Subject: Trustees Meeting 08-22-2022

Dear Dave:

From discussions with neighbors and reviewing Village Board of Trustees Meeting Minutes, I understand that the Trustees are looking to potentially hire an attorney to take action against the Village regarding the Mandel Group development of the School Sisters of Notre Dame property.

I am against the Village hiring an outside law firm to investigate the decisions of the previous Board of Trustees. As proposed, this could be an expensive proposition with no limit on legal costs for the Village. In addition, the Mandel Group could possibly sue for an outcome that could cost the Village dearly paying back Mandel's expenses and giving up future revenues for the Village. .

It is not clear what the current board wants to have as an outcome. The community voted and the Mandel Proposal was accepted.

Please communicate to the trustees that I don't condone their reckless actions. I hope the current Trustees, take a second look at proceeding with this ill-advised proposal.

Sincerely,

Dean Johnson
