

September 19, 2019—PUBLIC OPEN HOUSE

**DOWNTOWN MASTER PLAN PUBLIC COMMENT CARD**

Name: Betsy Havis Walter Address: 15015 Beech  
 I wish to remain anonymous

- ① I do not want Elm Grove widened with multi family units, town houses, or apartments.
- ② I want Reinders to pay to clean up their contaminated soil not the Village of Elm Grove!
- ③ I want Elm Grove Rd. widened with more shoulder and a parking so children can ride their bikes to the library + park safely. A crosswalk (lighted) should be installed.
- ④ I do not want apartments multi family homes on Notre Dame property. Condos are OK because the owners would

(over)

- invested interest in Elm Grove, I prefer single family homes rather than a transient population.
- ⑤ The impact on Tonawanda School would be huge if multi family units were approved. They are already at capacity. Please don't make them divide Elm Grove again and send some to Dixon Schools
  - ⑥ The downtown stores need to change. - I want a card shop, a upscale gift store, better dress shops, better full service restaurants craft stores, the current mix of stores does not draw people to our community. I need shop where at this time
  - ⑦ I do not want apartments on Reinders Property. It is too close to the railroad. I would very much like upscale retail stores. ~~there~~ I also think they need to put a sound buffer between the railroad and the stores. Storage units may serve that purpose but I would position them along the railroad and at the junction where Reinders property meets Kankows property. I do not want them there unless they are attractive, landscaped, and low height.
