**Subject:** Opposition to hiring an outside law firm

Dear Dave,

I do not approve of the Village hiring an outside law firm to investigate the decisions of the previous Board of Trustees. This could be an expensive proposition for the Village and could possibly cause an outcome that could cost the Village dearly.

The Developer has a legal contract with the Village that met all of the legal requirements.

I do not understand what the current board wants to have as an outcome.

I hope the current Board will be able to negate their previous action of looking into hiring an outside legal firm.

Sincerely,

Betty Hunter
