training, and DAAT training as the patrol officers.

COOPERATIVE LAW ENFORCEMENT SERVICES

Suburban Critical Incident Team (S.C.I.T)

This team of officers from the Brookfield, Chenequa, Delafield, Elm Grove, Hartland, Mukwonago, Muskego, New Berlin and Pewaukee Police Departments are trained to handle highly critical calls, such as barricaded persons, negotiations, serving high risk warrants, or conducting surveillances. This is a significant mutual aid agreement as the team serves as a back-up to other similar teams in the county, such as the Waukesha County Sheriff's Department and the City of Waukesha Police Department. The Elm Grove Police Department has one officer currently assigned to the team as an operator and a lieutenant is assigned to the team as a negotiator.

2025 was again a busy year for the team compared to annual activations since the team's inception in 2013. SCIT deployed 27 times in 2025 (same as 2024). Since 2020, the team's annual activations have remained steady between 20-30 activations. The types of activations were not as diverse as in the past several years. Of those activations, 14 were for search warrants, mostly related to ICAC investigations. We also had two vehicle assault activations for gold courier scams, two "TRG Only" activations, and five "ARV Only" activations to assist our partner tactical teams. We also were able to accommodate every request for SCIT personnel and team equipment for each of your department's community outreach events in 2025.

Major Investigations Unit (M.I.U.)

This team of officers from Butler, Chenequa, Hartland, Elm Grove, Delafield, Oconomowoc Lake, Pewaukee Police Departments, and Waukesha Sheriff's Department are trained and prepared to investigate all major crimes that may occur in any of these communities. This mutual aid agreement allocates necessary resources to investigate major incidents and allows each community to maintain adequate police coverage for other activities, without interrupting investigative efforts. The sharing of equipment and resources makes this team cost-effective and provides a professional quality investigative product. The team also serves as a liaison to other investigative teams in the county. The Elm Grove Police Department has six officers assigned to assist the unit.

2025 Elm Grove personnel assisted with one MIU call.

Suburban Mutual Assistance Response Team (S.M.A.R.T.)

This is a cooperative effort between agencies in southeastern Wisconsin allowing for mutual aid during a significant event. Within sixty minutes, a community that is a member of S.M.A.R.T can expect up to sixty-five law enforcement agencies responding to help with an incident. The team currently encompasses agencies from Racine, Jefferson, Walworth, Milwaukee and Waukesha Counties.

Waukesha County Drug Task Force –

In 2014, the Elm Grove Police department started working in the Waukesha County Metro Drug Unit which was made up of Waukesha County Deputies/Officers from local law enforcement agencies within Waukesha County. In the Fall of 2022, the unit officially transitioned to a Drug Enforcement Administration (DEA) sponsored drug task force and became known as the Waukesha County Drug Task Force. This unit is now a designated Wisconsin County Initiative within the North Central High Intensity Drug Trafficking Area (HIDTA) and includes members of the DEA and Wisconsin Department of Justice- Division of Criminal Investigation. The Elm Grove Police department had an officer assigned to this unit on a part-time basis through November, 2022. Illegal drug activity in our community is a significant and never ending problem. By being a member of the Waukesha County Drug Task Force, participating agencies have a global view of the drug issues in our region. By partnering with county and federal assets, participating officers are able to bring back information and training to patrol officers that will better equip officers to recognize and address drug related crimes, during their patrol assignments. Additionally, task force assigned officers working on active cases may also take advantage of possible asset forfeiture funds that may then be used to enhance the local agency's enforcement efforts. While we no longer have an officer assigned to this unit, we continue to share information and work collaboratively on an as-needed basis.

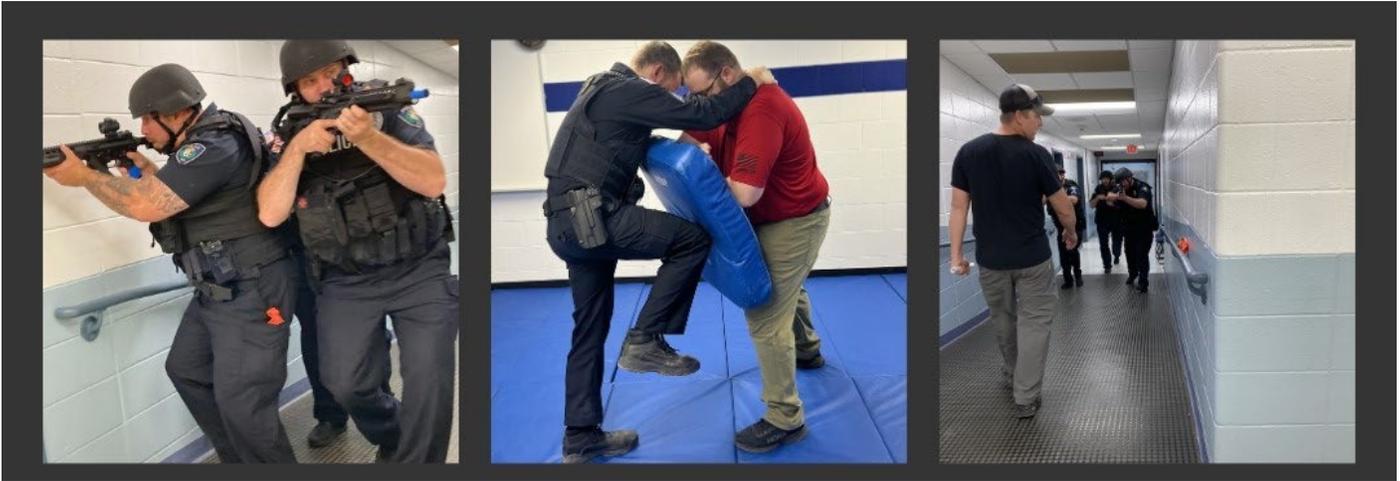

Civil Disturbance Unit –

This unit consists of specially trained officers from several law enforcement agencies in Waukesha County. The unit may be called upon by any community to assist with large gatherings and demonstrations, where law enforcement officials feel a large specially trained and equipped team of officers is needed. The department has two officers assigned to this unit.

In 2025, Elm Grove personnel assisted in one CDU deployment.

TRAINING

Training

The goal of the Elm Grove Police Department is to deliver the highest quality service to the community. In order to achieve this goal, our personnel must be familiar with the most recent changes in laws, court decisions, law enforcement techniques and technology. The Elm Grove Police Department utilizes many training programs presented by federal, state, and local levels to accomplish this goal. In addition, the Elm Grove Police Department has many talented individuals who are certified as instructors in areas such as: field training, firearms, defensive tactics, and crime prevention. These individuals provide in-house training at roll call presentations and specialized training sessions

Beginning in 2005, all members of the Elm Grove Police Department began an ongoing training program that will carry over into coming years. The National Incident Management System (NIMS) has been developed by the federal government to prepare responders in dealing with events that may occur in the community and stretch the available resources. During 2009 and continuing through 2025, all supervisory personnel continued the advanced training necessary to plan for and execute the long-term management of a significant incident.

The Elm Grove Police Department continues to educate their personnel on the newest techniques and available technology with the hopes of maintaining a level of service available only in Elm Grove.

ADVANCED MANAGEMENT TRAINING

Command staff members that have attended advanced management ten week programs:

The FBI National Academy:

Assistant Chief Ryan Unger, FBINA Class #295

Northwestern University, School of Police Staff and Command:

Chief Jason R. Hennen, SPSC Class #149

Assistant Chief Ryan Unger, SPSC Class #310

Lieutenant Natalie Riley, SPSC Class #462

Sergeant Preston Nobile, SPSC Class #518

Sergeant Christopher Douglas SPSC Class #462

Sergeant Paul Weber SPSC Class #602

Firearms Training

The Elm Grove Police has a formal training program which is designed to test and enhance the skills of the police personnel. In 2025, in addition to the Firearms training received during their annual In-service training, most officers received 15 additional hours of firearms instruction. The training program is designed by our Firearms instructors and is overseen by the Chief of Police. The instructors are certified as Firearms instructors by the Wisconsin Department of Justice. Having these instructors on staff enables the Department to train personnel while on duty. The training sessions begin with basic techniques, and then progress into emphasizing the importance of split second decision making coupled with the proper and proficient use of the firearm. Actual scenarios are duplicated on the range to test and refine the skills of the personnel. High stress scenarios are also designed with the use of force on force marking ammunition and live ammunition to depict dangerous situations that officers may encounter while at a residence, business or while on a traffic stop. The instruction also includes officer safety tactics, weapons safety, weapon retention, verbal skills, legal considerations and proper documentation if deadly force is used.

- In February and March, officers trained at the Brookfield Police Department firearms range using their Sig Sauer P320 .40 caliber service handguns. Officers transitioned to their new pistols and pistol-mounted optics, receiving instruction on optic use, handgun fundamentals, and completing the required qualifications.
- In August, officers trained at SRRGC firearms range using their Sig Sauer P320 .40 caliber service handguns and Sig Sauer 516 5.56 NATO rifles. Officers completed training which involved rapid fire, shooting while moving, and handgun transitions.

Defense and Arrest Tactics (DAAT)

The Elm Grove Police Department has a Defense and Arrest Tactics Training (DAAT) program which is designed so that officers will know and become efficient in the application of all the skills instructed in the DAAT curriculum. The DAAT system has a guideline which assists law enforcement officers to analyze a subject's behavior and to determine a reasonable level of force to use in response to that behavior. The techniques used in this system were adopted by the Wisconsin Department of Justice and the Law Enforcement Standards Board in 1987. There are five different modes contained in the system, they are: Presence, Dialog, Empty Hand Control Techniques, Intermediate Weapons, and Deadly Force. Each mode contains several techniques and skills which were instructed to the officers during the year, along with several other topics such as, Taser deployments, Taser Policy/Procedure review, and Taser usage within the DAAT Intervention Options. Officers practiced and trained in these techniques, as well as, a review and discussion of the Police Department Aggression Response Policy. Sergeant Preston Nobile and Officer Alex Hockett are the Department's certified DAAT instructors. Annually, each patrol officer receives approximately nine to twelve hours instruction.

- In January, Officers participated in DAAT training that included scenario training, covering intervention options and participating in multiple scenario-based drills to assess their decision-making and application of those options.
- In May, Officers participated in less lethal munitions training.
- In June, Officers participated in Taser skills training as our agency transitioned to the Taser 10.
- Officers also received 4 hours of DAAT training during Police In-Service Training held at Waukesha County Technical College throughout the year.

COMMUNITY SERVICES

ELM GROVE BIKE PATROL

The Elm Grove Police Department has several officers that are trained as bicycle patrol officers. The Department has four fully equipped mountain bikes. The existence of the bike patrol program is due to generous donations from citizens and businesses. The donations provided funds for the purchase of four mountain bikes, all of which are sized differently to accommodate the different sized officers. The first donations also included funds to purchase state of the art equipment and lighting as well as provide uniforms and training for our first bicycle patrol officers.

In 2025, when staffing levels permitted, bike patrol officers spent time patrolling on bikes, including special events. The patrol bicycles are used at special events such as the Memorial Day Parade, the Fourth of July Fireworks and festivities in the park, Concerts in the Park, Safety Village, Elm Grove Bicycle Safety, and can also be seen patrolling the Park n Shop and downtown area. They are also utilized to target special crime watch areas that have unusual increases of incidents such as burglaries or thefts from motor vehicles. The bike officers will conduct periodic patrols of the village, including remote areas that squad cars cannot enter. The bike patrol allows the officers to have one on one contact with the public. Members of the public are encouraged to approach the bike officers so they may answer any questions or address concerns. During 2025, the department completed its first full summer using a fleet of three e-bikes, improving officer engagement and accessibility during patrols and community events.

Drug Abuse Resistance Education

The D.A.R.E. program, which began in 1983, is a nationally acclaimed program in which specially trained police officers teach a 10-16 week anti-drug/anti-violence curriculum to elementary school students. D.A.R.E. teaches the 5th grade students the dangers of drug abuse, gives concrete ways to refuse peer pressure and teaches responsibility with risks and consequences, reinforces the concept that each person has a right to make their own healthy and wise choices, and gives the decision making life skills necessary to resist and stay away from any drugs, alcohol and violence. Studies show that students who have completed the D.A.R.E. program were five times less likely to start smoking compared to kids who did not participate in D.A.R.E. The Elm Grove Police Department had been teaching DARE since the early 1990's to approximately 2019. Following a five-year pause resulting from staffing shortages and the lack of a certified instructor, the D.A.R.E. program was successfully reestablished by the Department in Spring 2025.

The Department is excited to share that Officer Alexa Billstrom obtained her DARE certification in 2025 and has scheduled her first DARE classes in January of 2026.

School Resource Officer (SRO)

The Elm Grove Police Department is proud to have Officer Steve Weber serving as the School Resource Officer (SRO) at Pilgrim Park Middle School. Officer Weber, a dedicated law enforcement professional with over ten years of experience, assumed this role on January 1, 2024. Since then, he has made a significant impact on the school community by fostering a safe and welcoming environment for students, staff, and families. As an SRO, Officer Weber's responsibilities go beyond security; he plays an integral role in building positive relationships with students, providing mentorship, and supporting educational initiatives. Through daily interactions, he works to bridge the gap between law enforcement and youth, reinforcing trust and mutual respect. His proactive approach includes getting to know students personally, learning their names, and even creating unique handshakes to build rapport across all grade levels.

Officer Weber's outstanding commitment was recently recognized by Pilgrim Park Middle School when he received the **Panther Pride Award**, a new honor passed between staff and students to acknowledge those who make a meaningful impact. A sixth-grade student who nominated Officer Weber highlighted the sense of safety and belonging he brings to the school, stating:

"Officer Weber has made our school a better place by making people feel welcome by learning their name and learning handshakes with people in all grades. Also, he protects our school all school year. For example, it was scary to come to middle school, but he made me feel welcome. Now, because of him, everyone feels welcome."

This heartfelt nomination is a testament to Officer Weber's dedication to the students and staff at Pilgrim Park Middle School. His efforts exemplify the mission of the School Resource Officer program—creating a secure learning environment while fostering strong connections between law enforcement and the community.

The Elm Grove Police Department looks forward to Officer Weber's continued success in the SRO role and remains committed to supporting positive police-student relationships in our schools.

OTHER PUBLIC RELATIONS EFFORTS

NEW IN 2025.....ROLLIN WITH THE COPS... As part of the department's ongoing commitment to community engagement and proactive public safety education, the Elm Grove Police Department hosted *Rollin' with the Cops: Bike & Scooter Safety Night* at Elm Grove Village Park. This family-focused event provided officers with an opportunity to connect directly with residents in a relaxed, positive setting while delivering hands-on bicycle and scooter safety education to local youth. Participants engaged with officers during safety demonstrations, received practical riding tips, and took part in a group ride alongside officers, reinforcing trust and approachability. The event concluded with a community gathering at a local business, further strengthening partnerships and neighborhood relationships. Initiatives such as this reflect the department's emphasis on prevention, education, and meaningful community connection, and the Elm Grove Police Department looks forward to continuing and expanding this successful program in 2026.

CITIZEN POLICE ACADEMY ... began in 1998. It is safe to say each has come away with a greater understanding of what we do and the challenges we face. Our staff has learned from participants their perceptions, priorities, and concerns ... invaluable information to help us be more effective. Perhaps the best measure of success is the creation of an Alumni Association - by the graduates themselves - to continue their involvement with the Department. For more information about the Citizen's Police Academy, see the personnel section.

EXPLORER POST 177... has provided well over 120 teenagers the chance to learn about law enforcement and law enforcement officers. At least 25 alumni that we know of have pursued Criminal Justice careers, including, Lieutenant Natalie Riley, Assistant Chief Gus Moulas (ret.) and Chief Jim Gage (ret.). Just as importantly, dozens more are going through their lives with positive insights and attitudes regarding the police because of their experiences in this program. We did not have an Explorer Post in 2024.

SAFETY VILLAGE ... each August we have the chance to positively influence several dozen preschool children (and their parents). The opportunity to work with the Junior Guild, as an important influence in the community,

is seen as a real positive for us. Each year one officer is assigned to assist with instruction of important safety tips for our youngest of residents.

ANNUAL BICYCLE SAFETY PROGRAM ... each June the village has hosted this fun safety program for all area children, drawing 200-300 participants, and almost as many parents. The past few years, Park and Rec. has taken over the management of the program and the Brookfield Police Department and Elmbrook Hospital have joined us in making this a true community event. Our bicycle patrol officers and on-duty personnel always take advantage of meeting the public, by attending this program.

COLLEGE INTERN PROGRAM ... as staffing permits, we host a Criminal Justice college student for a ride-along program in which we evaluate the student, and for which they receive three credits. UW-M, Marquette, WCTC and MATC all have placed students with us. This program helps our Field Training Officers maintain their skills, gives the student a positive inside look at our Department, and maintains valuable relationships with the Universities and Voc- Techs.

BUSINESS SECURITY CHECKS ... we spend some 1100 hours each year checking the security of closed businesses, and the business community's sense of safety is well worth it. Though they rarely enjoy middle-of-the-night calls when doors or windows are found open, they realize and appreciate our vigilance. Through this function we maintain on-going relations with them, as we do through the process of updating and maintaining our "key holder" list.

RESIDENTIAL (VACATION) HOUSE CHECKS ... a program where a home owner can advise the police department that the residents will be away from the home and provide pertinent information about key holders and property condition, should something happen while the home owner is away. Officers will also check the home, from time to time, to ensure that there are no crime inviting issues or emergent problems with the property (i.e. burst water pipe, storm damage, etc.).

SECURITY NOTICES ... are another P.R. tool we use to encourage security awareness and assure citizens of our vigilance. Printed reminders inform them of open garage doors, mail & papers accumulated, or other crime-inviting situations.

AUTOMOBILE LOCK-OUT RESPONSES ... provide a convenient service to forgetful or careless motorists. Though very few Departments continue this function due to workload or liability concerns, it provides us the chance to perform as "rescuers" rather than our more common role as "enforcer": pure public relations!

AUTO SAFETY CHECKS ... certifications necessary for school personnel to transport students in their private vehicles. If we didn't do it, they would have to go to State Patrol Headquarters. Our image as "team players" is enhanced by this fairly simple service: the convenience is really appreciated by school staff.

FINGERPRINTING SERVICES ... is another convenient public service we offer to our residents or business people. These fingerprints are needed for securities licenses, adoptions, bartender licenses, and other employment requirements. While under no obligation to perform this service, we welcome the opportunity to meet and serve our citizens.

"NO PARKING" SIGN PROGRAM ... is yet another way we meet and serve our residents and service clubs. In what I believe is a unique program, we loan "No Parking" signs on posts to anyone holding special events that will likely generate parking problems. This system has citizens accepting joint responsibility with us for maintaining public peace and order - a concept all too rarely seen these days, and one of the main reasons, I'm convinced, of this community's low crime rate.

SCOUTING CITIZENSHIP BADGE TOURS ... give us the chance to show off our facility and explain our role in society to Cub Scouts and Brownies, who earn merit badges for the exercises. We typically give 2-4 such tours each semester, showing the police as the "good guys" to some 70 children per year.

CIVIC GROUP AND SCHOOL PRESENTATIONS ... we regularly provide speakers to civic groups such as the Rotary, Business Association, St. Mary's Senior Center, and others on specific topics or areas of general safety concerns. We also provide training and presentations on various topics to staff at Elm Grove schools. We're always pleased to give these presentations, and regardless of the group or the topic, a common theme is always "working together to make this a better community."

SPECIAL EVENT COORDINATION ... is one of the "fun" public relations arenas in which we participate. In an environment of mutual respect and community service, we help plan and coordinate the Memorial Day parade, 4th of July activities, soccer and tennis tournaments, Easter egg hunts, Rec programs, large funeral processions, and special school activities, to name a few. Working with the civic groups, schools, business groups, and other Village Departments is most rewarding, as is contributing to the success of these events, which help make this the great community that it is.

NOTARY PUBLIC SERVICES ... are available to the community at no charge. We usually have a Notary available from 8:00 A.M. to 4PM.

"TRAUMA" TEDDY BEARS ... are stocked in all patrol cars, the ambulance, and a fire truck. The value to a traumatized youngster of a huggable stuffed animal amid the turmoil of an auto accident, medical emergency, fire, or domestic dispute must be seen to be appreciated. This is another two-level public relations program: we (and the kids) "win" when we hand out a teddy bear; and our interaction with the service organizations that provide the toys is great community public relations in and of itself.

REACH-A-CHILD ... each patrol squad has a bag filled with children's books. When an officer encounters a child in crisis, they take the child to a safe place and the child chooses a book for them to read together, thus giving comfort to the child while also distracting them from the source of trauma.

RADAR TRAILER ... purchased with a private donation, conveys to drivers our sincere interest in traffic safety. No tickets are written: the only goal is motorist awareness and voluntary compliance with speed laws. Our website & in-person request programs foster even more citizen involvement and create yet another opportunity for us to work side by side with residents toward a safer community. We added a new speed trailer in 2024 which was paid for by a generous donation.

MUNICIPAL COURT

COURT BAILIFF DUTIES

The Court Bailiff duty assignment is performed by sworn police officers. Officer salary, while performing this function, is paid by the Municipal Court operating budget.

Officers assigned to Court Bailiff duties are responsible for, but not limited to, the following duties:

- Security and protection of all persons attending Municipal Court.
- Maintain proper order and decorum as directed by the Court.
- Be available to Court personnel and be present in Municipal Court, during the duration of the assignment.
- Be accepting of learning new tasks to assist Court personnel in maintaining efficient and effective operations.
- Be able to answer basic questions about Court procedure without providing advice to defendants.
- Maintain a competent and professional uniformed presence.
- All other lawful duties as assigned by the Court Clerk and Municipal Judge.

Municipal Court Operations

2021 Actual	2022 Actual	2023 Actual	2024 Actual	2025 Actual	2026 Budget
\$99,836	\$113,972	\$122,952	\$114,816	\$122,060	\$125,375

Department Description:

Functions

This program provides for costs associated with the processing, prosecution, adjudication, and appeal of approximately 2,400 municipal cases per year, and all associated record keeping.

Personnel

Judge	Part-time elected position
Court Clerk (police department employee)	.6 FTE
Court Assistant	.1 FTE
Bailiff- Police Officer (overtime)	75 hours per year

Services/Duties

- Track each municipal citation from issuance to final adjudication;
- schedule initial appearances and trials;
- reconcile fines collected and distribute funds as required by law;
- coordinate appeals and jury trial requests;
- reconcile and distribute bails collected;
- effect court-ordered driver's license/registration suspensions;
- maintain court docket;
- prepare for and manage court nights;
- provide trial transcriptions and discovery demand records;
- Coordinate all functions with Municipal Judge, Municipal Attorneys, Police Department, and defendants/defense attorneys.

MISCELLANEOUS

Reportable Traffic Accidents

In 2025, 112 reportable traffic accidents occurred in the Village of Elm Grove. This represents a 16.67% increase in accidents compared with 2024. 88 resulted in property damage only, and 23 accidents resulted in personal injuries, and 1 resulted in a fatality.

Reportable accidents are any accidents which involve at least one motor vehicle in transport and result in injury or fatality of a person, or total damage to one person's property to an apparent extent of \$1,000 or more, or damage to government-owned property to an apparent extent of \$200 or more (except government-owned vehicle which is \$1,000).

ACCIDENTS	2024	2025	2025 (-) 2024 Comparison
Motor Vehicle Accident - Fatal	1	1	0.00%
Motor Vehicle Accident - Personal Injury	10	23	130.00%
Motor Vehicle Accident - Property Damage Only	85	88	3.53%
TOTAL REPORTABLE MOTOR VEHICLE ACCIDENTS	96	112	16.67%
Motor Vehicle Accident - Hit and Run	10	14	-40.00%

Motor Vehicle Fleet

The Elm Grove Police Department maintains a fleet of nine vehicles. Vehicles are funded through the capital budget. Two cars are purchased during even years and one car is purchased during odd years. The 2025 maintenance budget was \$8,000.00. The 2025 budgeted fuel costs were \$30,000. The vehicles are assigned, as follows:

- 2017 Ford Police Interceptor SUV. Used by the Lieutenant and Assistant Chief.
- 2018 Ford Police Interceptor SUV. Used for school assignments, training and by volunteers for assigned functions.
- 2019 Ford Police Interceptor SUV. **Disposed of by Auction in 2025**
- 2022 Ford Police Interceptor SUV. This is a single use vehicle, currently assigned to the Police Chief.
- 2022 Ford Police Interceptor SUV. Secondary patrol use.
- 2023 Ford Police Interceptor SUV. Detective unmarked vehicle.
- 2023 Ford Police Interceptor SUV. Marked School Resource Officer vehicle.
- 2025 Ford Police Interceptor SUV. Primary patrol use. **Acquired in 2024.**
- 2025 Ford Police Interceptor SUV. Primary patrol use. **Acquired in 2024.**
- 2025 Ford Police Interceptor SUV. Shift Commander marked vehicle. Secondary front-line patrol use. **Acquired in 2025.**

DEER CULLING SAFETY MANAGEMENT

The goal population for deer within Village borders is 25 deer per square mile of habitat. This population goal was established by referencing the Milwaukee Metro Unit (77M) whose deer population had been similarly established (Southeastern Wisconsin Urban Deer Taskforce Final Report 1994). Population goals range from 10–35 deer per square mile of habitat throughout the state depending on habitat, climate and human condition. Monitoring of the deer population annually confirms the Village is achieving the determined goal population.

Elm Grove's deer habitat includes the area of .79 square miles or 504 acres. Therefore, if the deer population increases to more than 25 deer per square mile of habitat, or 20 deer, then the deer are actively managed. Deer may be managed to half the habitat amount, or 10 deer.

The Police Department, by direction of the Police Chief, oversees and inspects all deer sharpshooting locations. The Village contracts with Wildlife Management Services to maintain deer populations in Elm Grove.

Access to prior deer sites has been limited, compared to past years. As a result, the village board approved the netting of deer. This will allow deer culling without having to gain neighbor approval, since no firearm is involved. There were no deer count or culling conducted in 2022, 2023, or 2024.

In 2025, car vs. deer crashes were once again the lowest in 22 years. Over the past few decades, the frequency of car-deer accidents has fluctuated without a consistent trend. Historically, these incidents have accounted for 1.3% to 10.9% of total accidents annually, with an average of 4%–5%. In 2025, only two car-deer accidents occurred, representing 1.8% of the 112 total accidents for the year. This marks a significant decrease from 2022, when seven such incidents comprised 5.3% of the total. The current frequency is among the lowest recorded in recent years.

The consistent decline since the peak in 2010, when car-deer accidents represented 10.9% of total accidents, suggests that culling is not necessary at this time. Several factors may contribute to this downward trend, including improved driver awareness, reduced deer movement in urbanized areas, and habitat modifications like fencing and vegetation control. Together, these measures appear to have successfully mitigated risks, making additional population control through culling unlikely to provide further benefits.

Car-deer collisions currently represent a small proportion of total accidents in Elm Grove and do not pose a significant public safety concern compared to other causes. While higher frequencies in past years might have warranted action, the recent low numbers indicate that culling should only be considered if collision rates or ecological impacts increase in the future.

The Police Department recommends continuing to monitor car-deer collision trends and maintaining alternative preventative measures, such as driver education and habitat modifications. These approaches will ensure public safety without resorting to culling unless necessary.

ELM GROVE POLICE DEPARTMENT

MEMO

January 20, 2026

TO: Tom Harrigan, Village Manager

FROM: Jason Hennen, Chief of Police

SUBJECT: 2025 Car vs. Deer Accident Update

The following is an update to the annual memo detailing car-deer accidents. The 2025 accidents have been added to the running totals listed below.

Car-Deer Accidents

A review of such reported accidents from 1992 through 2025 reveals the following:

FREQUENCY

YEAR	CAR-DEER ACCIDENTS	TOTAL ACCIDENTS	CAR-DEER % OF TOTAL
1992	11	250	4.4
1993	10	262	3.8
1994	11	301	3.7
1995	17	291	5.8
1996	10	296	3.4
1997	5	307	1.6
1998	13	297	4.4
1999	10	245	4.1
2000	8	293	2.7
2001	5	261	1.9
2002	13	232	5.6
2003	11	241	4.6
2004	11	202	5.5
2005	12	227	5.3
2006	3	234	1.3
2007	5	210	2.3
2008	4	222	1.8
2009	6	165	3.6
2010	17	155	10.9
2011	5	168	2.9
2012	6	170	3.5
2013	7	183	3.8
2014	7	209	3.4
2015	7	167	4.2
2016	7	203	3.4
2017	4	205	1.7
2018	7	173	4.0
2019	6	216	2.7
2020	4	114	3.5

2021	7	119	5.9
2022	7	131	5.3
2023	3	114	2.6
2024	3	96	3.1
2025	2	112	1.8

Jason R. Hennen, Chief of Police

PROGRAM BUDGETS

Police Department Operations

2021 Actual	2022 Actual	2023 Actual	2024 Actual	2025 Actual	2026 Budget
\$2,336,254	\$2,359,231	\$2,558,585	\$2,726,082	\$3,039,133	\$2,978,350

Department Description:

This program provides funding for costs associated with preventative patrol; criminal and traffic law enforcement; investigations; requests for assistance; community problem-solving; maintenance of the peace; prosecution of offenders; community education and awareness; records maintenance; and assistance to other Village Departments.

PERSONNEL:	Full-time Equivalency FTE
Police Chief	1
Assistant Chief	1
Lieutenant	1
Sergeant	3
Detective	2
Patrol Officers	10
School Resource Officer	1
Subtotal- sworn officers	19
Administrative Assistant (part-time court)	.4
IT manager (shared with General Government)	1
Total	20.4

Services/Duties

PATROL: High-visibility preventative patrol establishes a police presence and sense of security in the community, while officers are on watch for

- traffic, criminal and Village code violations,
- hazardous conditions;
- crime-inviting situations;
- persons in need of assistance;
- opportunities for citizen interaction.

TRAFFIC: Activities aimed at maintaining and improving traffic safety and orderliness. Includes:

- accident investigation;
- traffic enforcement;
- parking enforcement;
- assisting motorists;
- investigating traffic complaints and suspicious vehicles;
- bicycle code enforcement;
- traffic management at special (planned or unplanned) events.

CRIMINAL:

- investigation and reports on criminal activities;
- evidence processing and storage;
- felony and misdemeanor apprehensions;
- prisoner processing;
- non-arrest and juvenile dispositions;
- other investigations;
- field interviews;
- special details;
- case management;
- false alarm management.

ADMINISTRATIVE & GENERAL:

- building and residential checks;
- animal calls;
- assist citizens;
- assist other Village Departments (including EMS as EMT-Basics and Paramedics);
- municipal & circuit court preparation and testimony;
- public relations;
- crime prevention;
- department administration- internal affairs, policy development, recruitment, coordination, training, personnel supervision and development;
- equipment service;
- planning and budgeting,
- records management
- supervision and management of dispatch
- management and scheduling of municipal court security.

Dispatch Department Operations

2021 Actual	2022 Actual	2023 Actual	2024 Actual	2025 Actual	2026 Budget
\$527,787	\$510,640	\$541,486	\$563,507	\$599,003	\$621,565

Department Description:

This program provides funding for costs associated with maintaining the Dispatch Center, the community’s only 24 hour/day, 7day/week link with their local government. Program also provides clerical and record keeping function to police; and communication services to Police, Fire and EMS Departments; and off-hours communications to Public Works and General Government.

PERSONNEL:	Full-time Equivalency FTE
Dispatchers	6 FTE

Services/Duties

DISPATCH:

- Receive and react to all citizen calls for service, information and emergency (911) assistance.
- Provide communications for Police, Fire, EMS;
- Provide after-hours service to Public Works and General Government.

CLERICAL:

- Perform all routine clerical services for Police Department, including the time-critical transcription of reports needed for court proceedings.
- Maintain numerous databases (ie: keyholders, master name index, home check list, etc.)
- Perform initial record keeping for Fire and EMS calls.
- Provide walk-in service for Police, EMS, and Fire.
- Provide after-hours security monitoring for entire complex, and at all times for officer’s prisoner processing.

ELM GROVE EMS MONTHLY RUN REPORT

REPORTING MONTH: DECEMBER 2025

DEFINITION OF METRICS

Calls for Service: Total number of EMS calls.

Chute Time: Time from dispatch to ambulance leaving the station.

Response Time: Time from dispatch to ambulance on scene.

Scene Time: Time spent on scene.

Dispatched to Call Closed: Total time from dispatch to back in quarters.

Man Hours: Total time spent on calls by EMS personnel.

SUMMARY OF METRICS

Metric	Monthly Average	Year-to-Date Average
Calls for Service	40	476
Average Chute Time	3:37	4:33
Average Response Time	7:03	9:44
Average Scene Time	22:01	22:55
Dispatched to Call Closed	55:11	54:42
Man Hours Spent on Calls	79:05	1171:29

Village of Elm Grove 2026-2027 Poll Worker Appointments

January 2026 Supplemental List

UA - Unaffiliated

	Affiliation	Pollworker
1	UA	John Allen
2	UA	Shevonne Anderson
3	UA	Russ Barcelona
4	UA	Joanne Clauser
5	UA	Nancy Fennell
6	UA	Shelby Hader
7	UA	Mary Kathleen (Kathy), Keenan
8	UA	Margaret (Margie) Kelley
9	UA	Rae Mayer
10	UA	Sandy Multerer
11	UA	Karen Steen
12	UA	Kristin Tory

Memo

To: Board of Trustees
From: Thomas Harrigan, Village Manager
Date: January 23, 2026
Re: Review of Agenda Items for January 27, 2026

1. **Review and act on the request from Elmbrook Humane Society to terminate the appointments of Humane Officers Starr Vigo #566 and Beth Blackwood #564 effective January 1, 2026. following the discontinuation of the Humane Officer Program.**

The Village has engaged Elmbrook Humane Society for services in 2026 under a new service model. The Village Board will need to take official action terminating previously issued Humane Officer appointments. The request is prompted by the discontinuation of the Humane Officer program by the Elmbrook Humane Society, effective January 1, 2026. Formal Board action is needed to ensure the appointments are properly rescinded within required timeframes and to maintain clear legal and administrative records regarding the status of those appointments.

2. **Review and act on the approval of the Urban Wildlife Damage Abatement and Control Agreement.**

The Village has officially been awarded the WDNR Urban Wildlife Damage Abatement and Control Grant to assist with the upcoming deer abatement effort. At this time, the Village Board must take action to accept the grant agreement.

Under the agreement, the Village is responsible for completing the approved urban wildlife damage abatement project in accordance with the scope and conditions approved by the DNR. The grant provides up to \$5,000 toward a total project budget of \$15,000, with the remaining \$10,000 funded by the Village. All project activities and eligible costs must occur within the two-year grant term, which runs through January 12, 2028. Grant funds are reimbursement-based and may only be used for eligible expenses.

I am requesting the Board of Trustees authorize the Village Manager to execute the grant agreement and administer the project in compliance with DNR requirements.

3. Update on the Underwood Creek Daylighting Bid Opening

The bid opening for the Underwood Creek Daylighting construction will take place on Tuesday, January 27th at 1:30 p.m. I will have the bid tabulation prepared for review Tuesday evening.

December 22, 2025

Village of Elm Grove
13600 Juneau Blvd
Elm Grove, WI 53122

Dear Crystal Turner,

I am writing to request the termination of the Humane Officer appointments for Starr Vigo and myself, Beth Blackwood. Elmbrook Humane Society will be discontinuing Humane Officer services effective January 1, 2026.

Pursuant to Wisconsin Administrative Code ATCP 15.10(1), the appointing political subdivision is required to notify the Wisconsin Department of Agriculture, Trade and Consumer Protection in writing whenever a humane officer is appointed or terminated. This notification must be submitted within 30 days of the termination and must include the following information:

- The identity of the political subdivision
- The name and address of the humane officer
- The humane officer's certification number, if currently certified
- The date of termination

The termination notification should be sent to the following recipient:

Dr. Yvonne Bellay
Animal Welfare Programs Manager, DATCP
2811 Agriculture Drive
PO Box 8911
Madison, WI 53708

Please confirm once the termination notice has been sent to DATCP. If any additional information is needed from me to complete this process, I am happy to provide it.

Thank you for your assistance.

Beth Blackwood
Animal Operations Director
Elmbrook Humane Society

► **REQUIRES IMMEDIATE ACTION** ◀
Urban Wildlife Damage Abatement & Control
Grant# UWDAC26-197
Grant Amount: \$5,000.00

TOM HARRIGAN, VILLAGE MANAGER
VILLAGE OF ELM GROVE
13600 JUNEAU BLVD
ELM GROVE, WI 53122

Dear Mr. Harrigan:

Congratulations! On behalf of the Governor, we are pleased to forward to you a grant agreement for financial assistance for your Urban Wildlife Damage Abatement and Control project.

Please review the agreement and return a copy signed by the authorized official **within 30 days of this letter's date** to Wendy Soleska at the Bureau of Community Financial Assistance, 101 S Webster St, Madison, WI 53707 or wendy.soleska@wisconsin.gov Your grant is not official until you have returned the signed copy. Please read the items checked below. They apply to your project and grant award.

Grant Award Time Period: Date you sign the award agreement through January 12, 2028. All project activities must occur within this time period to be eligible costs for reimbursement.

Advance or Reimbursement Check: Reimbursement claim forms and/or financial administration information can be found by going to the DNR Urban Wildlife Damage and Abatement Control grant web page: <http://dnr.wi.gov/Aid/UWDAC.html>

Changes to the approved project scope may not be made without prior approval from the Department.

Feel free to contact Wendy at Wendy.Soleska@wisconsin.gov or by phone 608-852-1358, if you have any questions about your grant award or the reimbursement procedures.

Sincerely,

Jim Ritchie, Director
Bureau of Community Financial Assistance

C: Wendy Soleska – CF/2

NOTICE: Personally identifiable information will be used to administer the grant and will not be used for other purposes. Information will be made accessible to requesters under Wisconsin's Open Records law (Sec. 19.39 Wis. Stats.).

PROJECT SPONSOR VILLAGE OF ELM GROVE	Project Grant Number UWDAC26-197
--	--

Name of Program & Plan/Project Title: Urban Wildlife Damage Abatement and Control Grant Program

Period Covered by This Agreement: <i>Two years from the date of the PROJECT SPONSOR's signature of this agreement for an <u>urban wildlife project</u>.</i>
--

PLAN: Develop urban wildlife population control plan	
PLAN: Monitor wildlife populations/establish estimates	
PROJECT: Monitor wildlife populations/establish estimates	
PROJECT: Remove deer using sharpshooters	X
PROJECT: Capture and translocate deer or geese	
PROJECT: Implement managed hunts	
PROJECT: Remove resident Canada geese	
PROJECT: Perform health and tissue sampling	X
PROJECT: Process/distribute to charitable organization	X
PROJECT: Modify habitat	
PROJECT: Implement other control/abatement practices	
Total Estimated Plan and Project Costs	\$15,000.00
Grant Share	Available funding not to exceed 50% or \$5,000
Total Grant Funding (not to exceed \$5,000)	\$5,000

Plan/Project Cost Total Cost: \$ 15,000.00 Fund Support: Available Funding Not to Exceed \$5,000 State Grant Amount: \$ 5,000.00 <i>(not to exceed 5,000)</i> PROJECT SPONSOR Share: \$ 10,000.00	The following documents are hereby incorporated into and made part of this agreement: 1. Section 29.887, Wis. Statutes; 2. Chapter NR 50, Wis. Adm. Code; 3. Urban Wildlife Damage Abatement and Control Grant Application Form 2300-267 and attachments; 4. Urban Wildlife Damage Abatement and Control project approved by the Department on 12/10/2025.
---	---

A. GENERAL CONDITIONS

1. **PERFORMANCE.** The State of Wisconsin Department of Natural Resources (hereafter DEPARTMENT) and the VILLAGE OF ELM GROVE (hereafter PROJECT SPONSOR) mutually agree to perform this agreement in accordance with the Urban Wildlife Damage Abatement and Control Grant Program and with the project proposal, application, terms, promises, conditions, plans, specifications, estimates, procedures, maps, and assurances attached hereto and made a part hereof.
2. **INDEPENDENT CONTRACTOR.** The PROJECT SPONSOR is an independent contractor for all purposes, not an employee or agent of the DEPARTMENT.
3. **ENTIRE GRANT AGREEMENT.** This agreement, together with any referenced parts and attachments, shall constitute the entire agreement and previous communications or agreements pertaining to the subject matter of this agreement are hereby superseded.
4. **GRANT AGREEMENT AMENDMENTS.** Any cost adjustments must be made by a written amendment to this agreement, signed by both parties, prior to the expenditure of funds or the termination date of the agreement. Adjustments for time of performance or scope of work may be granted to the PROJECT SPONSOR by the DEPARTMENT in writing without the requirements of PROJECT SPONSOR's signature.
5. **SUSPENSION OF OBLIGATIONS.** Failure by the PROJECT SPONSOR to comply with the terms of this agreement shall not cause the suspension of all obligations of the DEPARTMENT hereunder if, in the judgment of the Secretary of the DEPARTMENT, such failure was due to no fault of the PROJECT SPONSOR. In such cases, any amount required to settle at minimum costs any irrevocable obligations properly incurred shall be eligible for assistance under this agreement, at the DEPARTMENT's discretion.

B. The PROJECT SPONSOR agrees:

- a. **OFFER ACCEPTANCE.** To notify the DEPARTMENT, in writing, of acceptance of this offer by delivering to the UWDAC Grant Manager one original agreement duly signed by the authorized representative. Once signed, the agreement is binding. **Return the signed agreement within 30 days of receipt.** Signed copy may be scanned and emailed.
- b. **DECLINING OFFER.** To notify the DEPARTMENT, in writing, of its decision to decline this offer of financial assistance at any time prior to the start of the project and before expending any funds. After the project has been started or funds expended, this agreement may be terminated, modified, or amended only by mutual agreement of both parties in writing.
- c. **EXECUTION OF AGREEMENT.** To execute the project described in the grant agreement in accordance with this agreement in consideration of the promises made by the DEPARTMENT herein.
- d. **APPLICABLE LAW.** To comply with all applicable Wisconsin Statutes and Wisconsin Administrative Codes in fulfilling the terms of this agreement.
- e. **BIDDING.** To comply with all applicable local and state contract and bidding requirements. The PROJECT SPONSOR should consult its legal counsel with questions concerning contracts and bidding.
- f. **ACCOUNTING AND FISCAL RECORDS; RECORDS RETENTION; ACCESS.** Accounting and fiscal records shall be maintained to reflect the receipt and expenditure of all funds used for this project. If an advance is provided, all grant funds shall be credited promptly upon receipt in a separate account. These funds shall be expended only for project costs. Accounts, documents, and records related to this project shall be retained by the PROJECT SPONSOR for a period of three (3) years following the end of this agreement. The PROJECT SPONSOR agrees to allow the DEPARTMENT access to these records upon request.
- g. **INDEMNIFICATION.** To save, hold harmless, defend, and indemnify the State of Wisconsin, the DEPARTMENT and all its officers, employees and agents, against any and all liability, claims and costs of whatever kind and nature, for injury to or death of any person or persons, and for loss or damage to any property (state or other) occurring in connection

with or in any way incident to or arising out of the occupancy, use, service, operation or performance of work in connection with this agreement or omissions of PROJECT SPONSOR's employees, agents or representatives.

- h. **REPAYMENT; TERMINATION.** To reimburse the DEPARTMENT any and all funds the DEPARTMENT deems appropriate in the event the PROJECT SPONSOR fails to comply with the conditions of this agreement or project proposal as described or fails to provide public benefits as indicated in the project application, proposal description, or this agreement. In addition, should the PROJECT SPONSOR fail to comply with the conditions of this agreement, fail to progress due to nonappropriation of funds, or fail to progress with or complete the project to the satisfaction of the DEPARTMENT, all obligations of the DEPARTMENT under this agreement may be terminated, including further project cost payment. Upon notification of grant termination, any grant advance or payment not substantiated by documentation shall be immediately returned to the DEPARTMENT by the PROJECT SPONSOR.
- i. **NON-DISCRIMINATION.** In connection with the performance of work under this agreement, the PROJECT SPONSOR agrees not to discriminate against any employee or applicant for employment because of age, race, religion, color, disability, handicap, sex, physical condition, developmental disability as defined in s. 51.01(5), Wis. Status, sexual orientation or national origin. This provision shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation; and selection for training, including apprenticeship. The PROJECT SPONSOR further agrees to take affirmative action to ensure equal employment opportunities, as required by law. The PROJECT SPONSOR agrees to post in conspicuous places available, for employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of the nondiscrimination clause.

C. The DEPARTMENT agrees:

- a. **ENCUMBRANCE AND PAYMENT.** In consideration of the covenants and agreements made by the PROJECT SPONSOR herein, to obligate for the PROJECT SPONSOR the amount listed as the State Aid Amount on the first page of this agreement and to tender to the PROJECT SPONSOR that portion of the obligation which is required to pay the DEPARTMENT's share of the costs based upon the state providing 50 percent of the eligible project costs not to exceed a maximum of \$5,000.00.
- b. **INDEPENDENT CONTRACTOR.** That the PROJECT SPONSOR shall have sole control of the method, hours worked, and time and manner of any performance under this agreement other than as specifically provided herein. The DEPARTMENT reserves the right only to inspect the job site or premises for the sole purpose of ensuring that the performance is progressing or has been completed in compliance with the agreement. The DEPARTMENT takes no responsibility of supervision or direction of the performance of the agreement to be performed by the PROJECT SPONSOR or the PROJECT SPONSOR's employees or agents. The DEPARTMENT further agrees that it will exercise no control over the selection and dismissal of the PROJECT SPONSOR's employees or agents.
- c. **ACCESS TO RECORDS.** To retain its right to examine all accounts, documents, and records of the PROJECT SPONSOR as they relate to this agreement.
- d. **TERMINATION.** To reserve its right to terminate this agreement for failure by the PROJECT SPONSOR to comply with any provision of this agreement.

D. SPECIAL CONDITIONS

- 1. The PROJECT SPONSOR agrees to comply with all applicable United States Fish and Wildlife regulations in fulfilling the terms of this agreement.
- 2. **The PROJECT SPONSOR agrees to file a final report with the Department along with its final reimbursement request upon plan and/or project completion.** Claims for payment must be submitted within one year of the project termination date.
- 3. Organizations shall comply with annual Single Audit requirement as specified in OMB Circular A-133 "Audit of States, Local Governments, and Non-Profit Organizations" and the Wisconsin State Single Audit Guidelines at

<http://doa.wi.gov/Divisions/Budget-And-Finance/Financial-Reporting> issued by the Wisconsin Department of Administration (DOA), State Controller's Office (SCO).

PLAN COMMISSION MEETING MINUTES
Monday, January 5, 2026 * 5:00 PM * Court Room

13600 Juneau Boulevard, Elm Grove, WI 53122

1/5/2026 - Minutes

1. Roll call

President Koleski called the meeting to order at 5:00 p.m.

Present:

- President Koleski
- Ms. Becker
- Mr. Cashin
- Mr. Fronberry
- Ms. Peter
- Ms. Stuckert
- Mr. Termuehlen (arrived at 5:02 p.m.)

Absent:

- None.

Also Present:

- Thomas Harrigan, Village Manager
- Ethan Sowl, Assistant Village Manager / Zoning & Planning Administrator

2. Review and act on meeting minutes dated December 1, 2025

Mr. Cashin made a motion to approve the minutes. Ms. Becker seconded. Motion passed 7-0.

3. Interview Consultants for Integrated Comprehensive and Downtown Master Plan

President Koleski stated that the Commission, as previously discussed, will be interviewing the three finalists this evening. Each consultant will have 20 minutes for their presentation, followed by a question-and-answer session with the Commission. Each commissioner is encouraged to ask one question per interview.

Studio gwa / Redevelopment Resources

Represented by Kristen Fish-Peterson and Dayna Sarver of Redevelopment Resources and Ashley Sarver, Aaron Halvorsen, and Michael Smith of Studio gwa, the consultant delivered a timed 20-minute presentation to the Commission.

Ms. Peter asked if the two consultant firms work together often. Fish-Peterson and A. Sarver stated that they frequently work together on projects similar to Elm Grove's, but also complete projects individually.

[Mr. Termuehlen, Ms. Stuckert, and Mr. Fronberry asked questions; however, the meeting recording did not pick their voices up.]

Ms. Becker asked how they have handled individuals who are resistant to redevelopment or the project at-large in past work. Fish-Peterson stated that they have used a PR firm in the past for a particularly controversial project, using a "diffuse and enthruse" strategy to address negative voices while also ensuring they feel included in the project. A. Sarver stated that, in these situations, it is also incumbent upon the consultant to adjust plan concepts if the community is unsupportive of it.

Mr. Cashin asked what they thought is unique about Elm Grove. Additionally, Cashin asked where there are areas of growth for the Village. A. Sarver stated that Elm Grove's natural beauty and old growth trees are impressive. Sarver observed that a section of the Village's downtown is very walkable with nice lighting, while the section west of the tracks is less walkable and is designed to make people feel closer to the street, albeit still probably inclusive of many great businesses.

President Koleski asked if the project team has had experience in making people determine priorities in the public engagement process, specifically utilizing nominal voting/scaling techniques. Fish-Peterson stated that she has facilitated an activity utilizing Monopoly money to encourage participants to place a dollar amount on their choices. D. Sarver stated that she has found that including an open-ended "Other" question in online surveys encourages respondents to provide quantifiable anecdotal data.

RINKA / MSA

Represented by Eric Mayne of RINKA and Stephen Tremlett, Brian Wiedenfeld, and Morgan Shapiro of MSA, the consultant delivered a timed 20-minute presentation to the Commission.

Mr. Fronberry asked how the project team handles change throughout a planning process. Tremlett stated that it is about listening to property owners and constituents and hearing what their direction is to identify strategies to help the community thrive.

Ms. Becker stated that the visuals provided in the proposal and presentation are lovely, emphasizing branding is an important aspect of a successful plan. Becker shared her concern that the two consultants have not worked together in the past, asking how responsibilities would be divided amongst both groups. Mayne responded that RINKA would be primarily responsible for the downtown plan, with MSA leading the comprehensive plan. Becker asserted the importance that the downtown plan be naturally embedded within the overall comprehensive plan. Mayne stated that it is to the Village's benefit having two teams of experts working on this project. Mayne stated that the comprehensive plan will launch earlier, particularly to gather important data. However, Mayne ensured that the two plans will be on parallel tracks. Tremlett emphasized the importance of the project work group, described in detail in the proposal, which will ensure both plans are working in concert.

Mr. Cashin asked if the project team has had any initial thoughts on improving pedestrian and vehicular traffic flow in the downtown. Mayne stated that the Daylighting project will create a buffer along the tracks for improved traffic flow opportunities.

Ms. Peter asked Mayne how he would answer the question, "what would you do with Elm Grove next?" Mayne stated that there could be more placemaking-type destinations within the downtown.

Mr. Termuehlen stated that Elm Grove is largely built out, emphasizing the importance of engaging with property owners within the downtown to achieve community goals. Termuehlen asked what strategies the project team would suggest in aligning downtown property owners with the Village's vision, particularly if they don't share in that vision. Mayne stated that aligning with existing landowners in an effort to help them better understand the benefits to their interests in addition to community benefits is important. Tremlett stated that identifying low-hanging fruit opportunities for redevelopment or enhancement of the downtown is important at the outset to gather buy-in from surrounding property owners.

Ms. Stuckert stated that public survey issued as part of the 2019 downtown planning effort asked residents what amenities and types of development they would like to see. However, some of the answers ended up including lengthy, unrealistic wish lists of items without an understanding of their market feasibility. Stuckert asked how the project team would ask the right questions so as not to repeat the past. Shapiro, who would be responsible for developing the survey questions, stated that achieving a more holistic understanding of what residents love about

Elm Grove is important. Understanding why residents choose to live in the community, what they think about the schools, parks, and other community resources is important in informing their preferences on economic development within the downtown.

President Koleski asked how the project team would look at the downtown from massing standpoint; what have other communities of Elm Grove's size done to retain, attract, and repurpose? Tremlett stated that it is important to identify a small, but catalytic site to reinvigorate the downtown. Tremlett stated that the Village should also continue to invest in the downtown, including in pathways or sidewalks to make it more walkable.

Vandewalle & Associates

Represented by Jackie Minch, Meredith Perks, and Jeff Maloney, the consultant delivered a timed 20-minute presentation to the Commission.

Ms. Peter asked if the project team has any ideas or suggestions for parking within the downtown. Minch emphasized the importance of on-street parking policies, specifically including time limits. Additionally, encouraging joint parking within the downtown is another strategy.

Mr. Termuehlen stated that many property owners within the downtown have their own parking arrangements with nearby properties, but that there is not always a rhyme-or-reason to it when viewing the downtown as a whole. Termuehlen asked how the project team would suggest engaging with property owners to address this issue. Maloney suggested some sort of Village participation in reviewing the right-of-way to evaluate on-street parking opportunities. Maloney also suggested providing some restrung design recommendations to property owners to help them see the benefits of different arrangements.

Ms. Stuckert stated that public survey issued as part of the 2019 downtown planning effort asked residents what amenities and types of development they would like to see. However, some of the answers ended up including lengthy, unrealistic wish lists of items without an understanding of their market feasibility. Stuckert asked how the project team would ask the right questions so as not to repeat the past. Maloney stated that survey questions should be framed to help residents understand that their desires for the downtown may require certain types of other development to be realistic.

Mr. Fronberry asked if the project team had any suggestions for potential improvements along Watertown Plank Road. Maloney stated that pedestrian walkway/pathway improvements to the downtown would be helpful. Maloney stated that, ultimately, it would depend on how aggressive the Village wants to be in pursuing development/redevelopment.

Ms. Becker asked how the project team handles opposition to elements of proposed plans in an effort to preserve public trust in the process. Minch stated that, ultimately, the plan is the Village's, not Vandewalle's. Maloney stated that you have to take extra care with people and talk to them about plan elements facing opposition, ensuring everyone is on the same page as to its meaning. Maloney stated that, sometimes, misunderstandings are what creates opposition. Minch stated that they are also not afraid to scale back recommendations while ensuring key plan elements that are important to the community remain.

Mr. Cashin stated that he like their comment of approaching the downtown plan as a refresh or refresh-plus. Cashin asked them to elaborate on how this may apply to Elm Grove. Minch stated that identifying uses that the community would like to attract downtown and what the appetite is for downtown gathering spaces/plazas and providing renderings/visuals of proposed examples. Maloney suggested that an inventory of existing buildings may be helpful to identify opportunities for adaptive reuse, redevelopment and other improvements.

President Koleski stated that he is a very visual person and asked how the project team plans to help the community visualize what is being proposed as part of this planning process. Maloney stated that most of the visuals Vandewalle creates are drawn by hand at a sketch level. This is done purposefully so as not to get the community stuck on specific design details such as facade materials and colors, etc. However, Maloney stressed the importance that visuals identify preferred height, massing, building location, building orientation, and parking.

President Koleski asked how the project team plans to manage those opposed to the project or the "loud voices." Maloney stated that having side conversations with those individuals is important, communicating to them that the purpose of the plan is to communicate to the development community what is acceptable to the Elm Grove community. This is the opportunity to express the community's vision, not as much as when an active development proposal is being considered.

Review of Proposals

President Koleski asked if Trustee Olson, who was in the audience, would like to share his thoughts on the interviews. Olson responded to the concerns surrounding RINKA and MSA's lack of experience working together in the past, recalling his own personal experience in responding to these types of RFPs. Olson stated that choosing the most strategic partner to complete the project at hand is the way these consultants approach collaboration; they are not as concerned about not having worked together in the past.

Olson thought all three consultants did a good job interviewing this evening and that he thought the Vandewalle team did the best job of tailoring their proposal and presentation to Elm Grove.

President Koleski asked if Trustee Schindler, who was in the audience via Zoom during the presentation, would like to share his thoughts. Schindler thought that all consultants interviewed well, but that Studio gwa stuck out the most to him.

President Koleski asked if the Commissioners had thoughts on which consultant they would like to recommend to the Board of Trustees.

Ms. Peter stated that she is particularly sensitive to the Village's working relationship with Vandewalle, having completed the CORP in 2025. However, Peter stated that each firm is well qualified to complete the project. Mr. Termuehlen agreed.

Ms. Stuckert agreed that all three consultants are well qualified to complete the project; however, she would prefer the Village select Studio gwa.

President Koleski expressed some concern on Vandewalle's distinction between the CORP and the comprehensive and downtown master plan. Koleski emphasized that the downtown plan is the truly important element to this effort.

Ms. Becker agreed that all three consultants presented well and that the margins between each are thin. However, Becker still rated Vandewalle the highest.

Mr. Cashin made a motion to recommend the selection of Vandewalle & Associates to complete the Integrated Comprehensive and Downtown Master Plan with the Village to the Board of Trustees. Ms. Peter seconded. Motion passed 7-0.

4. **Other Business.**

None.

5. **Adjournment.**

Mr. Cashin made a motion to adjourn. Mr. Fronberry seconded. Meeting adjourned at 8:39 p.m.

COVER LETTER

Ethan Sowl, Assistant Village Manager / Zoning and Planning Administrator
Village of Elm Grove | 13600 Juneau Blvd | Elm Grove, WI 53122
esowl@elmgrovewi.org

RFP Response: Village of Elm Grove Integrated Comprehensive and Downtown Master Plan

Dear Mr. Sowl:

Vandewalle & Associates is pleased to submit our proposal for the Village of Elm Grove's Integrated Comprehensive and Downtown Master Plan. Our firm's recent work with the Village completing the 2025 Comprehensive Outdoor Recreation Plan (CORP), has reintroduced us to the Village's vibrant culture of community spirit, engagement, and commitment to its residents. We are excited about the opportunity to partner with the Village in shaping a forward-looking, community-driven vision that builds upon the strong foundation of the 2007 Comprehensive Plan while addressing important emerging priorities and opportunities. The RFP already highlights the pragmatic yet impactful approach to planning that the Village is taking by creating a modern, streamlined Comprehensive Plan appropriate for a built-out, primarily residential community, while focusing and investing in value-added elements like the Downtown Master Plan, land use, housing, and transportation chapters.

Our team brings deep expertise in municipal planning, community engagement, and downtown revitalization. We have completed both Comprehensive Plans and Downtown Master Plans and we prioritize implementable plans and market-based strategies as well as a planning process that integrates broad community input and vision. We understand that in some cases the greatest recommendation for a community like Elm Grove is to maintain and preserve what makes it great rather than focusing on growth strategies that do not align with Village's values and desires.

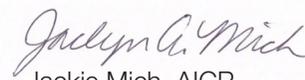

We understand Elm Grove's unique character as a built-out, high-quality residential community with a vibrant downtown core. As outlined in our proposal and Project Understanding graphic, our approach is tailored to the Village's scale, values, and budget-conscious priorities, and we are committed to delivering a streamlined, visually engaging, and actionable plan that supports both public and private investment.

We appreciate the Village's emphasis on clarity, inclusivity, and strategic alignment with existing initiatives such as the CORP and building on past initiatives like the Downtown Design Guidelines. Our proposal outlines a 12-month work plan that integrates statutory requirements with a context-sensitive Downtown Master Plan, ensuring that the final product is both compliant and visionary.

Thank you for considering our proposal. We look forward to the opportunity to collaborate with the Village of Elm Grove and contribute to its continued success.

Sincerely,

Meredith Perks
Project Manager

Jackie Mich, AICP
Principal-in-Charge

Assets and Opportunities

1. Greenspace preservation, natural resource conservation, best stormwater management practices
2. Study 2025 recommendations for Village Park's Active Core
3. Emphasis on Village Park as a central cultural and recreational hub
4. Maintain high level of public service while pursuing financial sustainability, considering increasing demands on public funds
5. Support safe railroad crossings
6. Study expanded Underwood Creek enhancements
7. Thoughtful land use analysis to maintain or enhance the Village's mix of residential, commercial and employment uses
8. Work with local community and local organizations to identify future re-development or land use change opportunities
9. Strong Regional Position: Bluemound Road commercial corridor driving activity between Elm Grove and neighboring communities
10. Proposed local and regional bicycle and pedestrian connections building off the 2025 CORP and Ad Hoc Pathways Committee Recommendations
11. High-performing school district is a key draw to the community, driving housing demand

Downtown Elm Grove

- A.** Commercial and cultural heart of the Village — promote and preserve small hometown character
Consider market-based, context sensitive infill opportunities
Streetscape updates to soften downtown
Retain small businesses to maintain Village character and local economy
- B.** Incorporate Caroline Heights project and new residential into Village character
- C.** Underwood Creek Daylight Project brings new greenspace and recreation opportunities

PROJECT UNDERSTANDING

As a landlocked, primarily residential community, we understand the importance and necessity of future-oriented planning that is pragmatic in addressing the priorities and evolving needs of the communities, complies with state statutes but does not spend excessive resources on less relevant elements, and is visionary in the areas that can enhance the Village while celebrating and preserving its community character. We pride ourselves on creating plans that offer a vision for the future that is dynamic, yet achievable, through the development of strategy-based action items that are grounded in implementation and market realities.

As described below and illustrated in the Understanding Graphic, we understand the key objectives and challenges with this integrated Comprehensive Plan and Downtown Master Plan. Our custom approach, as highlighted in our past experience, scope of work, and planning process, will help the Village not only meet, but exceed the desired outcomes outlined in this RFP. In putting this proposal together, we have drawn on our deep familiarity with the community to develop a thorough and unique proposal tailored to Elm Grove's specific needs.

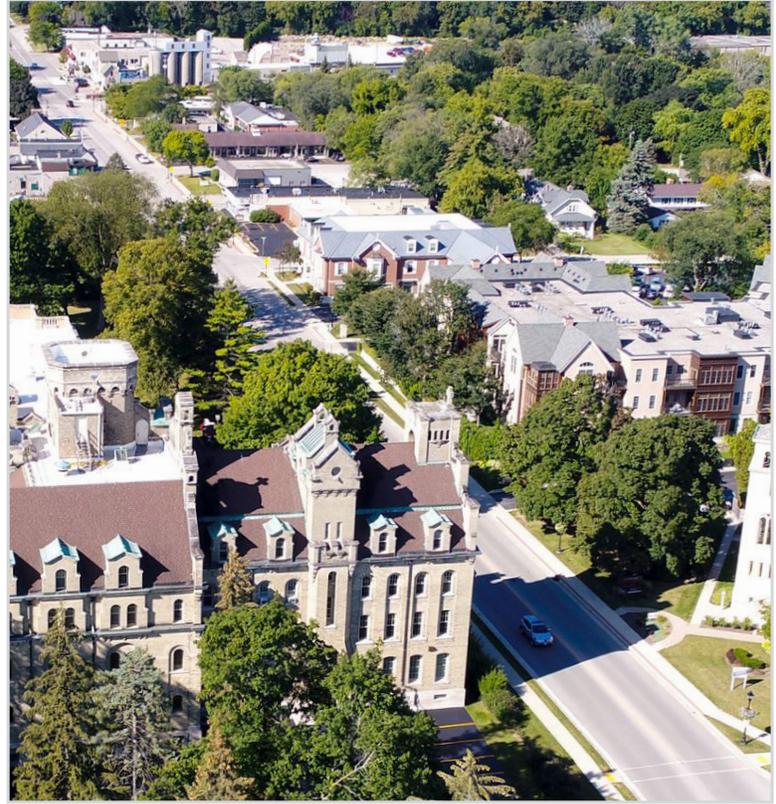

Key Project Objectives:

- Build upon the 2007 Comprehensive Plan's enduring principles to create an integrated Comprehensive Plan that meets statutory compliance while being realistic regarding Elm Grove's size, character, and context.
- Align land use, infrastructure, and Downtown strategies with the CORP and other Village initiatives as well as with publicly informed community priorities.
- Address emerging challenges such as service equity, housing pressures, and Downtown turnover in light of regional and national economic and regulatory forces and trends.
- Integrate a Downtown Master Plan with strategies that support small business retention and enhance Downtown's role as a cultural and economic hub, creating a document that not only fits in the Comprehensive Plan but serves as a stand-alone master plan.
- Develop an integrated Plan that guides implementation and investment in the Village, recommending phased and actionable steps that pursue a market-based solution.

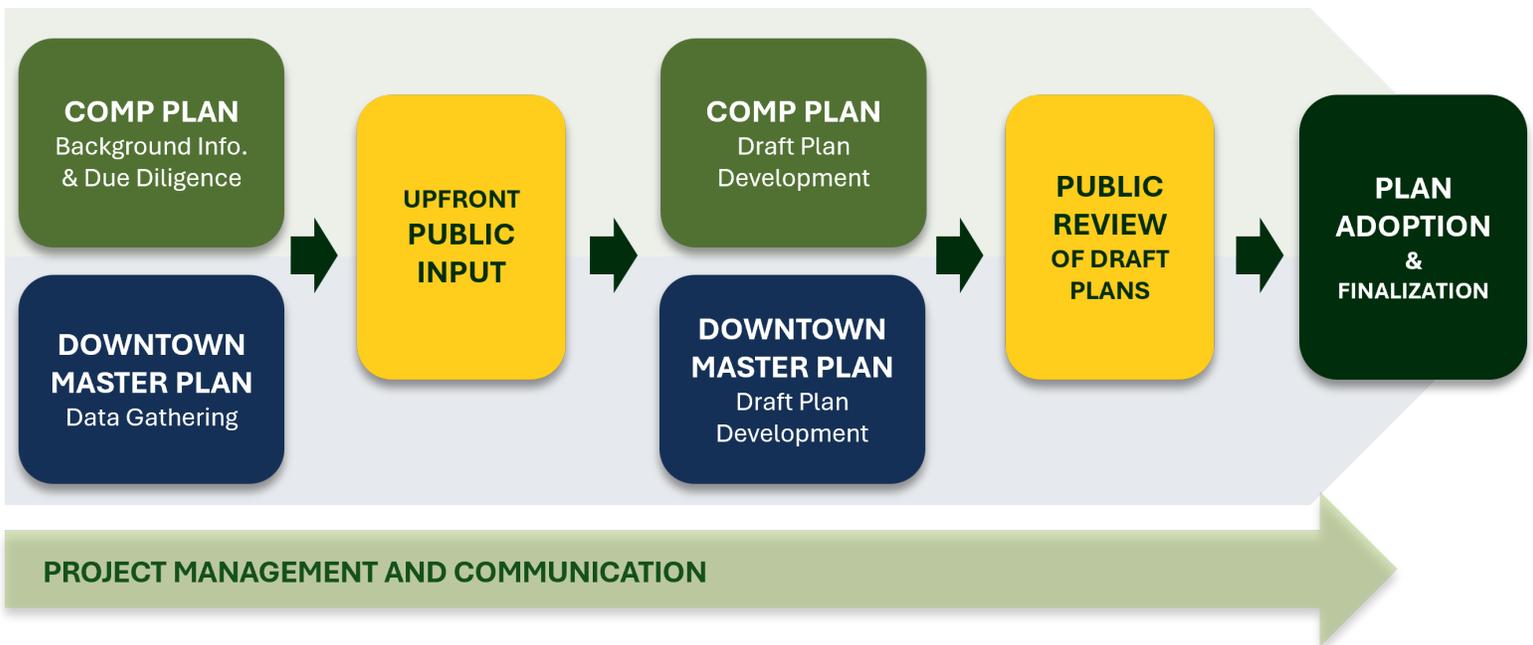

PROJECT UNDERSTANDING

Key Challenges:

- **Built-Out Environment:** Limited space for expansion requires creative infill and redevelopment strategies that preserve character without stagnating progress.
- **Downtown Dynamics:** Modest in size but central to community identity, Downtown needs proactive planning grounded in market realities to balance growth and maintain vibrancy.
- **Infrastructure Equity:** Expansion of municipal services must be balanced with fiscal and logistical constraints, including managing impacts on volunteer and on call services like EMT and fire. Consider innovate partnership opportunities to maximize resources, manpower, and impact.
- **Community Engagement:** Facilitate diverse stakeholders to achieve high civic involvement through inclusive and cost-effective outreach.

Integrated Project Schedule Overview:

PROJECT UNDERSTANDING

Vandewalle & Associates Expertise and Efficiency

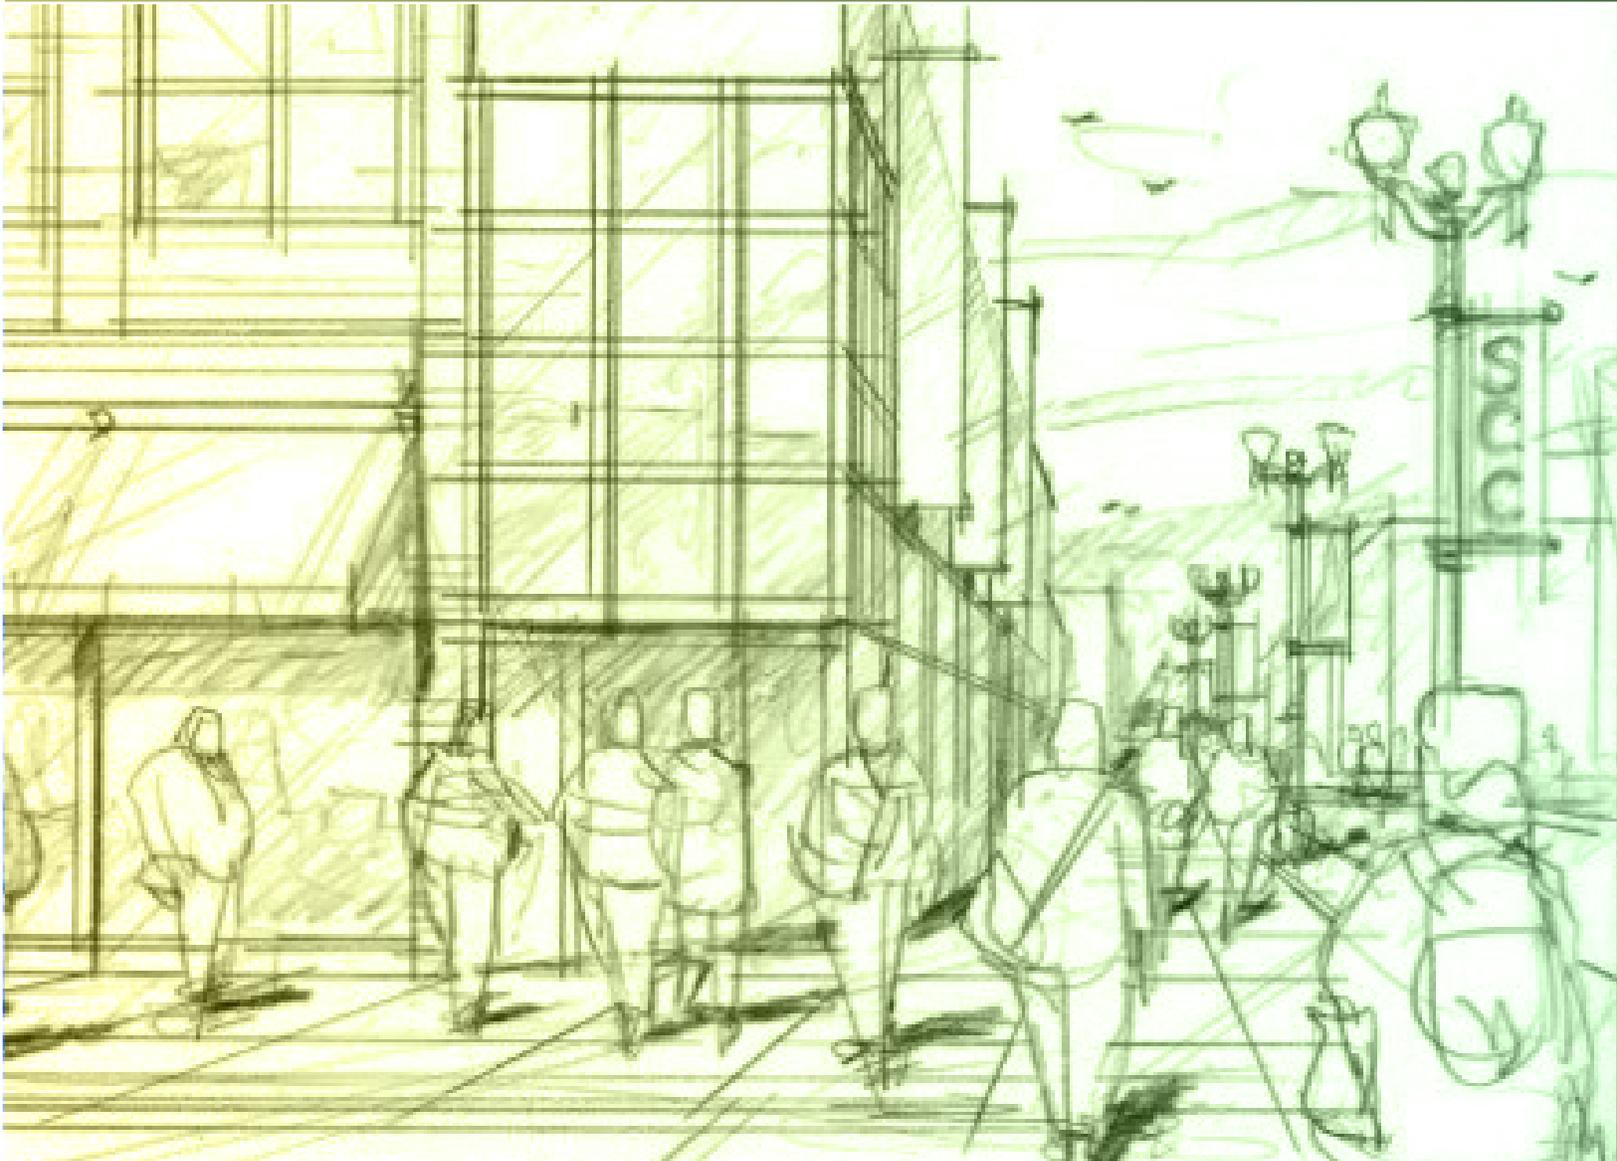

Our team does not employ one-size-fits-all solutions. The Vandewalle & Associates team consists of seasoned experts matched with young talent that will approach this integrated project from a unique position as true “regional thinkers” who have crafted strategies, influenced development, hosted big ideas and plans, and implemented visionary work at a variety of levels throughout Wisconsin and across the Midwest. We will utilize this proven approach and local knowledge and apply it to the specific tasks as outlined in the RFP and as described in our scope of work.

To meet the Village’s goals and the challenges presented by this project, we will bring:

- **Proven success in comprehensive and downtown planning** for communities of similar size and complexity.
- **Familiarity with Wisconsin** planning statutes and local governance.
- **An integrated and combined planning processes**, including leveraging opportunities to combine data and existing conditions analysis, mapping, and public participation events, to provide an efficient and cost-effective process.
- **A thoughtful, inclusive, dynamic, and accessible public engagement strategy** that centers resident’s and business owners’ experiences and aspirations for the future to develop a grounding vision for the plan and inform recommendations and desired outcomes.
- **Experience working with a variety of clients and stakeholders**, including community residents, elected officials, department heads, subject matter experts, developers, real estate professionals and more, to develop actionable, market-based recommendations.
- **A collaborative, transparent project management style** that collaborates with Village staff through regular updates and clear project milestones.
- A core team with **designated project management and leadership** that provides consistent client management but also brings deep bench of expertise through other team members.
- A **commitment to cost control and responsiveness** to scope adjustments throughout the planning process.
- Experience with project and plan implementation that drives our **commitment to creating a plan focused on achievable actions and strategies**.

RELEVANT PROJECT EXPERIENCE

V&A: FIRM BACKGROUND

VISION-DRIVEN PLANNING FOR PEOPLE, PLACE, AND PROSPERITY

Vandewalle & Associates is a collection of passionate professionals with expertise in disciplines that converge to best impact change and make places work better for people.

Established in 1976, V&A has been a Midwest leader in community planning, zoning, public participation, place-based analysis, economic strategies, visioning, and implementation for more than 40 years. We work in partnership with our clients to identify core, place-based opportunities and translate them into strategic plans, innovative projects, and custom regulations.

Vandewalle & Associates stands as a premier leader in Wisconsin for delivering exceptional, cost-effective municipal planning services tailored to the unique needs of each community we serve. Our municipal planning practice is built on a foundation of deep expertise, proven experience, and a commitment to providing customized teams and solutions that directly address our clients' evolving challenges. Our approach to municipal planning is comprehensive and collaborative. Having served many communities as their trusted on-call planner for years—even decades—we offer unmatched consistency, institutional knowledge, and a genuine connection to the local context. This long-term presence allows us to deliver high-quality, responsive service that truly understands community priorities. Please visit our website for more information on our firm: www.vandewalle.com.

VANDEWALLE & ASSOCIATES: WHAT SETS US APART

At Vandewalle & Associates, we bring a unique blend of vision, expertise, and hands-on experience to every project. Our approach goes beyond planning—we create strategies that are deeply rooted in community engagement, design innovation, and actionable results. Here's why communities trust us:

- **Extensive Regional Experience:** Proven track record across a wide range of communities—from small townships to major urban centers throughout Wisconsin, Illinois, and Indiana.
- **Integrated Planning Approach:** Combines comprehensive planning with targeted downtown revitalization strategies, scenario planning, and economic development analysis.
- **Public Engagement Expertise:** Robust, inclusive public involvement strategies including workshops, surveys, stakeholder interviews, and bilingual materials.
- **Visionary Yet Actionable Plans:** Plans are not only forward-thinking but also include clear implementation strategies, timelines, and measurable outcomes.
- **Design-Driven Solutions:** Use of conceptual renderings, urban design analysis, and visual storytelling to communicate ideas and inspire community support.
- **Multidisciplinary Team:** Expertise in planning, urban design, economic development, sustainability, and community engagement.
- **Follow-Through and Continuity:** Many projects lead to follow-up plans and implementation efforts, demonstrating long-term commitment and results.

► *Relevant Experience Highlights:*

- **City of Beloit:** Comprehensive Plan with 12 public engagement events and bilingual outreach; led to a follow-up corridor plan.
- **City of Altoona:** Integrated Comprehensive and East Neighborhood Plan with a focus on equity, sustainability, and climate action.
- **City of Glendale:** Comprehensive Plan for a built-out inner-ring suburb, followed by a Bicycle and Pedestrian Plan.
- **City of Marshfield:** Downtown redevelopment vision including adaptive reuse, housing, and public realm improvements.
- **Village of Slinger:** Downtown Vision and Strategy with catalytic site planning and public realm enhancements.
- **City of Stevens Point:** Downtown and Division Street Master Plans focused on redevelopment, placemaking, and connectivity.
- **Village of Kewaskum:** Downtown Revitalization Plan addressing brownfields, zoning, and redevelopment opportunities.

BELOIT COMPREHENSIVE PLAN 2045
 ADOPTED: AUGUST 19, 2024

City of Beloit Comprehensive Plan

Public involvement-focused comprehensive process

NEED: The City of Beloit desired a plan rewrite that featured robust and inclusive public engagement, a reimagined and progressive land use approach, and a user-friendly, inviting, and succinct plan document.

COMPONENTS:

- **12 different public engagement events** with nearly 1,500 responses were gathered through a wide range of activities including stakeholder interviews, in-person workshops, online text and map surveys, project website updates and video summaries, in-person attendance at community events, and more.
- **Identification and engagement of diverse stakeholders** through specific listening sessions, the steering committee, and materials prepared and provided in both English and Spanish.
- **Flexible infill and redevelopment-focused categories** that enable mixing of uses and densities, missing middle housing, multi-modal transportation, and more.
- **A residential scenario planning exercise** to help show the quantitative and qualitative impacts of housing growth policy decisions on an example infill development site owned by the City. This helped inform and illustrate key plan ideas.
- **An engaging plan document** with graphical examples, charts and tables, local photographs highlighting key areas of the community and its residents, and easy to find sections, recommendations, and maps.

IMPACT AND OUTCOMES: This dynamic [new Comprehensive Plan](#) was unanimously supported and approved by the project’s Steering Committee, City Plan Commission, and City Council. It also led to the follow up [Pleasant Street Corridor Plan](#) that V&A and the City worked together to complete in 2025.

2022

CITY OF ALTOONA, WISCONSIN COMPREHENSIVE PLAN

ADOPTED: 7.14.22

VANDEWALLE & ASSOCIATES INC.

Reference

Josh Clements, Planning Director
City of Sun Prairie | (608) 825-0854

**Formerly, City of Altoona
Planning Director*

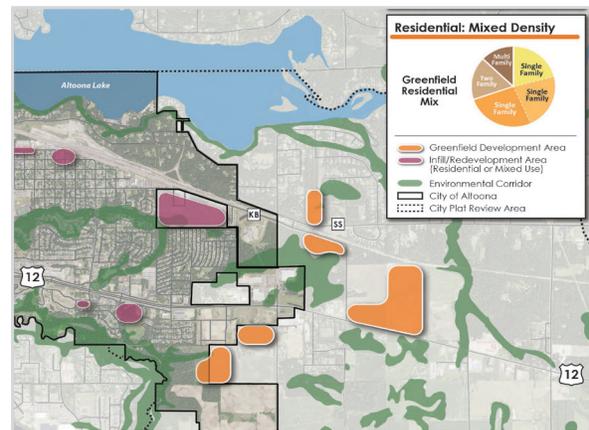

City of Altoona Comprehensive Plan + East Neighborhood Plan

Public involvement-focused comprehensive planning process

NEED: As one of the fastest growing communities in the state, this 9,000-resident community was a bedroom community within the greater Eau Claire metropolitan area. The community needed a proactive, community-led approach to encourage significant mixed-use redevelopment to take place to help boost higher-density housing options.

COMPONENTS:

- **Three lenses to inform the plan:** At the forefront of the process, the City established the Comprehensive Plan's three key lenses to inform the planning process: social equity, fiscal sustainability, and climate action. Each lens influenced and was integrated within the plan's vision, goals, and strategies.
- **Robust public input opportunities.** To generate public feedback, the team offered diverse events and media, including:
 - Three different online surveys
 - Multiple virtual and in-person workshops
 - Ten different focus group interview sessions
 - A summer concert series informational booth
 - Project website creation and social media updates, and more.
 - A scenario planning exercise exploring residential, commercial, and industrial growth scenarios, land consumption, and fiscal impacts
 - An economic opportunity analysis that explored and highlighted the interconnections between the local and regional economies.
- **The concurrent East Neighborhood Plan:** On 80+ acres of City-owned greenfield land, this conceptual traditional neighborhood layout and design featured a diverse mix of housing. It also integrated nonresidential land uses, parks and open space, natural resource preservation, multi-modal/active transportation options, stormwater management, and alternative energy strategies.

Residential Mixed Density Development Scenario

RESULTS & IMPACT: In total, over 700 people engaged in the planning process. Both plans were [adopted in July 2022](#).

Glendale 2040 Vision

The North Shore's established hub of commerce, employment and entertainment that's rich with diversity and offers a bright and sustainable future of friendly neighborhoods, high quality education and recreation opportunities.

DRAFT

Build a unified Glendale identity

- Create an accessible, mixed-use gathering place for all Glendale neighborhoods and residents
- Connect all neighborhoods to the Glendale identity
- Emphasize consistent branding and connection to Glendale's values and vision in communications
- Build community events that distinguish Glendale and show community pride

Capitalize on Glendale's central location and grow its role in the region

- Continue to grow and enhance the greenway system in Glendale and its connection to the regional system
- Continue partnerships with North Shore communities to collaborate, share resources and build efficiencies
- Promote Glendale as a community of choice as a diverse, active, and sustainable place to live, work, and locate a business
- Maximize transportation and regional infrastructure connectivity by maintaining high-quality roads, intersections, trails, and transit

Cultivate strong, connected neighborhoods

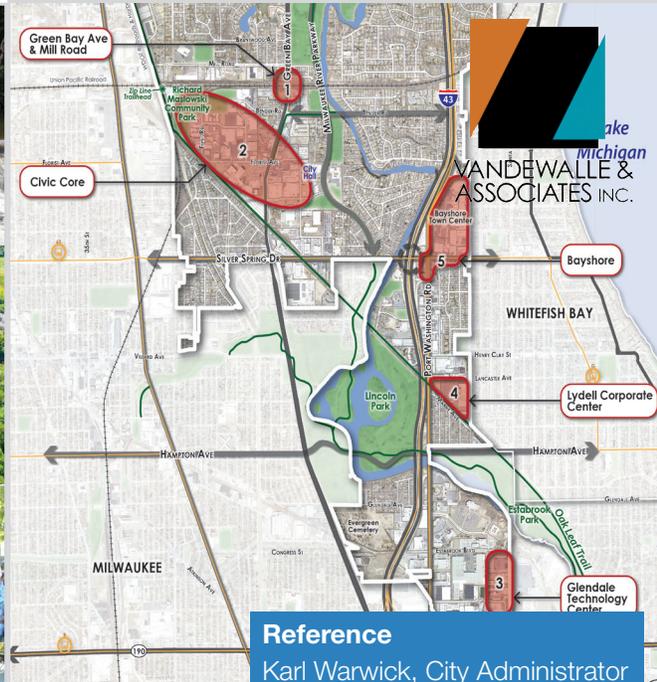

- Promote strong housing maintenance and rehabilitation standards
- Encourage neighborhood-based events and celebrations to bring other parts of the community to the neighborhood
- Find ways to remove boundaries and help Glendale neighbors get to know each other across neighborhoods
- Review road and infrastructure between neighborhoods and how

Be a regional leader in sustainability and resiliency

- Engage community stakeholders in collaborative decision-making and implementation of environmental quality plans
- Accelerate efforts to replace impervious surfaces with green spaces and green infrastructure
- Recruit new businesses and employers focused on environmental sustainability and water quality
- Establish a policy and critical infrastructure review and response mechanism
- Partner with North Shore communities to advance best practices in stormwater management, energy efficiency, and community resiliency
- Prepare for and respond to potential future economic, housing, infrastructure, and natural resource demands due to environmental changes and future community growth

Promote inclusion, diversity, and high quality of life

- Celebrate Glendale's cultural diversity through community events and opportunities for arts and culture
- Focus on growing local businesses by supporting local entrepreneurs and connecting residents with small businesses
- Engage residents and community stakeholders through transparent communication and accountability
- Create housing opportunities that provide life-cycle housing options for residents at all price points and life stages and that promote wealth generation
- Utilize context sensitive, environmental design to create

 E: K.Warwick@glendalewi.gov

City of Glendale Comprehensive Plan

Built-out community within a larger metropolitan area

NEED: In 2019, the City of Glendale selected Vandewalle & Associates to facilitate a full update of the City's Comprehensive Plan. Glendale is an inner-ring suburb of Milwaukee which is completely built-out. As one of the few inner-suburbs on the north side of Milwaukee with a substantial industrial base, the City wanted to utilize the Comprehensive Plan to help identify infill redevelopment and economic development opportunities.

ROLE: Prior to onset of the pandemic and meeting restrictions, high-quality public input and feedback was generated throughout the process with in-person workshops, Plan Commission and City Council meetings, and a public open house. This feedback helped guide the development of the various goals, objectives, policies, and recommendations throughout the plan. A vision summary graphic was also developed by Vandewalle & Associates to highlight the plan's key goals, recommendations, and action items.

OUTCOMES: in addition to weaving sustainability, inclusivity, and support for diverse housing opportunities into the planning process and recommendations. The Plan featured targeted redevelopment planning and an economic opportunity analysis to best fit the City's objectives and reach intended outcomes for the continued strengthening and diversification of its economy.

Following the [adoption of the Comprehensive Plan](#), Vandewalle & Associates led the development of the City's first Bicycle and Pedestrian Plan designed to improve walkability and bikeability for both transportation and recreation. This process featured an online map-based survey using Map.Social and other virtual forms of public engagement to gather public feedback during the pandemic. The plan was adopted in February 2021.

DOWNTOWN PLANNING EXPERIENCE

Marshfield West Second Street District Plan

Growing + Enhancing Downtown

Vandewalle & Associates answered Marshfield’s call to develop a [vision and redevelopment plan](#) for their downtown’s Second Street District, an underutilized core district of the community. V&A utilized interviews, urban design analysis, redevelopment site analysis, opportunity analysis, public input, staff and local stakeholder assessments, the area’s heritage, and existing district assets to develop recommendations for near and short-term redevelopment, public improvements, and thematic programming.

The vision includes the renovation and reuse of an historic factory, creative reuse of a city garage, multiple types of new housing, a new community health facility, entertainment venues, street extensions and enhancements, and pedestrian connections to recreation and community facilities creating a revitalized downtown “hub” for community gathering, living, working, and playing.

DATES: 2021-2022

PROJECT MANAGER: Jackie Mich, AICP

Slinger Downtown Plan

Opportunity Analysis + Downtown Vision

Despite the economic recovery of the 2010s and the strong appeal of the Slinger School District, the Village of Slinger had not seen a high level of economic activity and investment in recent years. The Village contracted with Vandewalle & Associates to develop an economic development strategy for the Village, including new and existing business parks, the languishing downtown, and the busy Highway 60 corridor.

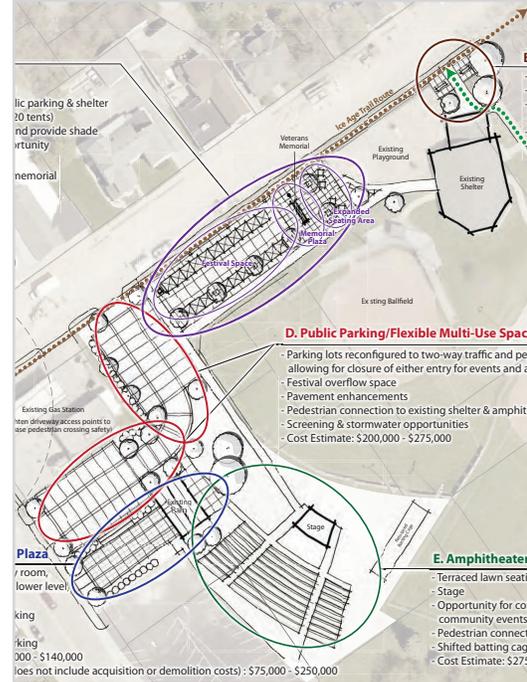

Beginning with an Economic Opportunity Analysis adopted in 2016, which uncovered Slinger’s unique economic assets and opportunities, Vandewalle & Associates has guided Village of Slinger’s economic development and revitalization planning for the past five years. This has included the development of the [Downtown Vision and Strategy](#) to craft a future vision for the downtown, advance downtown revitalization through catalytic site identification and reuse planning, make recommendations for improvements to the public realm, and provide a detailed and actionable implementation strategy. This plan was adopted in conjunction with other ongoing efforts led by Vandewalle & Associates to promote economic development in the downtown and Village as a whole.

DATES: 2016 - Present

PROJECT MANAGER:
 Jackie Mich, AICP

Stevens Point Downtown & Division Street Targeted Area Master Plan

Because of the increasing costs of land and utilities, there are fewer opportunities for new or greenfield real estate development that makes financial sense in Stevens Point. Development and growth opportunities in the city now focus more on redevelopment, placemaking, adaptive reuse, and ensuring connections among the established plans and projects of large property owners, including Sentry Insurance and the University of Wisconsin-Stevens Point.

Vandewalle & Associates worked with the Redevelopment Authority of the City of Stevens Point to develop master plans for the [Downtown](#) and [Division Street corridor](#). While the resulting analysis, strategies, and action items are separated into a distinct plan document for each targeted area, both plans share a common long-term vision and many high-level recommendations. These recommendations provide a framework under which additional planning and decision-making may occur, as well as a logical sequence of actions that ultimately serve to implement the community's long-term economic development and quality of life goals.

In addition to establishing priorities for the city's future land use, transportation network, park and open spaces, and major development projects, the plan guides near-term implementation of real estate and infrastructure investments and planning and economic development activities. It builds on prior plans and modern trends, along with recent and ongoing development activity. Further, it was developed with input from the local and broader community, reflecting the needs and desires of the populace and enlisting their support for the resulting recommendations.

The City is currently working with V&A to update and adopt the Downtown Master Plan and redevelopment planning for a former Shopko site.

Kewaskum Downtown Revitalization Plan

Capitalize on Community Assets

REFERENCE:

Adam Gitter, Village Administrator
 P: (262) 626-3623
 E: agitter@village.kewaskum.wi.us

DATES: 2022-2023

PROJECT MANAGER:

Jackie Mich, AICP

VANDEWALLE & ASSOCIATES INC.

Between 2022-2023, Vandewalle and Associates worked with the Village of Kewaskum to create a [Redevelopment Plan](#) to address the community's stagnant historic downtown and riverfront district. Initiated in conjunction with the redevelopment of the Village's municipal building and police department, the vision for the planning process was to capitalize on the momentum created by this major investment to proactively create a framework for making additional improvements to downtown Kewaskum.

Vandewalle & Associates worked closely with the Village to prepare a Revitalization Plan for downtown Kewaskum that identified priority redevelopment sites, open brownfields, resident needs and desires, local and regional economic development opportunities to diversify the downtown business mix, and zoning policies that would be needed to revitalize the historic downtown core located on the Milwaukee River. The final plan included detailed recommendations and conceptual renderings for three priority sites recommended for redevelopment and an implementation strategy and timeline.

PAGE INTENTIONALLY LEFT BLANK

SCOPE OF WORK

SCOPE OF WORK

Our team’s approach incorporates the values and principles detailed above to create an aspirational, achievable, and dynamic long-term plan with defined goals and strategies – and crafts an implementation program to make it all happen. The following Scope of Work outlines our recommended approach to establishing and advancing Elm Grove’s vision and delivering an action-oriented Comprehensive Plan and Downtown Master Plan.

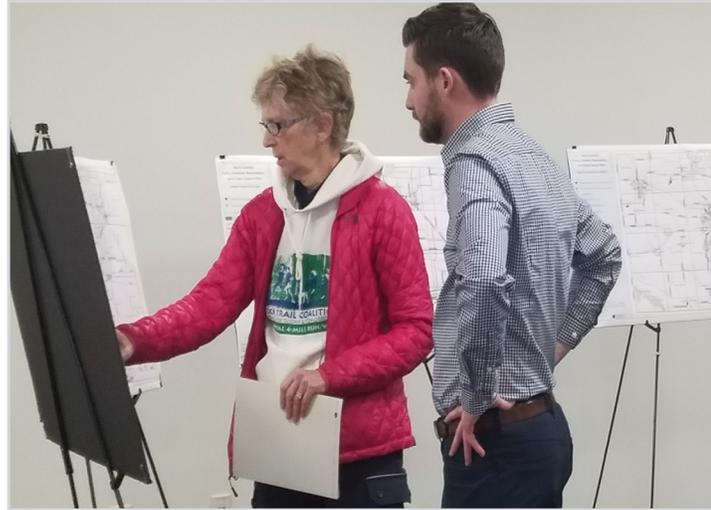

PHASE 1. PUBLIC PARTICIPATION + OUTREACH (JOINT COMP PLAN + DOWNTOWN PLAN)

WORK ELEMENT 1: UPFRONT PUBLIC INPUT

Vandewalle & Associates (V&A) will keep Village staff involved and informed with regular correspondence, project tracking, and document review, while also maximizing meeting time. We see the Village staff playing essential roles in providing key input, knowledge, and local expertise to help guide the development of the plan, helping to move the project forward with supporting materials and guidance from Vandewalle & Associates. Additionally, assistance from Village staff will be sought in scheduling and publicizing public events, while V&A will handle all content and materials generation as well as facilitation of these input opportunities.

The following public engagement meetings will guide and shape both the development of the Comprehensive Plan and the Downtown Plan. All meetings are in-person unless noted otherwise. All in-person public meetings will include an online participation option. We are committed to working closely with the Village to tailor the public engagement tasks in a way that aligns with the Village’s goals and budget.

- **Public Participation Plan:** The Public Participation Plan will satisfy state comprehensive planning requirements by documenting the Village’s public engagement opportunities for the project. The Public Participation Plan will be adopted by the Village Plan Commission and Village Board by resolution at the forefront of the planning process.
- **Community Visioning Workshop + Online Option:** As the public kickoff to the project, V&A will lead a Community Visioning Workshop for residents, property owners, and business owners to share their thoughts about the future of downtown. The visioning session will go beyond a simple open house; it will be a facilitated, highly-interactive workshop in which ideas can be exchanged and where participants will help determine the future role and character of the downtown within the community as a whole. This workshop will incorporate small-group sessions and larger group discussions divided into sections that build on one another. Additional interactive components could include visual preference surveys, special places photos submissions, facilitated mapping exercises, or live keypad polling – which allows participants to see real-time polling results. The ultimate meeting format and topics will be finalized through further discussion with Village staff.
- **Project Update Materials for Website:** Project schedules, status updates, and associated update materials will be produced and provided to Village staff for posting on the Village’s website and social media channels.

SCOPE OF WORK

- **Virtual Stakeholder Focus Groups (4):** We use focus groups to gather insights directly from the subject matter experts in the community. Participants in stakeholder focus groups will be selected in consultation with staff, but are likely to include outside public agencies such as the school district and adjoining municipalities, area realtors and developers, civic leaders and organizations, local and regional employers, economic development organizations, and representatives from key committees, among others. Up to four interview sessions will be held at the start of the project to gather key upfront insight.
- **Virtual Property Owner and Developer Interviews (4):** We will conduct specific interview sessions with key property owners and developers in the downtown to understand more detailed future plans for key sites and opportunities for future redevelopment.
- **Pop-ups at Community Events (2):** To broaden community engagement over the yearlong planning period, increase awareness of the project, and gather targeted public input, V&A will attend up to two community events. Events will be selected in consultation with Village staff.
- **Online Community Survey:** V&A will create, host, and summarize an online survey. This survey aims to gather broad community input to inform the development of the Comprehensive Plan. It will include a variety of question formats to assess residents' priorities, values, and aspirations for the future of the community and downtown. It will include Visual Preference Survey (VPS) elements, which present images representing various design and development options. Participants will rate these visuals to help identify preferred aesthetic and functional characteristics for public spaces, streetscapes, housing, commercial areas, etc. V&A will prepare up to 3 drafts of the survey, reflecting input from Village staff, Plan Commission, and the Village Board. V&A will work the Village on techniques to reach as many households as possible.
- **Online Interactive Map Survey:** In addition to the survey, community members will have an opportunity to provide input by adding features and comments to an online map, on a simple to use, digital platform. This opportunity allows residents and stakeholders to provide geographic input on areas of concern or areas for redevelopment as well as highlighting community assets and preservation priorities.

WORK ELEMENT 2: PROJECT MANAGEMENT + COMMUNICATION

- **Virtual Staff Kickoff Meeting:** Established at the outset of the process, V&A will meet with Village staff to discuss initial data gathering efforts, upfront public engagement, and project schedule.
- **Virtual Staff Meetings (9):** Regular virtual meetings with Village staff will be an opportunity for V&A to provide updates to Village staff and gather staff input.

ROLE OF VILLAGE STAFF

To meet the Village's desired timeline and maximize efficiency and cost effectiveness, Village staff shall undertake the following responsibilities throughout the project:

- Provide V&A with copies of all existing plans and ordinances, research, inventory information, and digital mapping data relevant to this process, as needed.
- Review and provide V&A with professional feedback on all draft documents.
- Print/copy and distribute all documents and meeting materials, except as otherwise specified in the Scope of Services.
- Post, mail and publish all required meeting notices (drafts to be provided by V&A)
- Where needed, update the Plan Commission and Village Board (based on reports provided by V&A) at meetings not included in the Scope of Services.
- Identify and reserve adequate meeting facilities, finalize meeting dates and times, and provide all accommodations for disabled participants as may be required by law.
- Arrange for any refreshments to be provided at public meetings.
- Co-lead public participation events, where appropriate.
- Provide a parcel-based ArcView shapefile including existing zoning, property ownership, and addresses for each parcel.

SCOPE OF WORK

- **Joint Plan Commission and Village Board Kickoff Meeting:** Following initial due diligence, V&A will participate in a project kickoff meeting to review project schedule, provide an overview of upfront public engagement, review Community Survey design and questions, and discuss issues and opportunities.
- **Plan Commission Meeting to Approve Survey Design and Questions:** V&A will attend a Plan Commission meeting to finalize the Community Survey.

WORK ELEMENT 3: PUBLIC REVIEW OF DRAFT PLANS

- **Plan Commission Meeting to Review Draft Plans (2):** V&A will attend two Plan Commission meetings to review the draft Comprehensive Plan and draft Downtown Plan (Draft #2) and discuss policy questions.
- **Open House + Online Option:** V&A will facilitate an open house presenting the draft Comprehensive Plan and Downtown Plan (Draft #3) to the public. V&A will prepare materials for the public to review, evaluate and refine the draft plans. Specific public engagement techniques will be finalized through further discussion with Village staff. Materials for review and comment will also be made available on the project website, providing an online participation option.
- **Joint Plan Commission and Village Board Meeting to Review Draft #3 and Open House Results:** To help facilitate the review of the draft Plan, V&A will participate in a joint meeting of the Plan Commission and Village Board to review the draft Comprehensive Plan and Downtown Plan (Draft #3) and open house results.

Visioning Workshop, Beloit Comprehensive Plan

Stakeholder Focus Group, Beloit Comprehensive Plan

PHASE 2. COMPREHENSIVE PLAN STATUTORY ELEMENTS

WORK ELEMENT 1: BACKGROUND INFORMATION AND DUE DILIGENCE

V&A approaches all Comprehensive Plan updates through the lens of holistically understanding the community's needs, desires, issues, and opportunities. This understanding is formed through our assessment of key data and trends, understanding of existing conditions as well as recent community planning efforts, graphical depiction of ideas and information, and geographical analysis within the region and the Village's boundaries. As the Village of Elm Grove, the state of Wisconsin, and the nation have evolved and changed over the years, this baseline understanding provides the framework for establishing existing conditions and how they could be influenced by the actions of the Village over the next 20 years. Work Element 1 will include the following tasks.

SCOPE OF WORK

- **Staff Kickoff Meeting and Village Tour:** In-person kickoff meetings with Village staff and community tour.
- **Review Past Plans and Relevant Studies:** Detailed research and review of existing adopted plans, achievements, and ongoing projects to identify relevant findings, goals, values, and recommendations for incorporation into the Comprehensive Plan to ensure its harmony with other community planning efforts.
- **Data Collection and Projections:** Data collection to form an understanding of existing conditions and trends, forming the basis for population, jobs, housing, and land use projections in the future. This information and analysis will be communicated through graphics, charts, tables, as well as geospatial demographic mapping.
- **Base Mapping and GIS Analysis:** Collection of GIS and any other relevant digital mapping data sets provided by the Village, County, or regional jurisdictions. V&A will work with Village staff to acquire necessary data files.
- **Review of Village Ordinances:** Review of the Village's Zoning Ordinance, Zoning Map, and relevant policies and provide recommendations for implementing the draft Comprehensive Plan Update.
- **Background Report:** Compile a summary report of the data and analysis collected in Work Element 1 as a Background Report placed in an Appendix of the Comprehensive Plan. This report will meet the requirements of state statutes while enabling a streamlined, user-friendly Comprehensive Plan document. V&A will prepare one draft for staff review and a final report.

WORK ELEMENT 2: DRAFT COMPREHENSIVE PLAN DEVELOPMENT

Building on the framework of the existing Comprehensive Plan and other recent planning efforts, V&A will develop the new Village of Elm Grove Comprehensive Plan. Our approach to creating the new plan will integrate the information and feedback gathered through the other work elements into a comprehensive guide for the next 20 years. A full review and update of the Village's vision, goals, objectives, and policies will be conducted through this work element – with an emphasis on clarity, brevity, and actionable content. The Plan will be a highly graphic document that are useful to Village staff and officials while being accessible and readable to the public. It will feature user-friendly call out boxes, graphical summaries, tables and charts, photographs, concept plans, as well as narrative, while meeting Wisconsin state statute requirements for comprehensive plans.

The plan will also incorporate the community priorities – such as character of development, fiscal sustainability, and preservation and enhancement of green space. The following deliverables will be prepared as part of this work element:

- **Draft Comprehensive Plan Document:** During the process, iterations of the draft plan will be produced, reviewed, and refined by V&A, Village staff, the Plan Commission, elected officials, and the public. Draft iterations of the Plan will include:
 - Draft #1: Staff Review Draft
 - Draft #2: Plan Committee Review Draft
 - Draft #3: Open House Review Draft

Approach to the New & Modern Comprehensive Plan Document

- Assembled document elements that can be consumed as a whole or in parts depending on the reader's interests. Document elements might include the Community Vision, Opportunities and Critical Issues Analysis, Goals, Objectives, Policies, and Recommendations, Implementation Action Plan, and Background Report.
- Highly graphic documents featuring call-out boxes, informative graphics, concept plans, tables and charts, and photographs.
- Narrative sections will be concise and plainly written to be accessible and readable to the public.
- Draft and final materials are integrated into the project website and include digital versions of plan documents and key maps, including the Future Land Use Map.
- The updated plan will also meet all state statute requirements for comprehensive plans in a modern way.

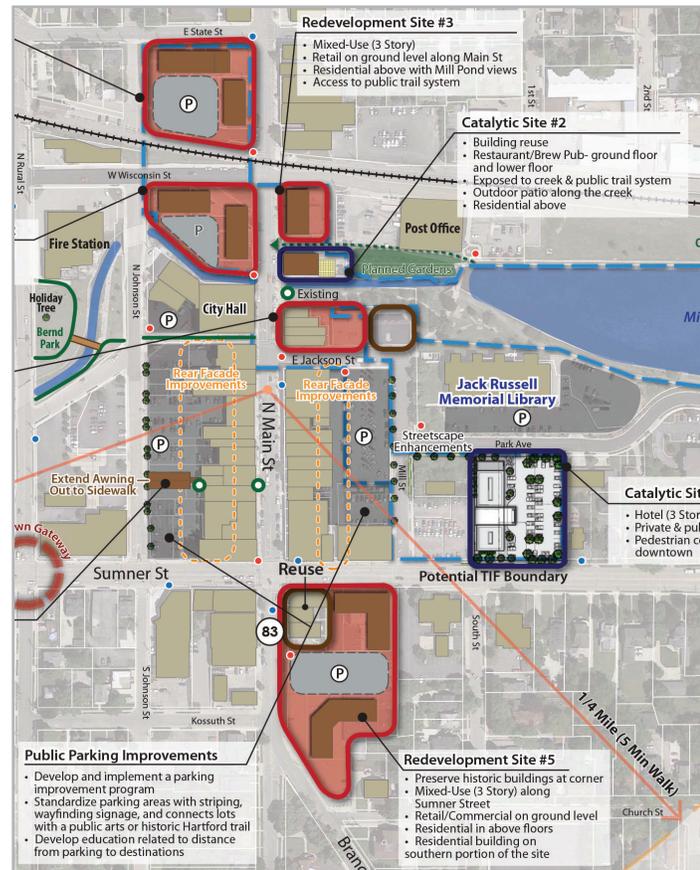

SCOPE OF WORK

WORK ELEMENT 2: DRAFT DOWNTOWN MASTER PLAN DEVELOPMENT

The Downtown Plan will address crucial topics such as gathering/open spaces, third spaces, retail mix, visitor attraction, reuse/redevelopment potential of specific properties, methods of driving redevelopment on private properties, public realm improvements, improved parking, bicycle/pedestrian connectivity to other destinations in Village, and economic benefit for the Village.

The Downtown Plan will include the following components:

- **Summary of Work Element 1:** Including Market Assessment and Existing Conditions Map.
- **Goals, Strategies, and Key Projects:** Outlining overall downtown goals as well as specific strategies for business retention and strategies for context-sensitive infill and adaptive reuse, including images depicting compatible building scale, massing, setbacks, etc.
- **Downtown Vision Concept:** A visual depiction of the desired future for the downtown, with supporting images and bulleted text, including the role of the downtown in the community, the predominate land uses, the scale of development, the character of development and public realm.
- **Downtown Concept Plan:** Graphic and supporting brief text that address:
 - Overall development goals consistent with the Vision;
 - Mix of land uses
 - Redevelopment opportunities
 - Renovation and façade enhancement opportunities
 - General building arrangements/orientation
 - Bicycle, pedestrian, vehicular and parking access
 - General building design considerations
 - Placemaking and streetscape enhancements
 - Location and function of open spaces
 - Supporting infrastructure and public facilities
 - Development tabulations and potential tax base creation

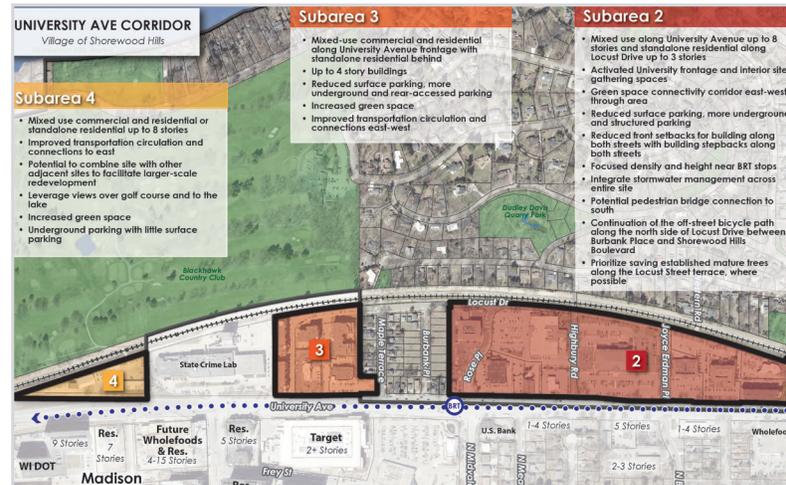

Village Center Concept Analysis

Mount Horeb Downtown Plan Rehabilitation & Development Opportunities

SCOPE OF WORK

- Revitalization Objectives and Downtown Enhancement Projects:** 6 downtown projects will be identified for further planning. This will include 4 priority redevelopment or renovation sites, 1 priority street redesign, and 1 priority public space area. For each, V&A will prepare a list of Revitalization Objectives such as preferred land uses, vehicular and pedestrian access, significant site features to be preserved, screening from adjoining development, building orientation, scale of development (height, lot coverage, overall size of buildings), character of development (basic design, preferred materials), open space and landscaping, screening of parking, loading, utilities, etc., and development phasing. Revitalization Objectives will establish the Village's goals for downtown projects, clearly articulating desired development ideas and goals, and guiding future investment. Concepts for redevelopment sites will focus on the character of development, overall building scale, massing, and setbacks rather than highly specific development plans. V&A will prepare 1 draft and 1 final concept site plan consistent with the Revitalization Objectives established for each site.

University Avenue Corridor-Wide Recommendations

- Parking Analysis Map:** Quantifying existing on-street and off-street parking spaces in the downtown and describing potential changes to parking.
- Bird's-Eye Perspective Drawing:** One hand-drawn, colored bird's-eye perspectives illustrating a Downtown Enhancement Project.

Bird's-Eye Perspective - Eau Claire Cannery District

- Implementation and Funding Strategy:**
 - Zoning and policy upgrades to support desired reinvestment
 - Prioritized action items with timeframes
 - Recommended project phasing based on site readiness and market conditions
 - Roles and responsibilities of the Village, other Village committees, and outside partners
 - Potential funding opportunities, such as TIF and grants
- Draft Downtown Master Plan Document:** During the process, iterations of the draft plan will be produced, reviewed, and refined by V&A, Village staff, the Plan Commission, Village Board, and the public. Draft iterations of the Plan will include.
 - Draft #1: Staff Review Draft
 - Draft #2: Plan Committee Review Draft
 - Draft #3: Open House Review Draft

SCOPE OF WORK

PHASE 3. PLAN FINALIZATION + ADOPTION

- **Final Drafts of Comprehensive Plan and Downtown Master Plan:** V&A will incorporate recommended changes and input from the Village Board, Plan Commission, and Public Open House into a final draft to be used for the public hearing.
- **Joint Plan Commission and Village Board Public Hearings & Adoption:** For maximum efficiency, we suggest a Joint Plan Commission and Village Board Public Hearing, followed by adoption in a single meeting – for both plans. A joint public hearing held before both the Plan Commission and Village Board will ensure that all voices are heard before action is taken on the plans. Following the public hearing, the Plan Commission will consider a formal recommendation for each plan, and the Village Board will consider formal adoption of each.
- **Public Participation Analysis & Summary Report:** V&A will prepare a report documenting all public input from all phases of the project, analyzing, and noting key findings.
- **Adopted Comprehensive Plan and Downtown Master Plan:** Following adoption, the final documents will be produced and provided in Word and PDF, inclusive of all maps and graphics.

OPTIONAL TASKS

If selected by the Village. These tasks are not included in the lump sum project budget.

- **Additional Virtual Stakeholder Meeting:** V&A will conduct an additional stakeholder meeting.
- **Additional Plan Commission or Village Board Meeting:** V&A will attend an additional meeting.
- **Meeting in a Box Materials:** V&A will prepare materials for Village staff to host outreach tables at community events throughout the project. These materials will provide information about the planning process and simple ways to provide input quickly and easily.
- **Walk Audit of Downtown:** V&A will lead a downtown walk audit, a guided walk with residents and local officials, observing actual conditions in real time. Elements to be evaluated include sidewalk quality, bike facilities, crosswalk visibility, lighting, signage, traffic patterns, and access to public spaces.

Oscar Mayer Area Walking Tour

PUBLIC ENGAGEMENT STRATEGY

GIVING EACH VOICE POWER & A PLACE IN A COLLECTIVE VISION

A thoughtful, inclusive, accessible approach to Public Engagement is the most direct and transparent way to ensure all voices in the community are valued with ample chance to be heard.

REACHING DIVERSE VOICES RIGHT WHERE THEY ARE. For each community, we design a thoughtful strategy to engage as many voices as needed to create a balanced, relevant, and dynamic conversation.

It is vital that these constituents are not just heard but are part of the process with ownership in the collective vision:

- Local leaders
- Cultural groups
- Grassroots organizations
- Residents and neighbors

DYNAMIC ENGAGEMENT: We tailor the project's engagement platform specifically to the unique needs, goals, and makeup of the community.

We also constantly tailor the mix to align with the preferences and realities of the people who live in the community. Some of the tools we use:

- Interactive workshops
- Online surveys and other digital platforms
- Pop-up events
- One-on-one conversations

RELEVANT AND EMPOWERING RESULTS

THE KEY IS TO CREATE MULTIPLE OPPORTUNITIES FOR PEOPLE TO SHARE their ideas, concerns, and aspirations. To listen to what is said, and what is not. To create a dynamic feedback loop to guide the process and inspire new ideas.

This ensures the process and results are not only relevant, but also empowering, fostering trust and creating spaces that reflect the true needs and desires of the community.

PUBLIC ENGAGEMENT STRATEGY

DIVERSE PUBLIC ENGAGEMENT TOOLS: TAILORED TO THE GOALS AND REALITIES OF THE COMMUNITY

Sample Community-Based Public Engagement Strategies

As unique as each community, this list may include:

- **Pop-up event examples**
 - Guided Site Tour
 - Tent or Table at Community Events and Farmers Market
 - Culturally & Historically Relevant Music Events
 - School & Youth Events
 - Potlucks in the Park
- **Interactive community design workshops**
- **Updates at existing community meetings**
- **Live polling exercises**
- **Mapping exercises**
- **Stakeholder interviews/focus groups**
- **Steering committee meetings**
- **In-person meetings coupled with online engagement opportunities (two ways for people to engage)**
- **Appointed and elected officials workshops**
- **Public open house**

**Pop-Up
Event**

**Interactive
Map
Engagement**

Sample Online and Alternative Media Public Engagement

In addition to in-person meetings, we provide interactive virtual options to help meet more people where they are. These tools include:

- **Social media engagement with a Plan Update hashtag**
- **Targeted social media posts**
- **Regular updates on community website**
- **Newsletter updates**
- **Leverage mailing lists of partner agencies**
- **Live & recorded educational presentation series**
- **Online surveys / Questions of the Week** on the Client Website and social media utilizing SurveyMonkey or Polco
 - Interactive map-based online surveys
 - Interactive workshops/visual preference surveys ([virtual polling](#))
- **Email blast announcements**
- **Project website**
- **Branding materials**
- **Video summaries**

**Project
Website**

**Online
Survey**

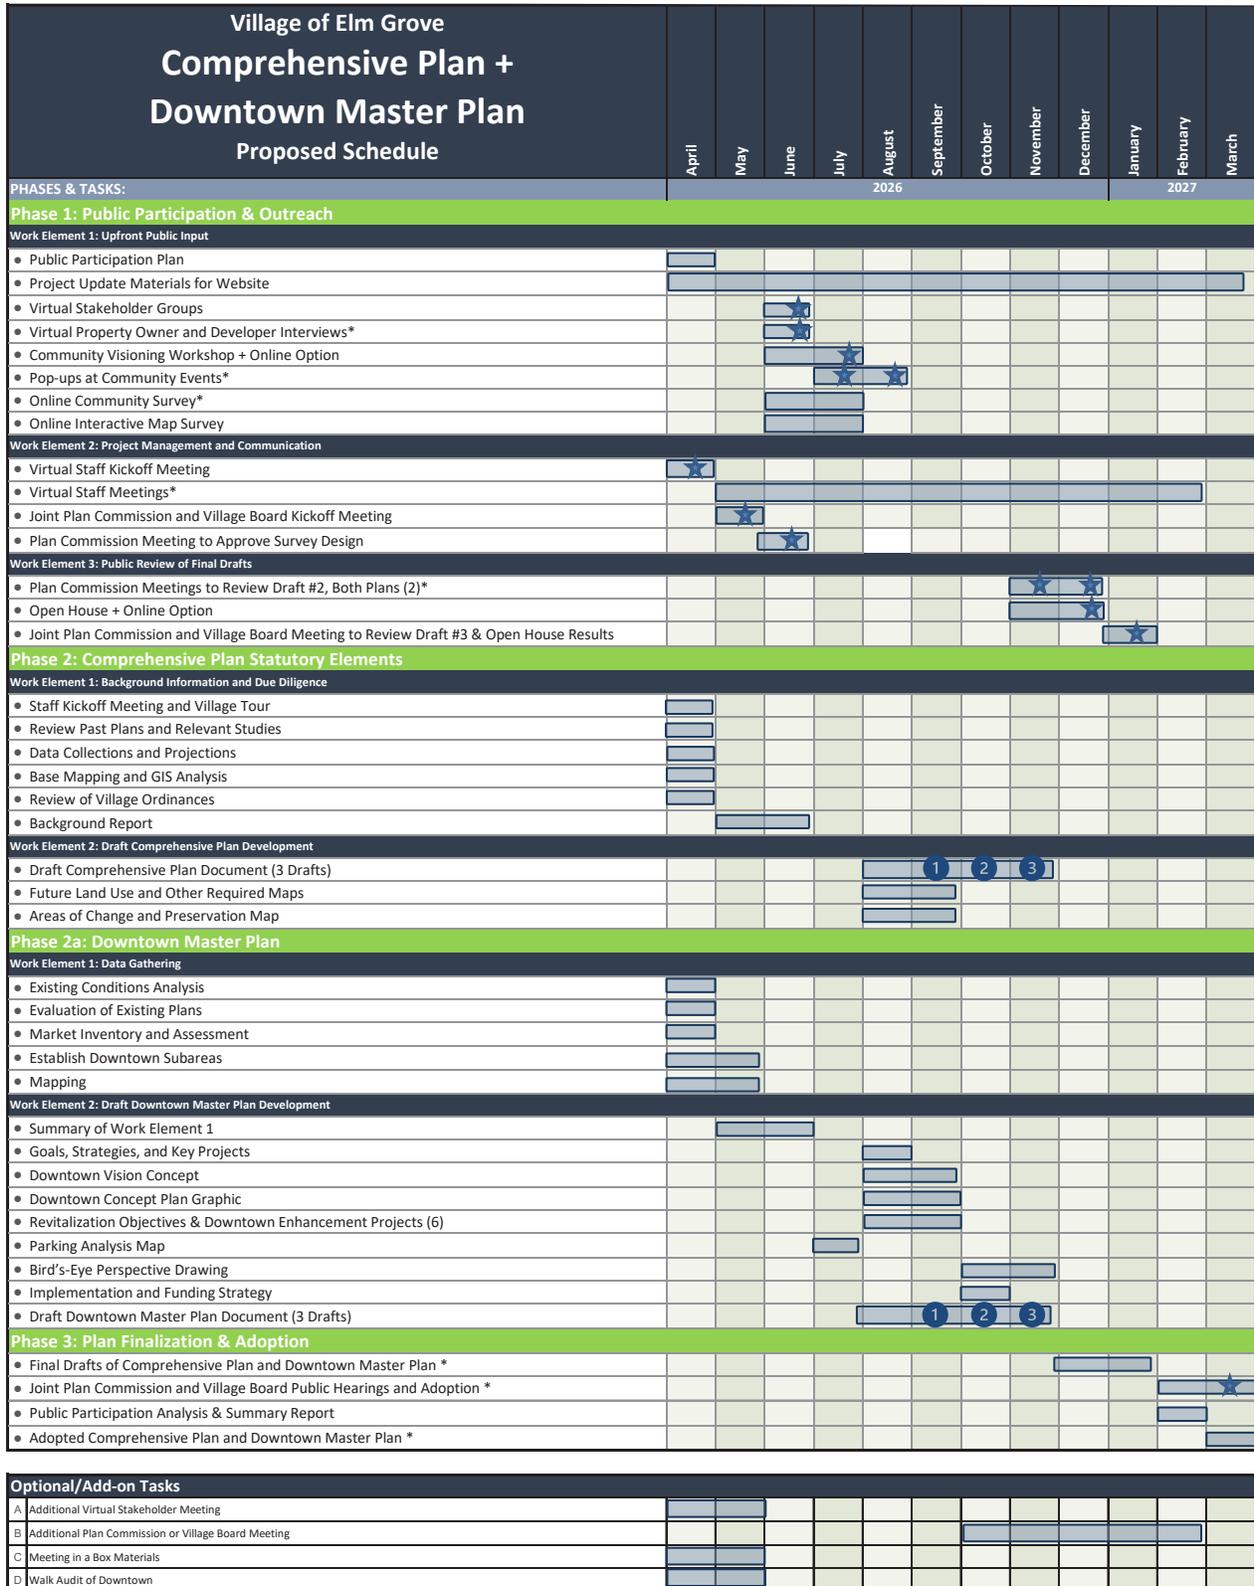

PAGE INTENTIONALLY LEFT BLANK

SCHEDULE

SCHEDULE

To best illustrate our proposed combined approach to this project, we have created a proposed project schedule that illustrates the tasks associated with each plan and how they could be done together as part of one unified effort. This approach yields great efficiencies, saving both time and costs. It also offers the opportunity to ensure that both plans are highly interconnected and in alignment, which will be key to driving meaningful, long-term implementation of each. We are happy to discuss the timeline and modify as needed to meet the Village's needs.

★ Milestone Meeting Dates (Estimated)

PROJECT BUDGET

PROJECT FEES

Vandewalle & Associates is focused on providing the Village of Elm Grove with a project that provides excellent value and clear direction.

The standalone cost for Comprehensive Plan includes all tasks within Phase 1, Phase 2, and Phase 3; however, the scope and budget of certain tasks would be reduced if only the Comprehensive Plan is pursued. These reduced tasks are marked with an asterisk (*) on the budget table. **The resulting cost for a standalone Comprehensive Plan is \$83,000.** The final scope and budget for the Comprehensive Plan could be further adjusted to align with available funding resources.

Completing both plans concurrently provides approximately 20% in cost savings compared to completing each plan separately. These savings are primarily realized in the data gathering and background information stages and through the reduced number of meetings made possible through an integrated process. Additionally, we have reduced the number of meetings by holding joint meetings of the Plan Commission and Village Board to reach consensus more efficiently and by facilitating dual-purpose meetings that cover both plans.

If desired, additional savings may be achieved by further streamlining the meeting schedule within the scope of services. We are committed to maintaining cost control and will remain responsive to scope adjustments throughout the planning process. The cost provided for Phase 2a does not reflect a standalone cost for the Downtown Master Plan.

The budget table on the following page aligns exactly with our proposed scope of services, and our proposed scope of services incorporates the project scope and deliverables outlined in the Village's RFP.

Time and materials for completing the work described in the **Scope of Work to complete both the Comprehensive Plan and Downtown Master Plan will not exceed a total cost of \$145,600.**

Costs quoted in this proposal will be honored for a minimum of 120 days from the date of submission.

Tasks beyond those identified in the final contract can be completed through a separate Work Order.

FEE SCHEDULE

Project Team Hourly Rates			
Meredith Perks, Associate Planner / PM	\$150	Jackie Mich, AICP, Principal Planner / PIC	\$200
Kyle Estrada, Assistant Planner	\$110	Dan Eckberg, AICP, GIS Planner	\$125
Jeff Maloney, Principal Designer	\$225	Dean Proctor, AIA, Principal Designer	\$225
Elona Bartnick, Lead Associate Designer	\$160	Neng Lor, Assistant Designer	\$110

Billing Rates by Position			
Principal	\$200 to \$325	Other Charges: Invoice charges to the client consist of (1) Professional fees rendered at current billing rates (2) Reimbursable expenses billed at cost multiplied by 1.1 (3) Technology/Software expenses billed at \$50/month	
Associate	\$150 to \$180		
Assistant	\$110 to \$135		
GIS Technician/Specialist	\$110 to \$135	Expense	Cost
Communications Specialist	\$90 to \$125	Mileage	IRS Rate
Project Assistant	\$65 to \$100	Printing and Postage	Cost plus 10%

KEY PERSONNEL

PROJECT TEAM ORGANIZATION

Vandewalle & Associates. With offices in Madison and Milwaukee, our firm is comprised of nearly 20 talented professionals including community and regional planners; urban designers; housing, economic development, land use, and real estate specialists; and redevelopment experts. Our team brings a depth and breadth of experience, knowledge, skills, and perspective to the Village of Elm Grove Comprehensive Plan Update and Downtown Master Plan project.

Our firm's approach to overall management and integration of all activities in our scope of services is guided through the designation of a project manager to oversee all aspects of the project - within the firm and directly with the client. Meredith Perks will serve as the Project Manager for the Comprehensive Plan Update and Downtown Master Plan and be the face of the project and Jackie Mich will serve as the Principal-in-Charge. We pride ourselves on our ability to provide cost effective, just-in-time solutions that are responsive to constantly evolving project needs and deadlines, which may arise on a moment's notice. All Project Team members will be available and have the capacity to complete the project.

V&A PROJECT TEAM

Meredith Perks, Associate Planner | Project Manager

Phone: 574.904.3119 | Email: mperks@vandewalle.com

Meredith Perks brings a unique combination of professional experience along with an avid interest in planning, public service, local community and economic development, downtown redevelopment, active transportation plans, and a deep love of her city. Meredith works on a variety of projects as a project manager, document author, and public input leader. Meredith leads the current planning teams for the City of Glendale, WI and Village of Thiensville, WI, leading development review, zoning code updates, plan implementation, TIF development and implementation and other community planning efforts. Meredith also leads numerous longterm economic and urban revitalization implementation projects.

Applying her experience with community outreach and public speaking, Meredith is skilled at effectively facilitating an inclusive planning process that is meaningful to a wide range of stakeholders and clients, including elected officials, non-profit advocacy groups, and community residents. She is excited by opportunities to engage with communities in a variety of innovative ways that foster communication, dialogue, and understanding.

As Director of V&A's Milwaukee office, Principal Planner Jackie Mich leads a diverse portfolio of redevelopment and implementation projects across the Greater Milwaukee area. She heads the Milwaukee team in redevelopment planning, community planning, and bicycle and pedestrian planning, bringing deep expertise and strategic insight to each of her projects.

Over her decade-plus with the firm, Jackie's work spans community planning, zoning assistance, economic development implementation, transportation planning, and project management. She has managed a wide range of economic development efforts including the Downtown Slinger Vision & Strategy. Jackie has led over 15 ten-year Comprehensive Plan updates for communities across Wisconsin, including Greenfield, Brookfield, Manitowoc, Lake Geneva, Shorewood, Bayside, and Altoona. Her experience also includes numerous park and open space plans.

V&A PROJECT TEAM

Kyle Estrada, Assistant Planner | Vandewalle & Associates

Phone: 414.988.8631 | Email: kestrada@vandewalle.com

Kyle is an Assistant Planner working with the V&A team out of the Milwaukee office. As a young, community-oriented practitioner, he has dedicated himself to the field of urban planning and community development - particularly as it shapes neighborhoods and impacts diverse populations in the city.

From an undergraduate background of geography and social sciences, Kyle has shaped both his post-graduate urban planning studies and career around the belief that access to affordable housing, vibrant public spaces, and reliable transportation are keys to a thriving community.

Kyle has facilitated group discussions on race and diversity, and led students of diverse backgrounds through difficult conversations and complex topics. Kyle is also experienced in intergovernmental collaborations, fielding zoning questions, and service as point of contact for residents working through the complexities of the development process.

Jeff Maloney, Principal Designer | Design Lead

Phone: 608.255.3988 | Email: jmaloney@vandewalle.com

Jeff Maloney is a Principal Urban Designer specializing in urban redevelopment, mixed-use neighborhood design, and streetscape/riverwalk design. Jeff has over two decades of experience leading design and public processes for redevelopment projects by envisioning site reinvestment opportunities through place-based assets. Working with public and private sector clients throughout the Midwest, Jeff prepares site plans, and recommends and designs associated public improvements. He leads diverse public engagement efforts, and works closely with municipal staff to implement projects including development recruitment, TIF District establishment, and grant funding procurement. He further expertly guides private projects through the entitlement process, focusing on site design, landscape architecture, and site rezoning.

V&A PROJECT TEAM

Elona Bartnick, Lead Associate Designer | Vandewalle & Associates

Phone: 608.255.3988 | Email: ebartnick@vandewalle.com

Elona Bartnick is a Lead Associate Urban Designer involved in a broad range of projects involving site analysis, site planning and design, neighborhood design, landscape design, urban open space and park design. These skills are utilized and communicated through a variety of graphic styles, CAD design, and SketchUp modeling.

In her 20 years with Vandewalle & Associates, Elona has contributed to a diverse range of projects including land and development plans for mixed-use and traditional neighborhood projects. She has worked on numerous redevelopment and downtown master plans, identifying areas that would benefit from reinvestment, and revitalization and developing guidelines and site designs for

future redevelopment. Her involvement in comprehensive plan development includes creating regional and local asset and opportunity analysis maps, future growth or redevelopment scenarios and site designs, and additional graphics specific to each plan. She often leads the design component of comprehensive plans.

Dan Eckberg, AICP, GIS Planner | Mapping and Data Analysis

Phone: 608.255.3988 | Email: deckberg@vandewalle.com

Dan Eckberg is a GIS Planner whose primary responsibilities include map creation and spatial data acquisition, organization, manipulation, and analysis. Dan has led multiple enrollment projection projects for the Monona Grove School District, which involved detailed review of City of Monona adopted plans, and mapping of planned and potential development sites within the City. Dan utilizes extensive experience with ESRI's ArcDesktop GIS software, including Python scripting, to apply cartographic techniques to a range of planning projects. Dan is a licensed commercial Unmanned Aircraft System (drone) pilot registered with the FAA and is able to provide clients with high quality aerial video footage.

Previously Dan held an internship with U-PLAN, a community planning group for the Frogtown/Rondo neighborhood of St. Paul, MN where he helped design a traffic impact analysis for the neighborhood using the CommunityViz extension of ArcGIS.

ELM GROVE PUBLIC LIBRARY BOARD OF TRUSTEES
January 19, 2025 Meeting Minutes
For Approval at the February 16, 2025 Meeting

1. Call to Order

The meeting was called to order at 5:00p.m. Board members present were: Jennifer Morris, Laurie Leahy, John Alexander, Tom Castile, Kristin Olson, Patty Kujawa, Karen Steen. Also present: Sue Daniels, library director.

2. Approval of Agenda

Upon a motion made by Karen Steen and seconded by John Alexander, the agenda was approved.

3. Minutes of the December 15, 2025 Meeting

Upon a motion made by John Alexander and seconded by Laurie Leahy, the minutes from the December 15, 2025 meeting were approved as amended.

4. Hearing of the Public

There was no hearing of the public

5. Confirm Future Meeting Dates in the Village Hall – Park View Room

February 16, 2026 at 5pm

March 16, 2026 at 5pm

April 20, 2026 at 5pm

6. Treasurer's Report

a. O.B. accounts payable December (part 2) 2025: \$9,549.05

On a motion made by John Alexander and seconded by Tom Castile the board approved the expenditure of the amount noted above.

b. O.B. accounts payable January 2026: \$405.52

On a motion made by John Alexander and seconded by Karen Steen the board approved the expenditure of the amount noted above.

c. LGIP4 gift fund accounts payable December (part 2) 2025: \$276.28

On a motion made by John Alexander and seconded by Kristin Olson, the board approved the expenditure of the amount noted above.

d. LGIP4 gift fund accounts payable January 2026. No new expenditures this month.

e. FOEGL gift fund accounts payable December (part 2) 2025: \$1370.65

On a motion made by John Alexander and seconded by Patty Kujawa, the board approved the expenditure of the amount noted above.

f. FOEGL gift fund accounts payable January 2026: \$300.18

On a motion made by John Alexander and seconded by Laurie Leahy, the board approved the expenditure of the amount noted above.

e. Status of Accounts

The Following Gift Fund Account Balances as of December 2025:

- i. LGIP-4 =\$20,502.73
- ii. FOEGL =\$49,462.86
- iii. Total LGIP-4 \$69,965.59
- iv. LGIP-10 \$5,072.35
- v. Overall Gift Fund Total = \$75,037.94

7. Director's Report

a. Gifts

A gift in the amount of \$250 was received from Bruce and Susan Davidson, for library use. On a motion made by Karen Steen and seconded by Tom Castile, the board voted to accept this gift.

b. Library statistics, staff activity, adult programming, and other news as noted in the monthly report.

c. Youth Report—statistics, staff activity, youth programming and other news as noted in the monthly report. Children's programs will increase when a new children's librarian is hired.

d. Project Updates -

i. Children's librarian hiring update - Sue has been conducting interviews and will be able to select a candidate from the ample pool of qualified

applicants. The approximate hire date for this position is the end of February.

8. Old Business

- a. No old business

9. New Business

- a. Discuss possible changes of regular meeting day

The board discussed the possibility of changing the monthly meeting date to better accommodate vendors and our new library director's timelines. Sue will discuss possible options with office staff in the Village.

- b. Act 150 preview

In Waukesha County, Act 150 refers to a state law that requires counties to pay libraries for services provided to residents of municipalities that do not have a library. The Act 150 committee is currently working on revising both the county standards and the funding formula for the tax levy. The new funding formula, which will be finalized by the ACT 150 Committee next month, may negatively affect the amount of funds that Elm Grove library receives from Waukesha County.

10. Adjournment

On a motion made by John Alexander and seconded by Patty Kujawa, the board adjourned the meeting at 6:08p.m.

Respectfully Submitted By:

Karen Steen

Secretary

PUBLIC WORKS/UTILITIES (PWUC) COMMITTEE
REGULAR MEETING MINUTES
Monday, January 12th, 2025 5:30 pm, Parkview Room

1. Roll call.

Meeting was called to order at 5:39 pm by Mr. Schindler

Present: Mr. Schindler (via Zoom), Mr. Koleski, Mr. Eull, Ms. Schneider, Mr. Zwirlein, Mr. Harley and Mr. Olson

Absent: None

Also Present: Mr. Harrigan & Mr. Paul and Nicci Sternitzky of the Beautification Committee.

2: Review and act on minutes from December 8th 2025 Meeting

Mr. Olson moved and Mr. Zwirlein seconded to approve the December 8th, 2025 minutes with minor edits. Motion carried 7-0.

3: Review and possible action on potential meter installation for reporting sewer usage. (Request to take up this item upon arrival of Village Clerk.)

Village Clerk Crystal Turner requested support to move forward with an automated meter program that was originally ready to implement back in 2021, but was delayed with the transition of the clerk at that time. This program would provide staff with the ability to gain actual usage data remotely that would be consistently accurate for billing purposes. Currently, the self-reporting has caused issues with improper meter readings and when trying to reconcile accounts properly due to improper readings or non-reporting, estimation and improper readings have lent to disputes with billing.

Mr. Olson moved to recommend to the Board moving forward with the remote meter reading installation project. Mr. Eull seconded. Motion carried 7-0.

4: Review and possible recommendation to proclaim January 26th, through January 30th as "Winter Salt Week" in the Village of Elm Grove

Ms. Nicci Sternitzky provided a presentation on her efforts to educate the community, as well as contractors that work in the community, on the impacts of chlorides in our waterways. Ms. Sternitzky has requested a proclamation to make January 26th to the 30th, 2026 as Winter Salt Week that coincides with an educational presentation by Milwaukee Riverkeepers, Fresh Coast Guardians, Sweetwater, SEWRPC and MMSD at the Elm Grove Public Library on Saturday, January 31st, 2026.

The committee was in full support. Mr. Eull moved and Mr. Zwirlein seconded. Motion carried. 7-0

5. Update on Underwood Creek Daylighting Project

Mr. Harrigan informed the committee that the project is out for bid as of January 6th, 2026 and is live on the Quest platform. As of this date, there are 6 plan holders, 4 of which are prime bidders. Bidders from the last round whom are currently on the list include CW Purpero, Edgerton and Walbec Group. There will be a pre bid meeting on Thursday, January 15th, with a bid opening on Tuesday, January 27th, 2026.

Mr. Harrigan also added that the property owner and Sendik's operator are all in on working together and continue to be supportive of the project. There is still litigation with the railroad, but at this time, the Village is the owner of the parcel that was procured via eminent domain.

6: 2025 Public Works Projects close out review

Mr. Paul provided the committee with a summary of the totals and overages for the 2025 Paving Project. During the discussion, members requested a breakout of the line items which will be available at the next PWUC Meeting in February.

7. Update on Wauwatosa Water extension along Watertown Plank Rd

Mr. Harrigan informed the committee that staff met with Wauwatosa representatives to discuss steps forward with the water main extension along Watertown Plank Rd from where it ended near St. Mary's Visitation Cemetery down towards the Elm Grove Terrace Condominiums just east of the railroad tracks. Process for amending the service agreement and timelines as noted in the attached meeting notes were discussed. Wauwatosa will handle design, bidding and construction oversight. The project is tentatively scheduled for spring of 2027.

8: Update on 2026 Highland Dr Pathway

Mr. Harrigan and Mr. Paul shared the progress update from Travis Brush of KL Engineering. Included in the packet were sign in sheets and notes from residents whom attended the Public Information as well as a drawing of a potential modification to the existing pathway plan at 1255 that relocated the pathway to the backside of some very large trees. This modification would place the pathway on private property, but the resident who requested the modification is willing to provide an easement in order to save the trees that would otherwise be impacted. Mr. Brush and Mr. Paul have been in communication and have met with some of the property owners along the current pathway.

Mr. Koleski shared that he felt Mr. Brush did a great job with the visuals and the presentation at the Public Information Meeting and that there was a positive tone for the pathway, as well as constructive discussion on the goal to save as many mature trees as possible.

The committee further discussed other items to provide direction for Mr. Brush to deliver the 60% plans for the February Public Works Utilities Committee Meeting. After reviewing the slope of a handful of concrete driveways that had been requested to stay in place, only two are likely to meet that criteria. The committee decided that if an existing concrete driveway approach was less than 2 years old, met the slope requirements, was in good condition, then the Village can choose to allow for that portion of the driveway to stay in place, but the Village should retain the rights to make that decision.

The committee was ok moving forward to pursue the easement at 1255 Highland to preserve the larger trees as noted. Relative to 14800 Juneau Blvd, the committee preferred to avoid adding a retaining wall unless it was required and to try and make it work without it.

In regards to private drain discharges in the ROW that may impact the construction of the pathway, the committee agreed that it must be removed from the ROW by the owner to meet the requirements of the most current ordinance, which is to discharge 10' back from the property line.

The last discussion dealt with the traffic control options and whether to do a soft closure or offer a one-way option. Pros and cons were discussed but the committee wanted to know how it would impact the price of the overall project. Once they can be given some direction, they can better make a decision. The committee asked that Mr. Travis provide some projections or perhaps bid them as alternatives.

9. Update on Public Works Projects

Mr. Paul also informed the committee that the main focus right now for the DPW continues to be snow removal, tree removal/pruning and x-mas tree pick up.

Procurement of the 2026 DPW equipment is underway and have so far been in line with the projected budgets.

10. Other Business

Mr. Koleski inquired if there were any more update son the procurement of the Fire Truck from Butler. Mr. Harrigan stated that Butler is still working through the details of the FEMA grant concerns that they used to assist in the purchase of the truck.

11: Adjourn

**MR. ZWIRLEIN MOTIONED AND MR. HARLEY SECONDED TO ADJORN. MOTION CARRIED 7-0.
7:44 P.M.**

Respectfully Submitted
Richard Paul, Jr.
Public Works Director

DRAFT

Village of
Elm Grove

**PROCLAMATION: WINTER SALT WEEK
JANUARY 26-30, 2026**

WHEREAS, the Village of Elm Grove relies on deicing salt as part of its winter maintenance program to maintain safe and accessible roadways; and

WHEREAS, all the salt applied to roadways ends up in our freshwater; and

WHEREAS, chloride contamination from deicing salt has been found in lakes, streams, and groundwater in watersheds and across the state; and

WHEREAS, reducing overuse of deicing salt reduces damage to infrastructure and property, protects freshwater resources, and reduces harm to aquatic plants and animals; and

WHEREAS, it is crucial to raise awareness among residents, businesses, and local government agencies about the responsible use of deicing salt to protect both public safety and the long-term health of our freshwater resources; and

WHEREAS, Winter Salt Week provides an opportunity to educate our community about the responsible use of deicing salt, including environmental considerations and effective application methods; and

WHEREAS, the residents of Elm Grove can contribute to deicing salt pollution reduction efforts locally by learning about smart salting practices, engaging in safe winter driving, hiring trained service providers, and participating in the WI Salt Wise program; and

WHEREAS, the Village is committed to promoting a sustainable approach to winter maintenance for the benefit of present and future generations;

BE IT THEREFORE RESOLVED, that we the Village of Elm Grove Board of Trustees, proclaim January 26-30, 2026 as

“WINTER SALT WEEK”

in our Elm Grove and urge all residents, businesses, and city departments to take part in activities and initiatives that promote the responsible use of deicing salt and encourage the adoption of winter maintenance strategies which maintain safety while reducing environmental harm.

Dated this 27th day of January, 2026

Crystal Turner, Village Clerk

Jim Koleski

Elm Grove, Wisconsin

January 20, 2026

Village of Elm Grove
Board of Trustees
Mr. Tom Harrigan
Village Manager
13600 Juneau Blvd.
Elm Grove, WI 53122

Dear Mr. Harrigan and Village of Elm Grove Board of Trustees,

Pursuant to the Village Code of Ordinances, chapter 243-25B, this is a formal appeal request of a ROW (Right of Way) indemnification denial of February 10, 2025, for a line of arbor vitae trees along the west perimeter of our property at 14161 Juneau Blvd.

The full original line of trees was planted between 1985-1990 when the property was owned by Dr. John Gonis. The property was divided in 1999 into two parcels and the tree line remained in place through the construction of the two new homes. The replacement arbor vitae tree line was mainly replanted by us in 2018 after trimming on the St. George Ct. side prompted complaints and comments from neighbors about their unsightly roadside appearance.

Besides providing some level of natural privacy, the natural berm of the line is very effective directing rainwater runoff away from the low southern and western side of the property.

This became more evident as an approximately forty-foot replacement section was intentionally left open in 2018 to ease construction vehicle access to that area in anticipation of planned remodeling and landscape work in the backyard.

While the missing section was removed there was significant opportunity for street runoff to flow directly into our yard in that particular area. Every rain event caused water pooling and washout in that section of the property.

During our construction phase, it was necessary to fill the area with stone gravel to stabilize the ground. On several occasions after rain events the contractors had to add additional loads of stone gravel to stabilize the area for construction equipment traffic as the runoff from the open area would make the area too muddy and soft.

When the area was reseeded, the runoff made it very difficult to grow lawn due to constant water ingress. Our landscaping and back yard project was completed in June 2024, and we anticipated replacing the remaining forty feet of arbor vitae. Receiving notice of the repaving project on St. George Court in June 2024, we delayed the arborvitae section replacement until after the road work was completed. In October 2024 we replaced the remaining forty feet.

Since then, the yard area has resisted water ingress and washout effectively as the tree line again provides a natural berm directing water flow away from the yard. There can be no better example than the torrential rains of August 11, 2025, of how effective the replacement

tree line was in abating water damage to the yard, as that area suffered no issues. Our yard would have been severely impacted before those forty feet were replaced, as lesser rain events had previously caused problems.

The restoration of the final tree line section has been a good mitigating factor in protecting our yard from storm runoff. Since this is an exceptional circumstance applying to our lot exclusively, and the fact that it is essentially the same line it replaced, and since it causes no detriment to adjacent property and will not materially impair the public interest, we are requesting approval of the ROW indemnification request for the replacement section of arborvitae trees now in place.

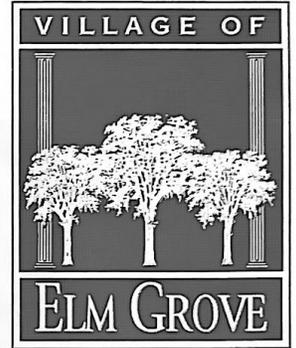

Sincerely,

A handwritten signature in black ink, appearing to read "Eric J. Peter". The signature is stylized with large, sweeping loops and a long horizontal stroke extending to the right.

Eric J. Peter

Findings required to grant variance

1. Preservation of intent. No variance shall be granted that is not consistent with the purpose and intent of the regulations for the district in which the development is located. No variance shall have the effect of permitting a use in any district that is not a stated permitted use, accessory use or conditional use in that particular district.
2. Exceptional circumstances. There must be exceptional, extraordinary or unusual circumstances or conditions applying to the lot or parcel, structure, use or intended use that do not apply generally to other properties or uses in the same district and the granting of the variance would not be of so general or recurrent nature as to suggest that the Zoning Chapter should be changed.
3. Economic hardship and self-imposed hardship not grounds for variance. No variance shall be granted solely on the basis of economic gain or loss. Self-imposed hardships shall not be considered as grounds for the granting of a variance.
4. Preservation of property rights: that such variance is necessary for the preservation and enjoyment of substantial property rights possessed by other properties in the same district and same vicinity.
5. Absence of detriment: that the variance will not create substantial detriment to adjacent property and will not materially impair or be contrary to the purpose and spirit of this chapter or the public interest.

Village of Elm Grove Forestry Department

Date: 1-7-15

Property At: 14161 Juneau Blvd

Mr. & Mrs. Peter or Current Owner

Vegetation encroaching our streets has become an issue. A safe line of site at intersections needs to be addressed to keep all village residents and visitors safe. Vegetation along our streets makes it difficult to safely remove snow in winter and is damaging vehicles as they pass. Vegetation in the ditch restricts water flow causing localized flooding and can push pedestrians out into traffic lanes. Low hanging limbs can damage vehicles and equipment plus restrict site lines to road side signs.

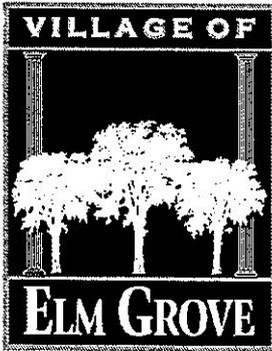

This letter is being sent to inform you that the vegetation on the corner or along the frontage of your home is going to be cut back from the road edge. Invasive species, per Wisconsin's invasive species list, will be cut and a herbicide painted on to avoid further sprouting. Tall grass and weeds will still be the responsibility of the resident. Trees will be pruned, to the Internal Society of Arboriculture standards, to allow safe traffic flow.

The department's intention, to the best of our ability, is not to open a site line to your property or home. However, some roadside vegetation will be thinner as intersection and roadside safety is our main concern. If you have a specific concerns about your property please contact me at 782-6700 or forester@elmgrovewi.org.

Sincerely,

Ron Hill
Village Forester

Note: Some of the arborvitae on St. George will be very thin. Some large sections will be removed on the street side.

DEPARTMENT OF PUBLIC WORKS

Richard Paul Jr.
Director of Public Works

13600 Juneau Boulevard

June 28th, 2024

Street Paving Notice – St. George Ct

Dear Resident,

Your street is on the list for repaving in **2024**. The Village of Elm Grove DPW will begin to address stormwater concerns and upgrades/or installation of culverts and ditches that may have been buried or filled in over time in preparation of the new pavement this summer. The area of the ROW in which the work will be completed is typically within the area of about 15-20' from the road edge into the lot.

You may see multiple 1-2 DPW crews working in the area as available, then once the paving schedule has been established, you will be updated on a closer schedule at that time.

What to expect:

- Excavations to grade ditches properly along the road edge.
- Replacement/installation of culvert pipes under the driveway approach.
- Possible removal of foliage within the work areas to allow for completion of work.
- Reseeding and seasonal restoration before fall but after paving is completed.

If there are any structures, plantings or buried items in the ROW installed by a homeowner, those items will likely have to be removed. If there are any irrigation systems that are present those will need to be marked and possibly removed.

It would be helpful if you could reach out with an e-mail should there be any irrigation systems present so we can coordinate with any that are in conflict.

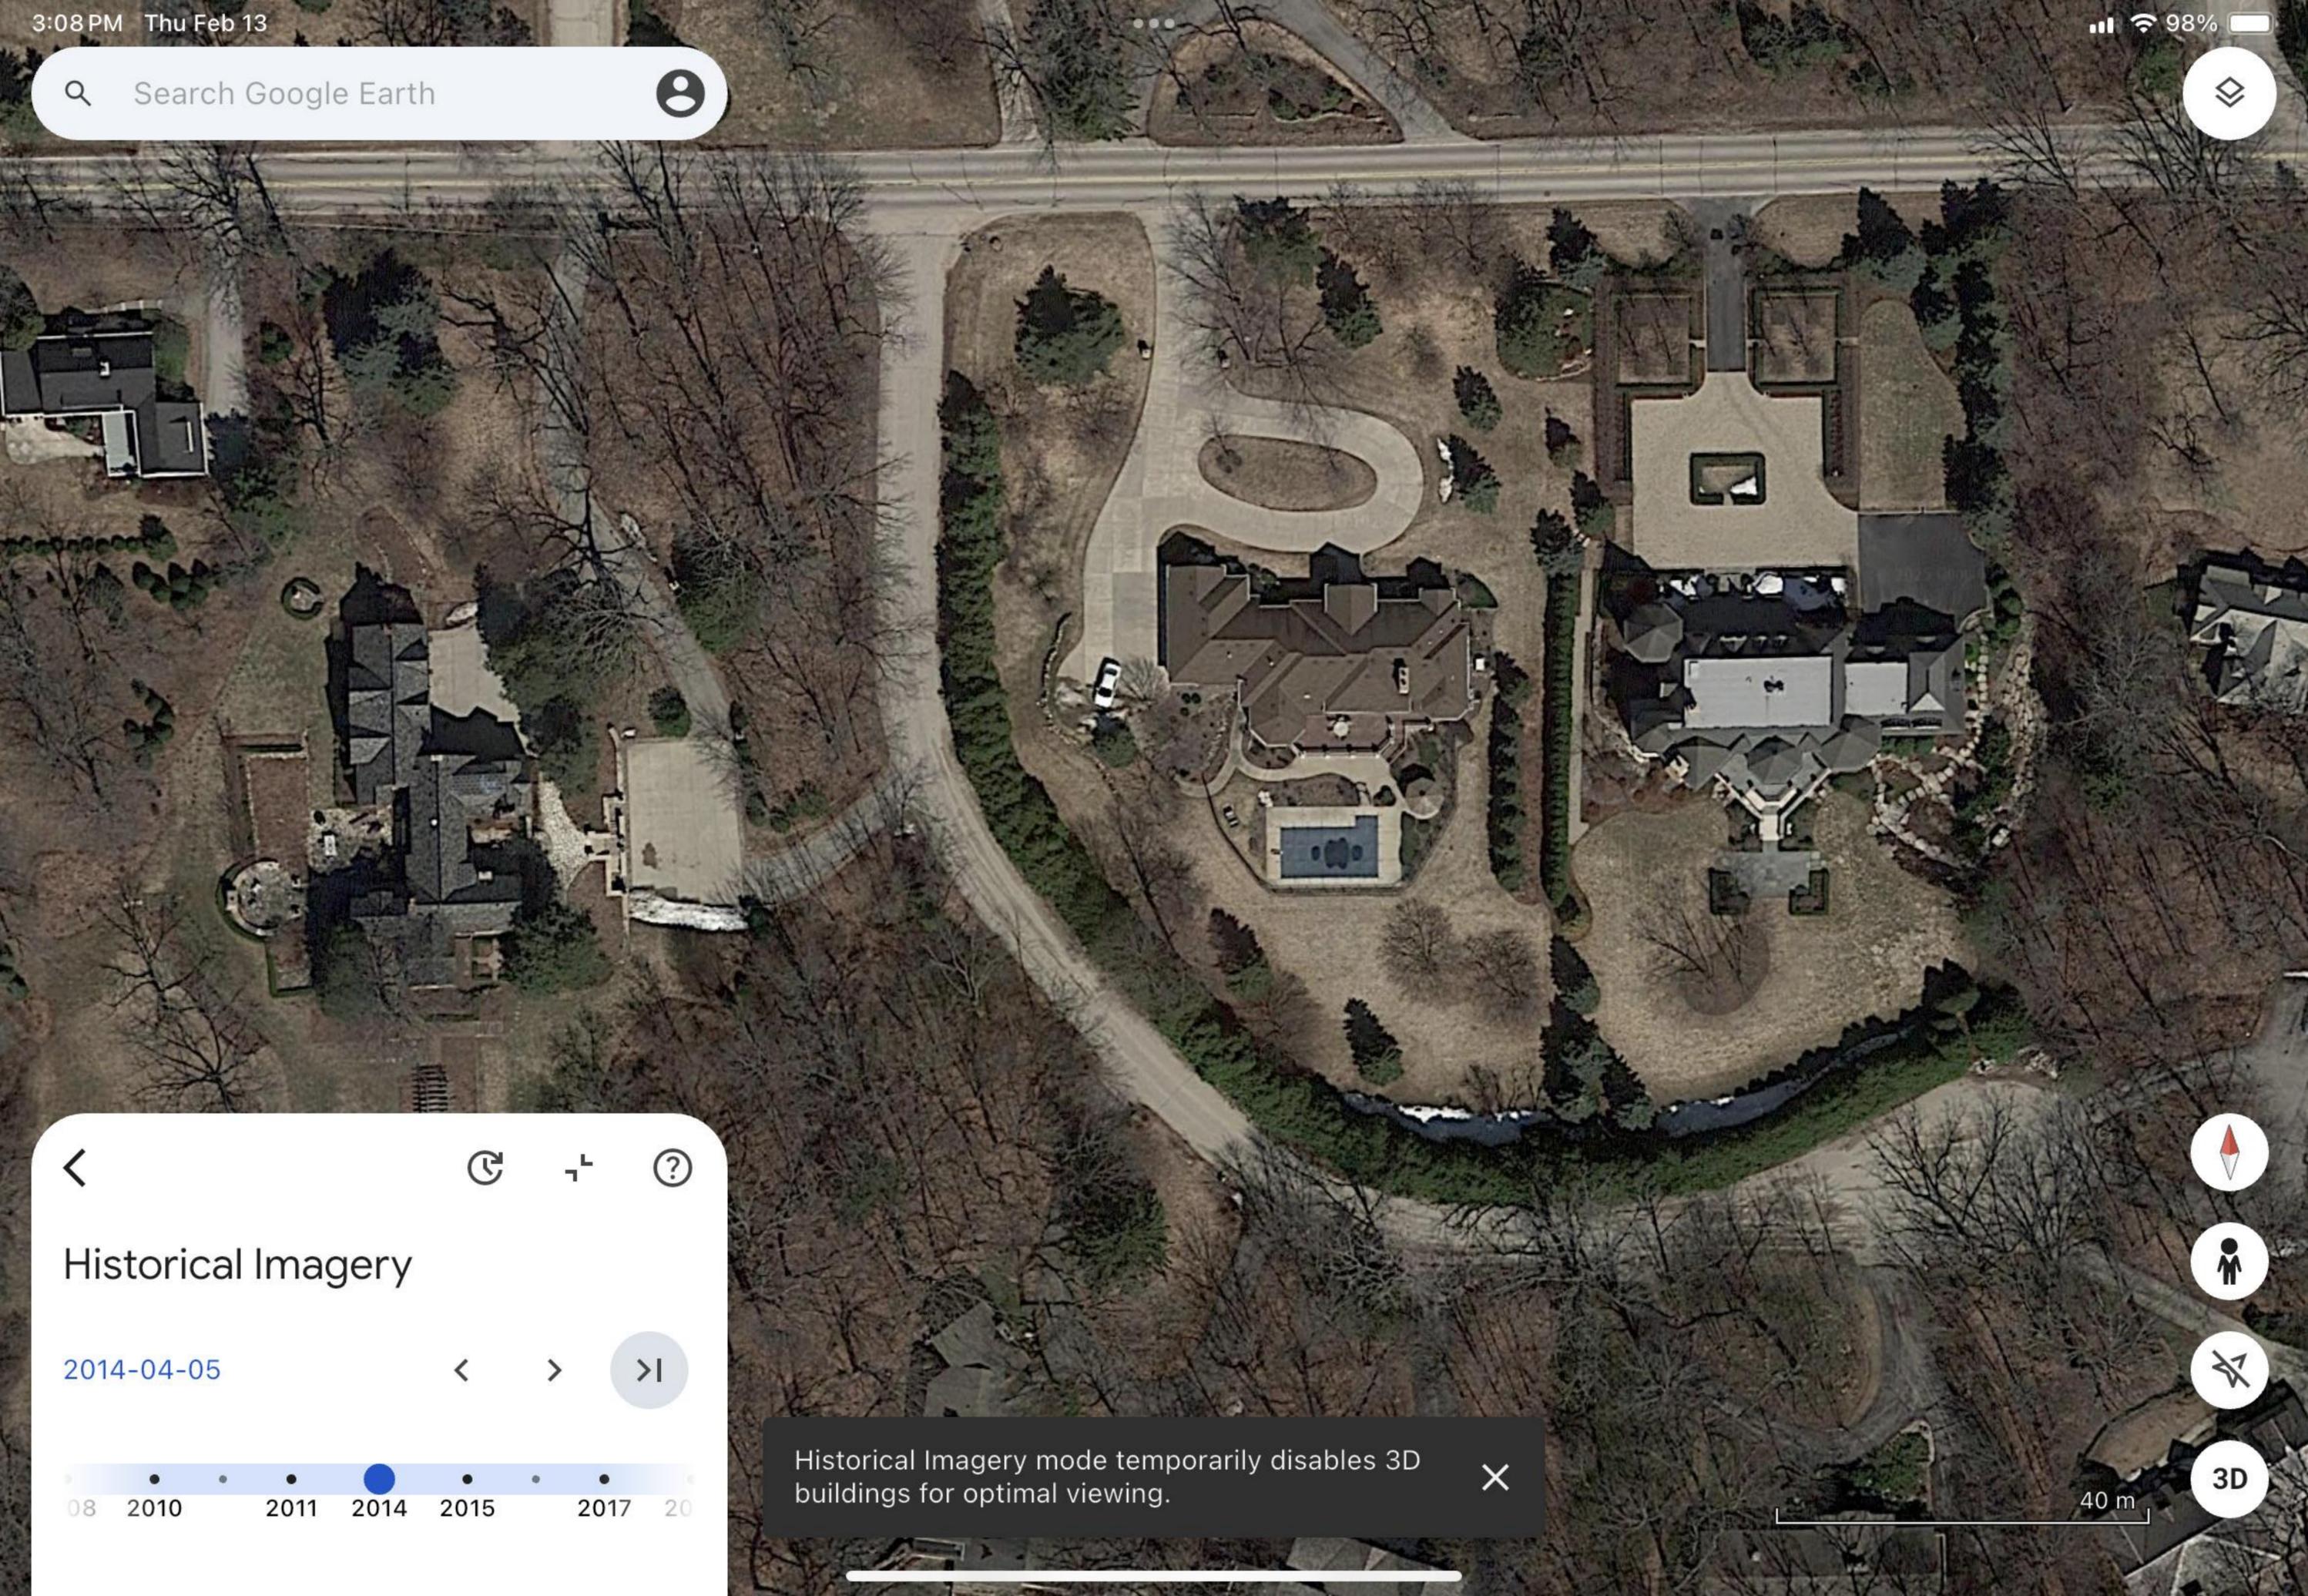

We are evidently at Mother Nature's mercy, so delays may occur due to weather conditions.

Thank you for your patience and cooperation. It would be helpful if you would send an e-mail to me at rpauljr@elmgrovewi.org so I may have a way to communicate anything pertinent to the project as may be needed. If there is a need for a mass notification, all emails will be Bcc'd to maintain privacy.

Sincerely,

Richard Paul, Jr.
Director of Public Works
Village of Elm Grove

**David J. Frank Landscape
Contracting, Inc.**

To Whom It May Concern,

This letter is in regard to the row of arborvitae planted along the border of St. George Court and 14161 Juneau Blvd.

The original line of arborvitae was planted prior to Eric and Gina Peter purchasing the property, but due to the age/poor condition of those arborvitae, the Peters removed the original arborvitae and began replacing them. In 2018, they replaced a majority of the line but left out a 40 foot section of the line along the western side of their property, to allow for equipment access to their backyard for a renovation project. This last section along the west property, was replanted at the completion of the backyard renovation project, and the St. George Court repaving project, in 2024. All new arborvitae trees were planted in the same line location as the original planted line of arborvitae.

There are multiple reasons/hardships to this property that warrant the need for the line of arborvitae along St. George Court.

1. This property is a corner lot but is bordered by public road on 3 sides. Because St. George Court curves and changes direction, it borders this property on the west and south side, which exposes the entire backyard to public viewing and lack of privacy. The line of arborvitae creates the screen necessary for the privacy of this backyard.
2. The ROW lacks any type of effective drainage swale along the west property to keep road runoff from migrating onto the Peter property. Surface water does eventually make its way to the drainage basin along St. George Court, but not before it would first flow across the Peter's backyard. For the backyard renovation project, a rip rap tracking pad needed to be installed along St. George Court to stabilize the soil due to the amount of water at our access point. Upon completion of the backyard renovation project, the lawn was restored and turf seed was installed. Due to the amount of water runoff from St. George Court, the turf seed struggled to germinate and establish because of the level of moisture in the soil and soil erosion.

The line of arborvitae creates a natural barrier/swale for the road runoff and gives it a more direct flow along St. George Court, to the drainage basin, and not migrating onto the Peter property. Since the installation of the arborvitae, the west property, and backyard, have been drier and more successful in reestablishing the lawn.

Fax: (262) 628-4729
mail@davidjfrank.com

With the benefits of the arborvitae line mitigating the privacy and stormwater hardships of the property, and planted in the same location as the original arborvitae line, we are requesting an approval of a ROW indemnification for the arborvitae trees now planted in place.

Sincerely,

A handwritten signature in black ink, appearing to read 'Allan Schraufnagel', with a long horizontal flourish extending to the right.

**LEGISLATIVE COMMITTEE DRAFT MINUTES
December 18, 2025 * 8:30 AM * Reinders Room**

13600 Juneau Boulevard, Elm Grove, WI 53122

12/18/2025 - Minutes

1. Call the Meeting to Order and Roll Call.

Trustee Stuckert called the meeting to order at 8.30AM

Present: Trustee Stuckert, Trustee Castile, Trustee Sayas, and Chad Schomberg (Zoom at 8.37am) Sayas

Excused: Rebeka Sinclair

Also Present: Village Manager Harrigan, Asst. Village Manager Sowl, Village Clerk Turner, Chief Hennen, Asst. Chief Unger, and Attorney de la Mora

2. Approval of Minutes

A. Review and act on the October 13, 2025 Legislative Committee Draft Minutes

Motion by Trustee Castile, seconded by Trustee Sayas, to approve the October 13, 2025 Legislative Committee Minutes as amended.

Aye: (3) Trustee Stuckert, Trustee Castile, and Trustee Sayas

3. Review and act on the creation of a new Rm-3 district for CBRF (Community Based Residential Facilities) and RCAC (Residential Care Apartment Complexes)

Trustee Stuckert introduced the creation of the new Rm-3 district.

Attorney de la Mora stated to change to the Land Use Map should be in sync with the adoption of the new district. Trustee Stuckert stated updates would indicate to a developer of how the Village would like to see things done. The idea is that the updates will be locked in through the comprehensive plan.

Motion by Trustee Sayas, seconded by Trustee Castile, to approve the creation of a new Rm-3 district for CBRF (Community Based Residential Facilities) and RCAC (Residential Care Apartment Complexes)

Aye: (3) Trustee Stuckert, Trustee Castile, and Trustee Sayas

4. **Review and act on Ordinance 2025-13 to remove CBRF (Community Based Residential Facilities) and RCAC (Residential Care Apartment Complexes) from § 335-26 I-1 Institutional Districts.**

Motion by Trustee Castile, seconded by Trustee Sayas, to approve Ordinance 2025-13 to remove CBRF (Community Based Residential Facilities) and RCAC (Residential Care Apartment Complexes) from § 335-26 I-1 Institutional Districts.

Aye: (4) Trustee Stuckert, Trustee Castile, Trustee Sayas, and Chad Schomberg

5. **Review and act on the request from the Public Safety Committee to amend § 275-4 Schedule IV: Parking Prohibited of the Elm Grove Code of Ordinances to address safety concerns near Lindhurst Drive and Lindhurst Court.**

Trustee Sayas introduced the item forwarded from the Public Safety meeting. Chief Hennen has received multiple complaints from residents on Lindhurst for parking issues. Started with a temporary no parking signs and now recommending permanent no parking signs are installed.

Chief Hennen stated he has received support from residents and the goal is to improve safety for school drop off.

Trustee Sayas noted the Public Safety Committee discussed having specific times so not to impact residents. No parking on school days 8am-9am and 3pm-4pm Chief Hennen contacted the school to verify.

Village Manager Harrigan asked if the no parking descriptions are accurate. Chief Hennen confirmed they are accurate.

Attorney de la Mora asked if all areas were in the right of way. Chief Hennen confirmed they are.

Motion by Trustee Sayas, seconded by Trustee Castile, to recommend to the Board of Trustees to move forward on the request from Chief Hennen to amend § 275-4 Schedule IV: Parking Prohibited of the Elm Grove Code of Ordinances to address safety concerns at the following locations:

Lindhurst Drive, West side, between Legion Drive and Oakhurst Drive

Lindhurst Drive, East side, between Lindhurst Drive and Lindhurst Court

Lindhurst Drive, East side, between Lindhurst Court and Oakhurst Drive

Lindhurst Court, Both sides, from Lindhurst Drive to Lindhurst Court (cul-de-sac)

No parking restrictions on school days from 8:00am to 9:00am and from 3:00pm to 4:00pm.

Aye: (4) Trustee Stuckert, Trustee Castile, Trustee Sayas, and Chad Schomberg

Attorney de la Mora asked what kind of posting for the restriction is planned. **Chief Hennen** stated there is currently temporary no parking signs in the location.

Village Manager Harrigan asked do permanent signs have to reference the ordinance. **Chief Hennen** noted current permanent signs do not reference the ordinance. **Trustee Sayas** stated the signs will have the restricted times.

Trustee Sayas shared the Committee did discuss if the school has a daytime event for parents the Police Department will bag the signs with special requests from the school.

6. Review and act on the amendments to § 208-9(C) and § 208-13(A)(3) to align with the 2025 Wisconsin Act 24 renumbering of the State Statutes.

Village Manager Harrigan stated due to Wisconsin State Statute renumbering the Village Ordinances needs to reflect state statutes accurately in order to be enforceable.

Motion by Trustee Sayas, seconded by Trustee Castile, to amend § 208-9(C) and § 208-13(A)(3) to align with the 2025 Wisconsin Act 24 renumbering of the State Statutes.

Aye: (4) Trustee Stuckert, Trustee Castile, Trustee Sayas, and Chad Schomberg

7. Other Business

Trustee Stuckert stated noise complaints require two separate households as complainants for anything to happen. Other communities allow the Officer to be the second complainant.

Village Manager Harrigan said this is a loop hole that needs two residents to place a complaint in order to enforce. Others may not be home. Officers would have discretion

Chief Hennen said noise complaints are challenging right now as they can't make contact based on one complaint even to ask someone to turn down music or noise. More effective if the Officer is able to be second complainant.

Trustee Stuckert stated other neighbors may feel uncomfortable to make a complaint.

Asst. Chief Unger noted habitual howling may be covered by a different ordinance and may also require two complainants.

Trustee Stuckert requested to add an item to the next legislative meeting to amend the peace and good order ordinance.

Village Manager Harrigan stated staff will review language and bring forward to the Legislative Committee.

Chief Hennen stated habitual barking for dogs does require two complainants. Generally, on the first complaint it would be a verbal warning. If in a short time frame there was a second call and can verify the Officer will issue a citation. The updates would not change how the Police Department operates.

Trustee Castile asked if the definition around habitual barking should be defined. Chief Hennen recommended not being too specific and allow for the court to review if it gets to that point.

8. Adjournment

Motion by Trustee Sayas, seconded by Trustee Castile, to adjourn at 9.03AM

Aye: (4) Trustee Stuckert, Trustee Castile, Trustee Sayas, and Chad Schomberg

Minutes respectfully submitted by: Crystal Turner, Village Clerk

Minutes approved on:

ORDINANCE 2026-03

THE VILLAGE OF ELM GROVE CODE OF ORDINANCES
 § 275-4 (B) Parking, Stopping and Standing

THE VILLAGE BOARD OF THE VILLAGE OF ELM GROVE DO ORDAIN AS FOLLOWS:

VILLAGE OF ELM GROVE

ORDINANCE 2026-04

THE VILLAGE OF ELM GROVE CODE OF ORDINANCES
§ 208-9 (C) and § 208-13(A)(3) Amended Citation Reference

THE VILLAGE BOARD OF THE VILLAGE OF ELM GROVE DO ORDAIN AS FOLLOWS:

Section 1:

Pursuant to 2025 Wisconsin Act 24, the Wisconsin Legislature renumbered and consolidated the prior Wis. State Statutes § 940.19 (Battery) statutes into new sections beginning at § 940.60, titled “Battery; substantial battery; aggravated battery.”

As a result, existing references in the Elm Grove Code to § 940.19 or § 940.19(1) are now outdated. Updating these citations ensures local ordinances accurately reference current Wisconsin Statutes and remain enforceable under state law.

Summary of Required Updates Code Section	Current Citation	Updated Citation	Purpose of Change
§ 208-9(C)	§ 940.19(1), Battery	§ 940.60(1), Battery	Update statutory reference to reflect renumbered Wisconsin Statute.
§ 208-13(A)(3)	§ 940.19, Wis. Stats.	§ 940.60, Wis. Stats.	Align nuisance activity section with current state statute.

Section 2: This ordinance shall take effect and be in full force from and after its passage and publication by posting.

Passed and approved this _____ day of _____, 20_____.

RECREATION COMMITTEE MINUTES
January 13, 2026 * 5:30 PM * Park View Room

13600 Juneau Boulevard
Elm Grove, WI 53122

1/13/2026 - Minutes

1. Call Meeting to Order/Roll Call

Chairman Hillmann called the meeting to order at 5:32 pm

Present: Trustee Hillmann, Trustee Olson, Trustee Sayas, Allison Kelly, Stacy Barry Coffee, Patrick McNally, Ryan Black, Dr. Susan Retzack

Also Present: Isabella Naughton, Ethan Sowl

2. Approval of Minutes

A. Review and act on October 14, 2025 Recreation Committee minutes.

Motion by **Trustee Sayas** seconded by **Dr. Retzack** to approve the October 14, 2025 recreation committee meeting minutes.

All in favor. Motion passed.

3. Recreation Manager Update

Recreation Manager Naughton provided a brief introduction before beginning update.

A. Softball Fields Graded

Recreation Manager Naughton provided update that softball fields were graded on Nov. 17th for \$11,100 and provided the recommendation is that it is completed every 2 years on an alternate year schedule. **Recreation Manager Naughton** noted this will fall in the 5-year capital budget. **Dr. Retzack** asked for clarification on what work was done and the purpose behind it. **Recreation Manager Naughton** clarified top soil was added and it

allows for better drainage and use of fields. **Barry Coffee** asked if there is a record of when this took place for future reference. **Recreation Manager Naughton** stated yes it has been recorded.

B. Summer Update

1. Recreation Guide

Recreation Manager Naughton provided the update on projected timeline to get the Recreation guide out to the public. There are additional offerings from some third party providers but nothing brand new. **Trustee Sayas** asked when the Guide has been distributed in the past. **Recreation Manager Naughton** stated she believed that it was late April and that this has been a big priority. **Chairman Hillmann** reiterated the need to get the guide out early to allow residents opportunity to understand program offerings.

2. Hiring

Recreation Manager Naughton reached out to last year's staff to gauge interest and will begin reaching out to employees once the recreation guide has been completed. A majority of seasonal staff from last year are interested in returning.

C. Knowles Nelson DNR Grant Update

Recreation Manager Naughton noted that the Village met with KL Engineering to get a quote for the Northern Boardwalk. At this time, the quote came in much higher than initial projected project costs. The Village is in the process of getting another quote from Custom bridges and boardwalks.

Recreation Manager Naughton identified the location of the boardwalk connecting from the service drive at Tonawanda through the floodplain to Village Park. **Dr. Retzack** stated Public Works has not made any effort to clear a path. **Recreation Manager Naughton** clarified that the project is not underway at this time.

Chairman Hillmann stated he was unclear if the proposal would come through the Recreation Committee or if it would go directly to the board. He also asked if it would go through Public Works. He identified the desire for it to go through the Recreation Committee. **Assistant Manager Sowl** stated the Village is still in the preliminary stages to determine if the cost would prevent the project from occurring. **Recreation Manager Naughton** stated that the DNR grant would cover \$56,000 and stated KL quote came in at \$400,000- \$480,000 for the boardwalk only, not including additional costs. **Dr. Retzack** asked for clarification on the term "boardwalk". **Assistant Manager Sowl** stated a low to the ground wooden walkway. **Dr. Retzack** asked how long the Village has to complete the project. **Assistant Village Manager Sowl** noted 2 years to complete. **Recreation Manager Naughton** stated the DNR has not yet issued their formal offer and that we will now have the opportunity to follow up with them.

Black asked if the grant was approved for this specific project. **Recreation Manager Naughton** stated yes.

Chairman Hillman stated the Village has a greater need than the boardwalk and the funds could be used elsewhere. **Dr. Retzack** disagreed stating the need for access from the North side of the park. **Chairman Hillman** stated his agreeance for a need but reiterated this was not identified as a top need of the park however, this is what the grant must be used for.

Trustee Sayas asked if there are other eligible grants. **Recreation Manager Naughton** stated the Knowles Nelson grant will not give any more and there is no DNR supplementary grants.

The committee members continued discussion around identifying funding opportunities, the potential for a "Friends of Elm Grove Park" group, and how to identify park projects and share the vision with the community. The consensus was that the Boardwalk project cost needs to be understood and further discussion, to include the CORP, was slated for the February meeting.

D. Wildlife Abatement Grant

Recreation Manager Naughton noted the Board of Trustees approved a resolution for the DNR wildlife abatement grant. We heard back late Tuesday afternoon with the grant offer and the Village will be reviewing it shortly. **Recreation Manager Naughton** explained the grant and its purpose. **Chairman Hillmann** stated the beautification committee will be contributing \$5,000 and explained the impacts of the deer population on the park in the Village and the culling process. **Chairman Hillmann** asked **Recreation Manager Naughton** to provide an update on this item at a later date.

E. Financial Update- Fiscal Year 2025

1. Transition from Global to CivicRec- Credit Card Fee's

Recreation Manager Naughton provided a financial update and noted the numbers are not finalized yet but stated they were relatively close. She noted operating revenue budget of \$213,150.00 and ended 2025 at \$209,256. She noted reasoning as low swim attendance and that necessary adjustments will be made should this prove to be a trend. Operating expenses budget was \$323,620 and ended at \$370,373. She noted the main unexpected reasons as wages, with Logans pay out and credit card fees. She provided the context of the processor and noted the change. She noted no other major areas of concern for the 2025 year.

Recreation Manager Naughton will give a Budget update throughout the year. **Chairman Hillmann** noted the unusual event of Logan's payout and credit card fees not being good. He requested a basic spreadsheet visual aid for the updates in the future. **Trustee Sayas** clarified what Logan's payout was. **Chairman Hillmann** stated he will be meeting with Brian Lahey, Finance Director and will provide an update. Assistant Village Manager Sowl stated the bulk of the issue was credit card fees. **Trustee Sayas** discussed being confused about why the Recreation Department was over in a conversation with President Koleski. **Recreation Manager Naughton** clarified there were some other minor things that were not factored in at that point including Beer Garden revenue, and cleaning up coding. **Trustee Sayas** asked for 3rd Space revenue going back 3 years to be shared with the committee. **Chairman Hillmann** asked when we would switch credit card processors, **Recreation Manager Naughton** stated it would be likely this month to work out issues before summer.

F. Tonawanda 5th Grade Pool Party

Recreation Manager Naughton noted the Tonawanda Pool Party will take place on the last day of school June 10th two days prior to the opening of the pool to the public. She stated the pool will open to the public two days later on Friday June 12th this is also the first Friday Flick movie. **Dr. Retzack** clarified if the pool party was a donation. **Recreation Manager Naughton** stated Tonawanda will be paying for it at the Resident rate but clarified that Tonawanda will be using the park for field day as donated by the Village.

G. Small Wins

Recreation Manager Naughton relayed the conflict resolution in regard to reservations. **Chairman Hillmann** asked how the issue was fixed. **Recreation Manager Naughton** noted by using the CivicRec software. **Dr. Retzack** asked what the library uses the space for besides the book sale. Committee members relayed different programming.

Recreation Manager Naughton discussed meeting with different municipalities daily operations and functioning processes and discuss potential collaborations to provide residents with more opportunities. She noted having met with Wauwatosa, Brookfield and soon meeting with New Berlin, West Allis/ West Milwaukee, and Menomonee Falls. **Trustee Sayas** stated loving Malone Park in New Berlin due to the fundraising efforts reflected in the fencing. They also noted the importance of asking questions in the future and the way that this park is accessible for different age groups and abilities.

Recreation Manager Naughton stated that she will be attending the Wisconsin Parks and Recreation Association conference in February as well as the Certified Pool Operators Licensing.

4. Review and act on the funding designation for the \$500 4th of July Town Bank donation.

Trustee Sayas noted the committee was not prepared to act on item 4 at this time. She noted meeting in December with them asking to sponsor the Fun Run for 4th of July.

5. Review and act on the donation of a family pool pass for Summer 2026 to Tonawanda PTO and St. Mary's Visitation.

Recreation Manager Naughton explained the ask by Tonawanda PTO and St. Mary's Visitation and relayed the \$260.00 value.

Motion by *Barry Coffee* seconded by *Black* to approve the donation of a family pool pass for Summer 2026 to Tonawanda PTO and St. Mary's Visitation.

All in favor. Motion passed.

6. Review and act on the donation of a Campout pass for Summer 2026 to St. Mary's Visitation.

Recreation Manager Naughton explained the ask by St. Mary's Visitation and relayed the \$60.00 value.

Motion by *Trustee Olson* seconded by *Trustee Sayas* to approve the donation of a campout pass for Summer 2026 to St. Mary's Visitation.

All in favor. Motion passed.

7. Other Business

Trustee Sayas asked when the 250th anniversary and 4th of July planning process should begin. Committee members determined planning should begin immediately.

Recreation Manager Naughton noted everything the Village Recreation Department has done in recent years will continue to include Food Trucks, DJ in the park, Open Swim, Fireworks, Fun Run. *Barry Coffee* asked if community partners were interested in helping run any events. *Trustee Sayas* and *Chairman Hillmann* stated that Logan reached out to community partners and it was determined they were more likely to fund part of the event than bring in volunteers.

Trustee Sayas discussed past events that included pony rides, races, and reenactment and noted interest from community members in funding those things. Committee members introduced ideas such as reaching out to students or professional carnival staff to support events, offering a stipend to volunteers, and working with long time supporters of the event in the planning process. *Barry Coffee* and *Chairman Hillmann* acknowledged the change in policy for 4th of July involvement.

Items for February Meeting

- Meeting start time 5.15pm
- 4th of July
- CORP (Committee of the Whole to determine framework)

Barry Coffee asked when the second diving board is in the capital budget. *Recreation Manager Naughton* stated there is a pool amenity allocated 3 years out and stated the determination will be made when we get to that point.

Barry Coffee asked how other municipalities have a "Friends of Village Park". *Dr. Retzack* stated Friends of Hoyt Park have a very specific goal of getting the pool re-opened.

8. Adjourn

Motion by *Black* seconded by *McNally* to adjourn 6:32 pm.

All in favor. Motion passed.

Standard Operations Policies and Procedures Manual

Elm Grove Police Department, Wisconsin

SOPP 10.01.093 JOB DESCRIPTION - PART-TIME DISPATCHER

Date Approved: Date Issued: Effective Date: Issued By: Chief of Police

- A. Possess a valid Wisconsin driver's license.
- B. Must be able to pass a background check.
- C. Ability to pass a physical exam and drug test.
- D. Ability to write clear and concise logs.
- E. Ability to prepare and maintain records and reports.
- F. Ability to effectively work and communicate with coworkers, the general public and public officials.
- G. Willingness to work in hazardous conditions in the pursuit of duties.
- H. Ability to type 40 words per minute.
- I. Ability to calmly handle emergency situations.
- J. General knowledge of computers with the ability to store and retrieve data.
- K. Willingness to work shifts, holidays, weekends and be on call 24/7.

LICENSE, EDUCATION, AND CERTIFICATION REQUIREMENTS

Valid Wisconsin driver's license;
High School degree or equivalent.

KNOWLEDGE, SKILLS, AND ABILITIES

Knowledge

The incumbent is expected to have, and develop, knowledge of: bookkeeping; inventory control; purchasing; Department computer operations; two-way radio operations; data processing techniques and procedures; word processing and related software; Department practices, policies and procedures; law enforcement administration, structure and process; public relations; legal terminology; English grammar and spelling; records management; judicial processes and jurisdictional limitations; workplace safety.

Skills

The incumbent must be able to perform: transcription; typing 45+ WPM; data entry; word processing; computer operation; use of modern Department equipment.

Abilities

The incumbent must be able to: carry out simple instructions; interpret a variety of instructions in written, oral, picture, or schedule form; understand, interpret, and apply laws, rules, or regulations to specific situations; add, subtract, multiply, and divide whole numbers; prepare routine correspondence; prepare accurate documentation; compile and prepare reports; respond to routine inquiries from public and/or officials; communicate effectively; maintain records according to established procedures; handle sensitive or technical inquiries from and contacts with officials and general public; develop and maintain effective working relationships; operate clerical equipment; operate a two-way radio to receive and transmit messages; perform duties in a professional manner.

WORKING CONDITIONS

Work is performed indoors in standard office environment with an occasional requirement of lifting heavy objects (e.g., Department supplies, records, etc.).

In addition to standard office environment, the incumbent has:

1. Exposure to firearms.
2. Exposure to crowds.
3. Exposure to potentially violent or emotionally distraught persons.
4. Exposure to life-threatening situations.
5. Necessity for frequent sitting for extended periods of time.
6. Exposure to close contact with computer monitors.

CAUSE FOR REMOVAL

The incumbent may be removed with or without fault. Economic conditions that cause reductions in work force, the member's inability to attend regularly to work, and a failure to perform competently on any of the essential functions of the position or consistently fail to perform competently on regular tasks are among the major reasons for job removal without fault. Failure to support the mission, uphold the oath of office, behave in a manner that supports the Law Enforcement Officer's Code of Ethics, continually comply with preconditions for original employment, or display due regard for the civil liberties of any persons; or accruing atypical amounts of dysfunctional work time and/or requiring atypical amounts of Supervisory counseling or remedial training will lead to removal.

Conduct searches.

Interview adult or juvenile suspects.

Interview adult or juvenile victims and witnesses.

Receive confessions of guilt.

Determine and document the cause of motor vehicle accidents.

Perform Emergency Medical Technician or First Responder Emergency Medical Procedures.

Secure injured persons property.

Prepare for judicial proceedings.

Testify in court and other judicial proceedings and provide credible testimony in a court of law.

Make non-enforcement public contacts.

Render general assistance and provide information.

Inform citizen of crime prevention techniques.

Make referrals to other agencies. Deliver emergency messages to citizens.

Use conduct which minimizes citizens complaints.

Load, unload, clean, and maintain sidearm and long guns.

Additional Responsibilities:

While the following tasks are necessary for the work of the unit, they are not an essential part of the purpose of this position and may also be performed by other unit members.

Process mail and make inter-Village deliveries.

MINIMUM QUALIFICATIONS

- A. Certification by the Wisconsin Law Enforcement Standards Board.
- B. Possess a valid Wisconsin driver's license.
- C. Must be able to pass a background check.
- D. Ability to pass a physical exam, drug test, polygraph, and psychological tests.
- E. Knowledge of Federal, State and local laws.
- F. Ability to write clear and concise reports.
- G. Ability to prepare and maintain records and reports.
- H. Ability to train and instruct new members in law enforcement topics.
- I. Skilled in the safe use and maintenance of police weapons, equipment and vehicles.
- J. Ability to effectively work and communicate with coworkers, the general public and public officials.
- K. Willingness to work in hazardous conditions in the pursuit of duties.
- L. Willingness to work shifts, holidays, weekends and be on call 24/7.
- M. Willingness to maintain a close and loyal working relationship with the Chief of Police in pursuit of the Chief's lawful directives and orders.
- N. Additional requirements as determined by the Police and Fire Commission.
- O. Maintains abilities to: train subordinate personnel; communicate effectively both orally and in writing; establish and maintain effective working relationships with subordinates, peers, and supervisors; exercise sound judgment in evaluating situations and in making decisions; and follow and give written and verbal instructions.

As law enforcement officers are in a position of public trust, and are exposed to temptations to display favoritism, allow corruption, or accept unlawful monetary gain, it is an absolute necessity that Elm Grove Police Officers possess a history of having maintained the characteristics of compliance with laws and regulations, honesty, reliability, ability to manage personal finances, interpersonal skills, and integrity. These qualities must be confirmed through background investigation, interview, and assessment.

LICENSE, EDUCATION, AND CERTIFICATION REQUIREMENTS

Valid Wisconsin driver's license; valid Wisconsin peace officer basic training certificate; High School degree or equivalent; State of Wisconsin Law Enforcement Standards Board Certification. Maintain licensure in the State as a **Emergency Medical Responder** or Emergency Medical Technician and current certification in cardiopulmonary resuscitation (CPR). A minimum of 60 credits, from an accredited college, in a law enforcement related subject. Other requirements as determined by the Police and Fire Commission.

PHYSICAL AND MENTAL ABILITIES

Language and Interpersonal Communications:

The officer must possess excellent communication and interpersonal skills to interact with the public on a daily basis. The

officer may be called upon to meet with and make presentations to groups of residents and/or business people from various neighborhoods regarding local crime, traffic, and related problems within or around the community.

Mathematical:

Ability to perform simple numerical calculations (addition, subtraction, multiplication and division) using a calculator or other device to derive accurate computations.

Judgment and Situational Reasoning Ability

Ability to exercise the judgment, decisiveness and creativity required in situations involving the evaluation of information against sensory and/or judgmental criteria.

Physical:

Ability to safely operate, maneuver and/or steer a police emergency vehicle and other law enforcement tools, equipment, and firearms that the employee has been trained to use in the course of his duties.

Ability to coordinate eyes, hands, feet and limbs in performing semi-skilled movements such as typing.

Ability to exert moderate physical effort in sedentary to light work, typically involving some combination of stooping, kneeling, crouching and crawling, lifting, carrying, pushing and pulling.

Ability to recognize and identify degrees of similarities or differences between characteristics of colors, forms, sounds and odors associated with job-related objects, materials and tasks.

GENERAL WORKING CONDITIONS

Work is performed indoors and outdoors, often in a police vehicle environment. The incumbent has:

1. Occasional exposure to blood, bodily fluids, and tissue.
2. Occasional exposure to physical harm by hostile inmates, prisoners, or other persons.
3. Occasional necessity for extreme physical exertion in order to subdue or restrain individuals.
4. Exposure to adverse weather conditions.
5. Exposure to criminals or violent persons.
6. Exposure to hazardous or dangerous situations when investigating crimes or other incidents.
7. Exposure to heavy traffic and exhaust fumes.

Work conditions vary by shift. The majority of tasks are performed outside while working from a police vehicle in all types of weather conditions. Few tasks require heavy lifting, pushing, pulling, or carrying heavy loads. Flexibility is important because of the need to enter and exit vehicles frequently, inspect buildings, climb over and around obstacles, suddenly move out of the way of dangers, etc. Mental alertness is very important because of the need to make fine discriminations and decisions concerning subtle cues of impending danger or to discover inconsistencies in witnesses or suspects' testimonies, etc. However, physical and mental demands may change dramatically within a few seconds and tax the maximum of human endurance. Therefore, incumbents must maintain a physical and mental state of fitness and readiness that will enable them to handle (with minimal force and often without backup) recurrent contacts and involvement with dangerous and potentially dangerous people, animals, and equipment.

CAUSE FOR REMOVAL

The incumbent may be removed with or without fault. Economic conditions that cause reductions in work force, the member's inability to attend regularly to work, and a failure to perform competently on any of the essential functions of the position or consistently failing to perform competently on regular tasks are among the major reasons for job removal without fault. Failures to support the mission, uphold the oath of office, behave in a manner that supports the Law Enforcement Officer's Code of Ethics, continually comply with preconditions for original employment, or display due regard for the civil liberties of any persons; or accruing atypical amounts of dysfunctional work time, or requiring atypical amounts of supervisory counseling or remedial training will lead to removal.

ELM GROVE POLICE DEPARTMENT MEMORANDUM

To: Village Board

From: Jason Hennen, Chief of Police

Date: May 7, 2025

Subject: Proposed Revision to Medical Certification Requirements

Overview

This memorandum is submitted for Village Board consideration regarding a proposed revision to the minimum medical certification requirement for sworn members of the Elm Grove Police Department. The change would modify the current standard—Emergency Medical Technician (EMT) certification—to allow for either Emergency Medical Responder (EMR) or EMT certification.

The revision would apply to the job descriptions for the following classifications:

- Patrol Officer
- Detective
- Sergeant
- School Resource Officer (SRO)
- Lieutenant
- Assistant Chief

Additionally, during the upcoming collective bargaining cycle, I anticipate formal proposals to create contract language supporting a differentiated incentive structure for sworn personnel based on the medical certification level they obtain and maintain after hire.

Background

As outlined in the attached memo from Dr. Jon Robinson, EMS Medical Director, Elm Grove's long-standing model of EMT-certified police officers has delivered strong results in terms of emergency response times and patient outcomes. However, changes to state protocols and training programs, along with practical hiring challenges, now make a revised approach appropriate.

The State of Wisconsin now permits many essential pre-hospital skills—such as airway management, suctioning, oxygen delivery, and intranasal Narcan—to be performed at the EMR level. This change allows the Village to preserve its commitment to timely and effective care while reducing the certification burden on officers.

Justification for Revision

- Recruitment and Retention: EMT certification requirements are increasingly seen as barriers to entry for qualified police candidates.
- Training Load: EMR requires 72 hours of initial instruction versus 160 hours for EMT. Refresher training is also lower.
- Medical Oversight: Dr. Robinson has confirmed that the proposed EMR model will maintain the current standard of care in critical response situations.
- Cost Efficiency: The EMR model provides long-term financial and logistical benefits without reducing service quality.

Anticipated Collective Bargaining Language

While no immediate wage impact is proposed, I anticipate that EMT and EMR certification incentives will be formally addressed in the upcoming labor agreement negotiations. The purpose of this structure would be to recognize the added value and training commitment associated with maintaining medical certification beyond hire.

Requested Action

I respectfully request that the Village Board:

1. Approve the proposed revision to the job descriptions of all sworn classifications listed above, establishing EMR (or higher) as the new minimum required certification.
2. Acknowledge that EMT/EMR certification incentive pay is likely to be subject to formal negotiation during the upcoming labor cycle.
3. Authorize the revised job descriptions to be forwarded to the Police and Fire Commission for review and recordkeeping, per Wis. Stat. § 62.13(4)(c)-(d).

Jason R. Hennen
Police Chief

To: Jim Koleski, Village President
Tom Harrigan, Village Manager
Jason Hennen, Police Chief

From: Jon Robinson, MD, EMS Chief and Medical Director

Re: Proposed changes for the EMR (Emergency Medical Responder) level within Elm Grove EMS and Police Department operations

Date: 5/6/2025

Proposal

1. Approve a new EMR (Emergency Medical Responder) level within the current Elm Grove EMS WI State Operations Plan
2. Approve a change in job description for Elm Grove Police from:
 - a. Having, or having to obtain, a minimal requirement of a WI State **EMT** license, to
 - b. Having, or having to obtain, a minimal requirement of a WI State **EMR** license.
3. Allow any EG Police officers who wish to retain their current EMT license to continue the current and future recertification trainings as required by State law.
4. Officers who wish to drop to the EMR level will be allowed to recertify at the EMR level when, or before, their current EMT license expires.
5. The new EMR certification training program will be done in conjunction with WCTC, with the first training program running from Oct 19, 2025 to Dec 16, 2025.
 - a. This course will be “open enrollment”, allowing a limited number of students not affiliated with Elm Grove PD or EMS to also participate.
6. The Elm Grove EMS Medical Director will update, and have approved by the State, it’s WI EMS Operations Plan to include these new optional skills for the EMR personnel.

Background

Levels of EMS Responder and Practitioner Levels (see attachment)

Key to Emergency Medical Responder and Practitioner Levels	
EMR	Emergency Medical Responder
EMT	Emergency Medical Technician
AEMT	Advanced Emergency Medical Technician
INT	EMT-Intermediate
PARA	Paramedic
CCP	Paramedic with Critical Care Endorsement for Inter-Facility Transport (IFT) Only

Elm Grove has transitioned from an EMT (Basic) level service in the 1970s to a Paramedic level service currently. Additional skill sets are also provided by RNs and MDs associated with the

service. Of note - Elm Grove Police are all licensed EMTs, which is extremely unique for police departments.

Elm Grove EMS started as an entirely volunteer service and has transitioned over the years to the current paid on-call service. Members are expected to respond to the Station within 5 minutes. They have the option of utilizing sleeping quarters in the Station if they primarily reside outside the expected response time.

Why are Elm Grove Police EMTs currently?

In the early years the EMR and AEMT levels did not exist. Further, the State of WI did not allow many advanced skills such as defibrillation at the EMT skills level. They were reserved initially for a paramedic level services. This, fortunately, has changed (see attachment). Over the years with continuing research and field experiences WI has progressively allowed moving some skills to lower level providers because of the safety record and/or medical necessity.

As we are all aware, there are certain medical emergencies where time to stabilizing care is critical. For example, with cardiac arrest cases the chance of survival after a witnessed arrest drops by about 10% per minute post arrest. This would have meant that given a response time to the station of up to 5 minutes, followed by 3-4 minutes to get to the scene, the chance of survival for our citizens would be 0-10%. I found this unacceptable.

We had 2 options in the early years:

1. Change to a full-time, in quarters, EMS department. The estimated cost to the Village for this would be very costly.
 - a. Likely be \$1.5-\$2M vs ~\$350K for our current paramedic level service.
2. Once WI allowed EMTs to administer these advanced skills (e.g., defibrillation), train our police officers to the EMT level and them to provide these critical skills given their extremely short response times. Contractually the officers were offered \$3000 per year each for training to, and maintaining, this EMT level.

Obviously, we chose to train our police officers, and they graciously accepted.

Our system has worked out very well over the years. Our statistics rival the best in the nation. Many lives have been saved due to the very timely administration of these advanced emergency skills by our officers with ongoing supportive care by the EMS service paramedics. It has also remained very cost effective.

Why the proposed change to the EMR level for our police officers?

The police department is losing otherwise qualified officer candidates due to the current Elm Grove requirement of obtaining EMT certification. Again, most other police departments do NOT require this additional certification.

Now that the State of WI has developed the EMR level and is allowing many of the advanced skills to be provided at that level it makes sense to explore this possibility in order to ease police hiring and reduce initial and ongoing costs.

Currently training hours for noted level are:

EMR training 49-80 hours for license, ongoing 18 hours refresher every 3 years

EMT training 120-150 hours for license, ongoing 30 hours refresher every 3 years.

Officers are having to obtain this schooling while working full time as an officer, putting additional burden on new recruits.

Of note - Current EMT course is 1 semester. Starting this year WCTC has made this a 2 semester (full year) course.

Paramedic training, ~1800 hours for license, ongoing 48 hours every 3 years.

Optional skills proposed for Elm Grove EMRs (see attached list for all available skills):

1. Igel Airway insertion (non-visualized airway)
2. Oxygen therapy (delivery) by nasal cannula and mask
3. Suctioning
4. CPR mechanical device (LUCAS device)
5. Seated spinal motion Restriction
6. Splinting – vacuum
7. Medication administration intranasal narcan

This list of skills should cover the same time-critical skills the officer EMTs currently provide.

Financial Impact on the Police Department

To be discussed by Chief Hennen.

Assessment of Medical Impact on Elm Grove

I believe the level of critical EMS service to Elm Grove residents will NOT change with the implementation of the new EMR program as proposed.

Proposed Training Program

1. Example Training program follows.
2. We have already met with WCTC representatives who have preliminarily approved this course.

Waukesha County Technical College EMR Fall 2020 (M/W 1300-1700)

2025 Wisconsin EMS Scope of Practice

Background

[Wisconsin Admin. Code § DHS 110.12](#) states that an emergency medical services (EMS) practitioner or emergency medical responder may only perform the skills, use the equipment, and administer the medications that are specified by the Department of Health Services (DHS) in the Wisconsin scope of practice for the level to which the individual is licensed, certified, or credentialed.

The Wisconsin scope of practice for each certification and practitioner level may be found on the [DHS EMS website](#). The Wisconsin scope of practice for each certification and license level is reviewed annually in consultation with the Wisconsin EMS Advisory Board and the Physician Advisory Committee and published and posted on the DHS website by March 31 of each year.

Below is a quick reference table of emergency medical responder and practitioner-level terms, followed by definitions and additional information to supplement the scopes of practice that follow.

Key to Emergency Medical Responder and Practitioner Levels	
EMR	Emergency Medical Responder
EMT	Emergency Medical Technician
AEMT	Advanced Emergency Medical Technician
INT	EMT-Intermediate
PARA	Paramedic
CCP	Paramedic with Critical Care Endorsement for Inter-Facility Transport (IFT) Only

Required (R) Skills, Equipment, and Medications

All skills, equipment, and medications designated with an “R” at a certification or license level are required for that level; these core skills ensure equal access to EMS care across the state. All “R” skills must be submitted as part of the EMS Service Operational Plan and approved by DHS.

Optional (O) Skills, Equipment, and Medications

All skills, equipment, and medications designated with an “O” at a certification and license level are optional advanced skills for that level based on the needs and resources of a community. These optional skills must be submitted as part of the EMS Service Operational Plan and reported to DHS through the designated electronic reporting tool for approval.

Emergency Medical Responder Certification Level

For the EMR certification level, any DHS-approved “O” skill is considered an Advanced Skill and must be reported in a patient care report and submitted to the Wisconsin Ambulance Run Data System (WARDS) as outlined in [Wis. Admin. Code § DHS 110.34 \(8\)](#). All other EMS practice levels are required to report both “R” and “O” approved skills in a patient care report submitted to WARDS.

Certification and License-level modifications

Items designated with a footnote are modified for the indicated practice level by the conditions contained within the footnote at the end of that section and have specified requirements.

PART A: Scope Of Practice for 911 EMS Practitioners and Emergency Medical Responders

I. Skill—Airway, Ventilation, Oxygenation

I. Skill—Airway, Ventilation, Oxygenation	EMR	EMT	AEMT	INT	PARA
Airway—Nasopharyngeal	R	R	R	R	R
Airway—Non-visualized (an extraglottic device inserted without the need to visualize the vocal cords). If a non-visualized airway is inserted, the use of end-tidal CO2 detection (capnometry or capnography) to confirm safe device position and effective ventilation is mandatory.	O	R	R	R	R
Airway—Oropharyngeal	R	R	R	R	R
Airway Obstruction—Manual Dislodgement Techniques	R	R	R	R	R
Airway Obstruction—Dislodgement by Direct Laryngoscopy		R	R	R	R
Bag-Valve Mask (BVM)	R	R	R	R	R
Chest Decompression—Needle				R	R
Chest Seal—Vented Preferred	O	R	R	R	R
CO Monitoring	O	O	O	O	O
Cricothyrotomy—Surgical or Needle					R
End Tidal CO2 continuous monitoring device for ongoing ventilation status and metabolic clinical decision-making	O	O	O	R	R
End Tidal CO2 detection device required to confirm safe device position and effective ventilation if any non-visualized airway device, endotracheal tube, cricothyrotomy device or tracheostomy tube is used by an EMS provider	R	R	R	R	R
Gastric Decompression with Advanced Airway	O	O	O	O	R
Intubation				O	R
Intubation—Rapid Sequence Induction					O
Manual Airway Maneuvers	R	R	R	R	R
Non-Invasive Positive Pressure Ventilation		O	R	R	R
Oxygen Therapy—Nebulizer	O	R	R	R	R
Oxygen Therapy—Nasal Cannula	O	R	R	R	R
Oxygen Therapy—Non-Rebreather Mask	O	R	R	R	R

I. Skill—Airway, Ventilation, Oxygenation (cont'd)	EMR	EMT	AEMT	INT	PARA

Re: Action Required: Formal Approval of Paid-on-Call Incentive & Training Pay Policy

Dear Members of the Administrative and Personnel Committee,

Paid on call for active-duty company members will include participation and performance incentives. The increase of taking an unassigned shift opening to ensure staffing will increase to \$35.00 per shift From \$25.00 per shift. Trainings are now being proposed at \$30.00 per training. Previously, there was no

compensation for training attendance. During the 2026 budgeting process, these performance incentives

were projected to cost \$35,000 to the paid-on call budget line item.

This incentive program is being proposed in effort for the Elm Grove Fire Department to improve participation and membership activity. Although the funding for this incentive program was approved in the

2026 operating budget the administrative and personnel committees being asked to take formal action to

memorialize this new policy.

I appreciate your consideration

Brian Naylor
Fire Chief

DISCLAIMER – THE FOLLOWING ARE DRAFT MINUTES FROM THE FINANCE & LICENSING COMMITTEE AND ARE SUBJECT TO CHANGE UPON APPROVAL FROM THE FINANCE & LICENSING COMMITTEE

**VILLAGE OF ELM GROVE
FINANCE & LICENSING COMMITTEE
MEETING MINUTES**

TUESDAY, DECEMBER 16, 2025

1. Roll Call

President Koleski called the meeting to order at 6:15 PM

Present: President Jim Koleski, Trustee John Schindler, Trustee Tom Castile, Mr. Rusty Zosel, Mr. Glenn Schrubbe, Mr. Nicholas Ganos

Also Present: Village Manager Tom Harrigan, Finance Director Brian Lahey

2. Review and Act on Meeting Minutes

**TRUSTEE CASTILE MOTIONED TO APPROVE THE FL 112525 MINUTES AS AMENDED.
TRUSTEE SCHINDLER SECONDED. MOTION PASSED 6-0**

3. Project Updates and Financial Reports

Finance Director Lahey presented the November 2025 financial report in detail, noting that the general fund revenue is currently at 100% of the budget while expenditures stand at 89%. During the presentation, Lahey highlighted that the court system's database issue has been resolved, which will result in a spike in revenue for fines, forfeitures, and penalties in the December report. Regarding the recreation department, he explained that revenue is anticipated to fall right on the budget, while expenses will be over budget primarily due to seasonal wages and credit card processing fees.

In his review of expenditures, Lahey noted that the general government line is over budget, largely driven by \$26,000 in unbudgeted legal expenses. He further explained that December will see an increase in expenses for the court, fire, and solid waste departments due to fourth-quarter entries, while public works expenditures are expected to decrease.

Addressing the ARPA fund, Lahey reminded the committee that there is no current activity because the funds were required to be expensed by 2024. Although the Village operated under the assumption that earmarking funds for a 2025 project would suffice, auditors clarified that a formal contract needed to be in place to extend the deadline.

Village Manager Harrigan informed the committee that the \$8,466,000 developer grant for Caroline Heights is scheduled to be wired on January 6th.

In the EMS accounts receivable roll rate analysis, Lahey reported a total increase of approximately \$7,500 from October to November. President Koleski identified the primary cause of this increase as a \$17,613 rise in Medicare Advantage claims within the 61–90 day category.

Finally, Lahey provided an update on 2025 projects, noting that the SharePoint project was completed on budget at \$4,500. He also reported that an inspection of the fire tower by Collins Engineering determined the roof needs a \$6,000 replacement. Additionally, the \$115,000 repair for the Creek Wood Court culvert, necessitated by the August flood, has been paid. Detailed reviews of road and pathway projects are scheduled for the January Public Works Committee meeting.

4. Review and Discussion of Series 2025A and Proposed 2026 Debt

President Koleski introduced a debt summary for 2026, which outlines the specific components of the upcoming offering and the total anticipated borrowing. He noted that several debt-funded projects originally budgeted for 2024 and 2025 have been deferred to 2026.

Finance Director Lahey provided an update on the Series 2025A debt. While previously approved by the Board of Trustees, the issuance was delayed due to the Underwood Creek daylighting project, which constitutes the majority of the borrowing.

Regarding the refinancing line on the debt worksheet, President Koleski clarified that this primarily pertains to the Gebhardt Road project. The village aims to reduce the current 5% interest rate to approximately 3%. To ensure clarity, Mr. Schrubbe recommended adding notes to the worksheet specifying that refinancing represents existing debt at a more favorable rate, rather than new debt as well as debt proceeds are allocated strictly for capital projects, not operating costs.

5. Review and Act on Vouchers

The Committee reviewed the detailed voucher list as submitted. President Koleski requested clarification on voucher number 13516, payable to the Waukesha County Treasurer for Cloud Nine and Mobile Print services. Finance Director Lahey explained that Cloud Nine is a security system utilized by the library to authenticate members and manage computer usage through one-hour session limits. He further noted that Mobile Print is a service launched in 2023 that enables patrons to print documents from their mobile devices, though standard copier fees still apply.

Regarding the Village's expenditures with United Healthcare, President Koleski noted a payment of \$65,000 and requested that Director Lahey prepare a monthly expense summary for 2025 to provide the Committee with a better understanding of monthly trends. The Committee further requested that staff incorporate all benefit-related expenditures into this report, such as HRA and FSA expenses, to provide a comprehensive view of these costs.

Finally, President Koleski inquired about voucher number 13462 for General Code Publishers. Village Manager Harrigan explained that this vendor updates the Village's ordinance catalog and website following any amendments. To manage costs, staff typically consolidates these updates into one or two requests per year, which include both digital and hard-copy revisions.

MR SCHRUBBE MOTIONED TO APPROVE THE VOUCHERS AS SUBMITTED. TRUSTEE CASTILE SECONDED. MOTION PASSED 6-0.

6. Other Business

President Koleski asked the committee members if they had received the property tax breakdown sheet included with the resident tax bill mailings. While expressing his support for the concept, he recommended a few adjustments to the format. Specifically, he proposed separating administrative

operating costs from capital project expenses to provide greater transparency and clarity for residents.

7. Adjourn

MR. ZOSEL MOTIONED TO ADJOURN. MR. SCHRUBBE SECONDED. MOTION PASSED 6-0.

Meeting adjourned at 6:52 P.M.

Respectfully Submitted,

Brian Lahey
Finance Director

**Village of Elm Grove
2025 Project Summary**

Fund	Budget	Prior Year Expenses	New 2025 Expenditures	YTD 2025 Expenditures	Total Project Costs	Notes
Capital Fund Projects						
General Government						
Computer Hardware, Software, Network	\$ 30,000	\$ -		\$ 30,169	\$ 30,169	Completed
Telephone System	\$ 120,000	\$ 111,064		\$ 2,196	\$ 113,260	Only remaining item is rewiring of the server room which is planned to be completed with the 2026 server replacement project
Village Hall Parking Lot Lights	\$ 103,170	\$ -		\$ -	\$ -	DPW Director Richard Paul Jr. received two quotes from Fonroche. The first, totalling \$103,500, assumes the existing light bases can remain in place. The second, totalling \$187,750, accounts for the replacement of the light bases.
Police						
Patrol Vehicle	\$ 59,570	\$ -		\$ 63,604	\$ 63,604	Project completed. It came in overbudget (\$4,034) due to a change in the squad's design configuration, which made much of our older equipment incompatible, along with some items simply aging out.
Fire						
Turnout Gear and Equipment - 2024	\$ 24,600	\$ 12,861		\$ -	\$ 12,861	The pyro lance unit has been retrofitted and working. Some fine tuning still needs to be completed. The unit will be picked up on February 6th.
Turnout Gear and Equipment - 2025	\$ 20,500	\$ -	\$ 775	\$ 11,105	\$ 11,105	\$6,000 of gear (coats and pants) have been ordered. A replacement door for the fire entrance has been scheduled for installation in Spring 2026 estimated at \$2,800.
EMS						
No Items Budgeted for 2025	\$ -	\$ -		\$ -	\$ -	
Public Works						
Dump Truck with Wing Plow, Spreader, Tarp	\$ 285,000	\$ -	\$ 116,719	\$ 280,078	\$ 280,078	Completed - is planned to be part of the 2026 debt issuance
Sign-Utility Bucket Truck Replacement	\$ 175,000	\$ -		\$ 174,114	\$ 174,114	Completed
Zero Turn Mower	\$ 15,500	\$ -		\$ 13,679	\$ 13,679	Completed
Recreation						
Pool/Splashpad Renovations/Upgrades	\$ 15,000	\$ -		\$ 13,581	\$ 13,581	Pool umbrellas (2), chairs (10), and Custodial Vacuum
ADA Accessible Pool Chair	\$ 16,000	\$ -		\$ 15,620	\$ 15,620	Completed
Comprehensive Outdoor Recreation Plan	\$ 25,000	\$ 5,650		\$ 18,344	\$ 23,994	Completed
Pool Liner	\$ -	\$ -		\$ 39,339	\$ 39,339	10% Down Payment to lock in cost and date of installation. Additional 25% payment due with approved submittals. This item is budgeted in the 2026 5-year capital plan.
Softball Fields Renovation	\$ -	\$ -	\$ 11,100	\$ 11,100	\$ 11,100	This project was originally budgeted for 2026 but during budget workshops was decided to be moved up to 2025 due to the recreation manager leaving and positive fund balance.
Library						
Online Public Access Catalog (OPAC) Replacements (5)	\$ 4,250	\$ -		\$ 3,213	\$ 3,213	Completed
Server Replacement (Cloud Migration)	\$ 5,700	\$ -		\$ -	\$ -	Planned to be completed in 2026
New Equipment						
SharePoint Upgrade	\$ 4,500	\$ -		\$ 4,500	\$ 4,500	Completed
Ballistic Vests (5) + Vest Shell (1)	\$ 4,500	\$ -		\$ 4,326	\$ 4,326	Completed
Traffic Cones (50)	\$ 1,000	\$ -		\$ 1,005	\$ 1,005	Completed
Training Tower Rehabilitation	\$ 5,000	\$ -		\$ -	\$ -	Hired Collins Engineering to complete a physical examination of the structure (\$2,300 Estimate)
Welder	\$ 4,700	\$ -		\$ 4,480	\$ 4,480	Completed
Air Cleaners (2)	\$ 7,650	\$ -		\$ 7,641	\$ 7,641	Completed
Picnic Tables - Beer Garden (8)	\$ -	\$ -		\$ 5,106	\$ 5,106	Picnic table purchase was part of the new beer garden contract. Half of the cost \$2,553 has been reimbursed from Third Space Brewing
Meeting Owl	\$ -	\$ -	\$ 2,048	\$ 2,048	\$ 2,048	Due to the failure of the original Meeting Owl, an unbudgeted expenditure was required to purchase a replacement.
Total Capital Fund Projects	\$ 926,640	\$ 129,575	\$ 130,643	\$ 705,247	\$ 834,822
