DOWNTOWN MASTER PLANNING CHARRETTE PUBLIC MEETING OCTOBER 2, 2018
COMMENT CARD

We're new to Elm Grove and can't believe
the village lost the Reinders redevelopment
project. So sad, as we want the downtown
to thrive w/ destination businesses and think
the dense residential would support the businesses.
Walkability + master plan for that badly needed
redevelopment area will ^{help} make the village thrive again.
We want to walk ^{to} downtown but run out ideas of
what to walk to
