Refund Policy

Persons registered for a program which is cancelled by the Recreation Department shall receive a full refund of fees or a credit for a future program, whichever the registrant prefers. Should an opening occur, we will contact people in the order they were placed on the list. If numbers warrant it, another class may be added.

Program Leadership

Qualified, competent leadership is the key to any successful program! The Elm Grove Recreation Department attempts to employ such leaders in all of its programs. Our current instructors welcome the opportunity to discuss participants progress with parents. If you would like your child’s instructor to contact you, or if you feel you are qualified to lead, instruct, or officiate a specific program, please contact the Recreation Department.

Due to the increase in concern for concussions in youth sports, there is now a Wisconsin Concussion Law. The Elm Grove Recreation Department requires all participants to review the Concussion Information prior to registering for programs. Our participant’s safety is our number one concern!

WHAT IS A CONCUSSION?
A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head or body that causes the head and brain to move rapidly back and forth. Even a “ding”, “getting your bell rung”, or what seems to be a mild bump or blow to the head can be serious.

WHAT ARE THE SIGNS & SYMPTOMS OF A CONCUSSION?
Signs and symptoms of a concussion can show up right after the injury or may appear days or weeks after the injury. If an athlete reports one or more symptoms of concussions listed below after a bump, blow, or jolt to the head or body, they should be kept out of play the day of the injury and until a health care professional, experienced in evaluating concussions, says they are symptom free and they are OK to return to play.

SIGNS OBSERVED BY COACHING STAFF:
- Appears dazed or stunned
- Forgetfulness/confusion
- Moves clumsily
- Answers questions slowly
- Loses consciousness
- Shows mood or behavior changes

SYMPTOMS REPORTED BY ATHLETES:
- Headaches or pressure in the head
- Nausea or vomiting
- Balance problems or dizziness
- Blurry vision
- Sensitivity to noise
- Concentration or memory problems
- Confusion
- Feeling sluggish, hazy or groggy

CONCUSSION DANGER SIGNS
In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body they exhibit any of the following danger signs:
- One pupil larger than the other
- Cannot be awakened
- A headache that gets worse or slurred speech
- Convulsions or seizures, repeated vomiting
- Cannot recognize people or places

WHY SYMPTOMS SHOULD BE REPORTED?
If an athlete has a concussion, his/her brain needs time to heal. While an athlete’s brain is healing, they are more likely to have another concussion. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions in young athletes can result in brain swelling or permanent damage to their brain and can even be fatal.

WHAT SHOULD YOU DO IF YOU THINK YOUR ATHLETE HAS A CONCUSSION?
If you suspect that an athlete has a concussion, remove them from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the athlete out of play until a medical professional says they are symptom free and are OK to return to play. Rest is the key to help an athlete recover. Exercise or activities that involve a lot of concentration may cause concussion symptoms to reappear or worsen. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional.

WHY SHOULD PARENTS & ATHLETES BE AWARE OF THIS INFORMATION?
Wisconsin Act 172 relates to concussions and head injuries sustained in youth activities. The law requires all youth athletic organizations to educate coaches, athletes and parents on the risks of concussions and head injuries and prohibits participation in a youth activity until the athlete and parent/guardian has returned a signed agreement sheet indicating they have reviewed the concussion and head injury material. The law requires immediate removal of an individual from youth athletic activity if symptoms indicate a possible concussion. A person who has been removed from a youth activity for this reason, may not participate again until /she is evaluated by a health care provider and receives written clearance to return to the activity.

The Village of Elm Grove and Elm Grove Recreation Department reserve the right to suspend or forfeit pool membership at any time due to dangerous conduct, violations to pool rules, and disrespect towards staff or damage to pool facilities.
Swim lessons at Elm Grove follow a student-centered learning approach. Our swim programs allow participants the opportunity to advance at their own pace. Children will learn water safety, stroke development, personal growth skills, as well as developing values and positive behaviors!

Please review all of the swim lesson information and level description carefully to ensure you enroll your child in the correct level! Swim Lessons are held Monday-Friday.

Fee: $50 Resident, $75 Non-Resident
4th of July Week: $40 Resident, $60 Non-Resident

What are the prerequisites for each level?
The prerequisite for each level is the successful demonstration of skills from the proceeding level. The skills are listed in each level’s description on the next page.

When should I anticipate my child passing into the next level?
We advise you NOT to anticipate your child passing. Swim lessons are not like school and students progress at different rates. It is not unusual for your child to repeat the same level several times. Try not to compare your child with others, instead concentrate on their ability to physically and mentally perform each skill.

Swim Lesson Information
There are no make-up lessons held due to inclement weather. Classes could be canceled due to the following reasons: 1) moderate to heavy rain, 2) thunder or lightning, 3) air temperatures below 65°F, 4) mechanical or facility issues. Every effort will be taken to make decisions on cancellations one half hour before each lesson starting time. Weather can be unpredictable and changes quickly, please call the pool for cancellation information at (262)782-6940.

Parent Observation
Outdoor lessons may be observed from outside the pool fence, parents must stay clear of the immediate surrounding pool deck. Swimmers are allowed on the deck 10 minutes before the start of the class, but are not allowed to enter the water.

The Village of Elm Grove has initiated flood mitigation projects in an effort to reduce the risk of flooding and improve flood risk awareness and preparedness in the Village. Floods are one of the most common hazards in the United States. The effects of floods can be local, impacting a neighborhood or community, or very large, affecting entire river basins and multiple states.

The current Flood Insurance Rate Map (FIRM, floodplain map) for the Village went into effect on November 5, 2014. The FIRM has taken into account the Village’s extensive flood mitigation efforts. The current floodplain maps as well as the current Flood Insurance Study (FIS) are available for viewing at Village Hall and the Elm Grove Public Library located at 13600 Juneau Blvd. You may also view the maps on the Village’s website www.elmgrovewi.org or may be accessed on FEMA’s webpage www.fema.gov. Village staff can assist you in determining if your property is located within the floodplain.

It is important to note that even though individual properties may not be included within the 100-yard floodplain boundary provided by FEMA, there is still a chance that your property may be at risk from flood damage. Homeowners within and outside of the floodplain may purchase flood insurance to protect their homes and their valuables. Insurance is available from the federal government or through a private insurance provider. If you already have flood insurance, check with your insurance provider to ensure that you have insurance on both your home and the contents within it. More information on flood insurance can be found at www.floodsmart.gov.

You can also take steps to reduce the risk of flood damage. These steps include: installing landscaping features to absorb excess water in the ground, directing downspouts away from the home, keeping window wells free of debris, properly disposing of grass clippings and other debris, and grading to direct water flow away from your home. Publications are available at Village Hall outlining various aspects of flooding. Village staff is also available to assist property owners and make recommendations on how to reduce flood risks.

Pictures of past flooding events are available for viewing at Village Hall. If you are interested in looking at photos from the 1973, 1998, 2007, 2008 or 2009 flooding events, please stop by the front desk of Village Hall and ask to view the Flooding Pictures.

For more information please contact Tom Harrigan, Zoning & Planning Administrator at 262-782-6700 or tharrigan@elmgrovewi.org.

2. Once brush has been collected on your street, crews will not return for additional pickups until the next scheduled date.
3. Residents placing brush at the roadside after their last scheduled pickup date will be billed $60.00 per load or fraction of load for the Public Works Department to pick up this brush.
4. All branches must be cut to 6-foot lengths, maximum.
5. Brush must be piled with the cut ends pointed in one direction, parallel (up or down the road) to the street. Logs must be stacked separately, apart from the brush. Brush piled incorrectly, or which is longer than the maximum of six feet, will not be picked up – nor will brush cut by contractors.
6. Brush and leaves may be brought to the Village Recycle Center during specified open hours.
7. Special brush pickups may be arranged by contacting the Village Hall at 262-782-6700. There is a charge of $60.00.
8. Don’t put brush at roadside any earlier than the weekend preceding your scheduled pickup, or later than the Sunday night preceding your pickup week.
