Subject: Paths as priority!

Mr. DeAngelis and EG village trustees,
Please don't let years pass again before pathways come to fruition in our neighborhoods. The Juneau pathway is an example of a challenging project that has only brought good to Elm Grove. It was worth it- it is well used and brought health and safety to our residents. Even if only segments can be accomplished at a time, we need to get back to connecting our village. My personal wish is for a Highland Dr. pathway-how about WTP to Juneau to start?! My neighbors in Elm Grove will all be echoing the need to get back to developing pathways in the village and sending you emails about this. We know it is topographically challenging and expensive. But it's important for safety and quality of life and absolutely worth it to the people who live here. The kids, the dog walkers, those of us trying to get our steps and fresh air, and the guy running and picking up stray trash-i bet he would love a Highland path and at least he wouldn't get hit by a car while he was bettering our community. Thank you for seeing this through.
Sincerely,
Ryan and Leanne Walz
1075 Highland Dr.
