Subject: Mandel - Elm Grove development

Dear Neil,

I am writing to you in support of Barry Mandel's development in downtown Elm Grove. I prefer option number one and I think it will be great for our community. I like that it adds Real estate taxes to our budget as well as adding more customers for our small businesses in town. Also adding city water would be a definite plus.

I have lived in Elm Grove for nearly 22 years, and I live at 12600 Gremoor Dr.

I am a landscape architect and have owned HAWKS NURSERY on Watertown Plank Road for over 27 years. From a design standpoint I think the development would be an true asset.

Sincerely,
Joe Kresl
