Subject: FW: New Newsflash Watertown Plank Road Pathway Extension Open House for Village of Elm Grove

Hi,
Thank you SO MUCH for doing this --- it's long overdue for our community and safety of our kids and many pedestrians that walk/run along Watertown Plank. I'm excited to see this going in and look forward to it being completed like the path along Juneau. I think Highland Drive is also a major issue, as there isn't any shoulder space or room to get out of the way of cars when I see people walking along Highland. Hopefully we'll eventually see a path from Watertown Plank connecting to Juneau for the safety of all.
