Subject: Mandel Project at the Convent

President Palmer,

From the early onset of the Mandel proposal, I was in favor of the project. I feel that the benefits of this real estate transformation outweigh the traffic concerns. I like the fact that this will be of value in bringing water to the city. I also like the added tax base that will be generated. I am certain that the downtown merchants will benefit also. I was very glad to see that the new proposal is much more favourable to existing concerns of many residents. As I have stated in the past, I stand behind the Mandel Project. Elm Grove will benefit because of this.

Thank you very
Mike Wabiszewski
32 year Blue Ridge Blvd, Elm Grove resident
