**Subject:** Proposed cul de sac

To David,

After careful consideration it is my opinion that we should not move forward with the cul de sac. As a resident living on Lilly road, I have personal knowledge of the high volume of traffic that occurs on Lilly road on a daily basis. I believe with the creation of the cul de sac this would increase more traffic on Lilly road from people coming and going into the Underwood Creek subdivision. My vote is no.

Sincerely

Debbie Terriquez

2050 Lilly road
