Subject: Reindeers Proposal

Mr. Palmer-

I thought I would take this opportunity to let you know that I do not know one individual or family that wants this proposed apartment complex. There have been many open houses, which I understand Wangaard does in order to diffuse a massive group from voicing their dismay with this development, however these are useless as most of us do not or haven't gone, including myself, because these are a waste of time.

In my opinion, what you are trying to do is remove all of beautiful aesthetics that make Elm Grove this wonderful place to live. No one wants the apartments. No one wants the increased traffic flow. No resident wants to help Reinders with a TIF to pay for damage to the land that is his and his alone. We will canvass the neighborhoods of we have to, but this should not happen. If the TIF gets vetoed, so will this project.

Many of us are all in agreement that something needs to be done with that space, but these proposed apartment buildings are hideous and we all look forward to November 29th when we will all voice our opinions. If this is something you are trying to push through, the residents should get to vote.

Best-

Aimee W. Halquist
