

notice to Neighbors of my Intent to rebuild the Garden Shed which burnt down 5-31-2019 with a Shed similar in design and roof line as the one which burnt down , and positioned on my property where for the last 35 years a shed has existed. I need neighbors approval per the Village of Elm Grove. Please sign below showing approval

Dr. Sam Hoke, _____ 13000 Dunwoody Dr.
DR John Van Gilder J.V.G. 13005 Wrayburn
Mrs. Susan Bohan. _____ 13055 Wryburn Rd.
Mr Frank Bastain Frank Bastain 13100 Dunwoody dr.
Andy/Christine Nolan Andy/Christine Nolan 13105 Wrayburn

I addition, I'm requesting a variance to the set back, I would like a 15 foot set back from both the north and east property line, this permits me to locate the shed to where it has been for the last 35 years and nestles it into existing woods which takes it partially out of sight from neighbor to the east, it is completely out of sight from the neighbor to the north who's property is more wooded and filled in. The prior shed blended in with the woods, and was more natural. I would like the same appearance.

The neighbors affected by this change approve of the variance, signed below

Dr. Sam Hoke _____
Mrs Susan Bohan _____
Frank Bastian. Frank Bastain 13100 Dunwoody dr
Dr. John Van Gilder J.V.G. 13005 Wrayburn
Andy/Christine Nolan Andy/Christine Nolan !3105. Wrayburn

Please add to information for 13050 Dunwoody Dr
