Subject: Proposed Underwood Parkway cul de sac

Hello David,

As a resident of Mount Kisco Drive I would like to object to the proposed cul de sac project on Underwood Parkway. My wife and I have 2 young children and we are very concerned about the increased traffic (from village and non-village residents alike) this project will cause on Mount Kisco Drive . We already have a problem with people driving too fast on our road and we are afraid this will only exacerbate the problem.

Furthermore, the memo regarding cul de sac standards you sent out on May 8 states that increased traffic on surrounding streets is a criteria in determining if a cul de sac is appropriate. For the reasons I pointed out above, I believe it is not appropriate in this situation.

Please feel free to contact me with any questions.

Thank you,
Andrew and Margo Multerer
