

I'm going on record to say, I'm in favor of the development of the Reinders property. Not only would this improve the value and appearance, but would help our property tax base as well as our Elm Grove business owners. A win-win for all of us.

After so much objection to the pathways on Juneau Boulevard, when finally approved, did not detract from the properties, but provided a safe way for the children in the area to get to the park and other activities.

Thank you,
Jaye Redset
Elm Terrace Condos
