Subject: I support the SSND development submission

Hello fellow residents-

I'm writing to express full support for the SSND development submission that went to the building board yesterday (thank you for live streaming). The proposal respects the history of the campus, history of Elm Grove, is considerate to neighbors and advances our village center forward with additional residents that will shop and play downtown and additional tax base with new property revenue.

I applaud the Village's transparency in this process from day 1; the objective third party evaluation of various impacts (traffic for example); and listening.

Have a wonderful day-
