Subject: Fwd: proposed Reinders development

Please post this message from our neighbors, Sharon and Atty Tom Smallwood, residents on 940 Katherine for 40 years. It should be listed as "Smallwood Email."

Regards,
Adam Berger

Subject: proposed Reinders development

Sent from my iPad
November 16, 2016

Dear Elm Grove Village Trustees,

We have lived at 950 Katherine Drive for 40 years (1976).

We are opposed to the the current Reinders development plans.

The height and density must be reduced to 125 units and no more than two stories high. Condos would be more appropriate, where the pride of ownership flag flies high.

We expect the trustees to honor the wishes of the residents of this village. So many residents are gone for the holidays and winter. Final plans and discussion should take place when the optimum population is home.

By scaling back the proposed development, pacing every decision with extreme care, and realizing, in the end, those who are pushing for quick decisions simply do not have the overall wishes of their constituents in their heart.

The quality of life in every sense is at stake in our beautiful village.

Sincerely,

Sharon and Tom Smallwood
