Hi Dave,

I am a Village resident living on Cascade Drive. It would enhance village life to have a walking paths that connected all parts of the village. And, for me personally, a path on Highland is critical. Those of us on the far west side are so disconnected from the village and don't have the ability to walk around like some of our neighbors. I would like the walking paths to be considered as a very high priority to include:

1. The actual cost of path completion;
2. Make the 3.3 miles of paths completion a budget item; and
3. Set a realistic timeframe to complete this project.

Regards,
