Hi Katy!

It would be so awesome if you'd help support adding additional bike paths around Elm Grove ! The extension of the Watertown Plank Road path last year was amazing for my family from a health, safety and enjoyment standpoint and I'd love to see that offered around the Village.

Accordingly, can you please work to determine the actual cost of path completion, include it in the budget and set a timeline for implementation. I know many residents would help fundraise as well - this is important to our current Village population and our future as well!

Thank you,
Debra Baesemann
